Summary of Innovative Plans Features For All Plans Combined by District — Table 2

Calendar Year 2013 — Reporting Districts Only

Innovation	Number of Districts Using
Communicate to employees that healthy behaviors can reduce health benefit costs.	240
Encourage our employees to know their *numbers* (cholesterol, body mass index, blood pressure, blood glucose levels).	238
Include case management and utilization management programs.	217
Know the health risks of our population of employees.	76
Offer a communication plan to target chronic conditions (e.g. diabetes and depression).	228
Offer a focused disease management program.	108
Offer a high-risk maternity program or maternity education program.	205
Offer a Nurse Line service.	243
Offer a website to employees which includes health tools and resources.	276
Offer a wellness program.	252
Offer centers of excellence for high-cost services such as transplants.	211
Offer financial incentives for employees to lose weight.	28
Offer financial incentives for employees to stop smoking.	42
Offer incentives to encourage our population to improve their health.	205
Offer our employees an opportunity to complete biometric screenings.	207
Offer our employees an opportunity to complete health risk assessments.	263
Provide wellness coaching to our employees.	244
Send out wellness newsletters and/or post wellness messages on site.	253
Our district has a benefits strategy that includes improving the health of our employees.	140
Our district has specific health plan goals for our employees.	58
Our health plan administrator/insurer or other third party works with us to find ways to reduce our health plan costs.	260
Our health plan administrator/insurer provides us information on health care cost and trends.	252
To reduce unnecessary health services at least one of our health plans includes a copay for emergency room services.	287
To reduce unnecessary health services at least one of our health plans includes a copay for inpatient hospital admissions.	285
To reduce unnecessary health services our pharmacy program requires higher copays for brand-name drugs where a generic drug is available.	287
We contract with an independent third party to provide wellness services to our employees.	49
We contract with our health plan to provide wellness services to our employees.	228
We have a benefits budget that includes a wellness promotion component.	48
We offer a *consumer driven* health plan with a Health Savings Account.	209
We offer a plan design with a network of providers (hospitals and professionals) and higher benefits for use of in-network providers.	285
We participate in a health plan coalition.	190
We provide incentives for employees to use our wellness programs.	171
We receive health plan performance data from our health plan administrator/insurer.	204

Efforts and Achievements by Carrier
Calendar Year 2013

Carrier	Category	Efforts and Achievements
Carrier 1	**Administrative Cost Reduction**	• Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013 WEA's administrative costs have been under 6% for over 11years. • BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. • WEA Specific – The WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for members with quick turnaround on payments for services.
Carrier 1	**Cost Savings**	• Provider contracting – Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network") • With over 1.9 million members enrolled on a Premera plan, the volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to our Exchange, individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) • BlueCard (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. • Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollee's needs. • Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. • Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. • Member 360 Dashboard – Proprietary tool that uses more than claims to identify members with specific healthcare needs. • Plans include copayments for Emergency Room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, nonpreferred, and specialty drugs.

Washington State Office of the Insurance Commissioner

Efforts and Achievements by Carrier
Calendar Year 2013

Carrier	Category	Efforts and Achievements
		• Programs that monitor controlled medication substances to provide protection for enrollees. • An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Carrier 1	**Customer Service**	• Premera provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers requires less out-of-pocket costs. The website provides educational information about wellness programs and their plan benefits. • Premera does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. • "Ulysses Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. • Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. • The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for the enrollees. This provides additional support to the district as well as direct support to their employees. • Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions.. • Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollee/designated representative and/or their provider.
Carrier 1	**District Management of Health Plans**	• Premera passed on lower increases to dependents than to employee only tiers for the past three years for all school district business. • Premera added lower cost options, such as the HDHP, that have lowered premiums for all school district plans. • Premera provides a website with access to information about the employee's benefits – this includes a cost estimator

Carrier	Category	Efforts and Achievements
		which helps enrollees determine which providers require less out of pocket costs. The website provides educational information about wellness programs and their plan benefits. • Premera does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. • Premera has "Ulysses Learning™" which leads to first call resolution and a higher level of overall satisfaction from enrollees. • Premera's "Lean" workshops include Customer Service, Claims and Billing and Sales and Marketing processes which we continue to focus on in order to improve the enrollee experience. • In addition, Premera has: • Patient-centered medical home program enabled enrollees to select a clinic at which they received their non-emergent health care without having a copayment. • BlueCard national network of providers and international network via BlueCard Worldwide • Integrated Utilization management that work with members and providers across the care continuum, focused disease management program for lung and breast cancer as well as high-risk pregnancy. • The ability to arrange biometric testing for employees. WEA Select Plans: • Year-round service for members and districts is available for enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits, the plan choices, network status, special enrollment rights, etc. Premera works to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. • WEA Select Plans added a lower cost option (EasyChoice) that has a lower premium and many first dollar benefits.

Efforts and Achievements by Carrier
Calendar Year 2013

Carrier	Category	Efforts and Achievements
		• WEA has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. The input from the enrollees has assisted the WEA in developing benefit revisions to their plans. • Leave of Absence coverage for up to 18-months • Coverage during a Labor Dispute • Coverage for those affected by a Reduction in Force • Semi-annual newsletters are sent to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. • Meetings to assist payroll and HR with plan information, updates, education, etc.
Carrier 1	**Part-Time Employee Coverage Protection**	• Premera's WEA Select plans have provided access to coverage for part time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked providing that the employer is contributing towards the cost of the medical plan • When a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. • All Premera school district options include lower cost options to help mitigate overall renewal increases.
Carrier 2	**Administrative Cost Reduction**	Health plan systems replacement - Group Health focused our 2013 systems efforts on our existing technology, making needed improvements to Premier and other legacy systems in order to meet federal, state, and industry guidelines and continue to provide the best service to our customers. In 2014, we are turning our attention to researching long-term technology solutions that will support current industry best practices and are flexible enough to adapt to the changing needs of the health care market. We recently implemented a new care management information and workflow system and customer relationship management tools. Streamlining our management structure - This ongoing work involves setting standards for management roles and examining variation in our management structure.
Carrier 2	**Cost Savings**	We work closely with the client to find the right benefit designs and network options and integrate them with our own

Carrier	Category	Efforts and Achievements
		delivery system to ensure that the group can maximize cost controls. We offer patient-centered care that promotes collaboration between physicians, specialists, and other members of the health care team. We empower employees to improve health through cost effective care management, wellness solutions, and occupational health services. All of these can result in a more productive workforce and lower overall costs. In order to ensure claims timeliness and accuracy, we have online systems that catch inappropriate billing, review coding, identify duplicate billings and COB/subrogation opportunities. We perform pre-payment review of high dollar claims and post-payment audits. In an effort to improve health care quality and reduce clinical cost trend in high-cost areas such as: emergency department (ED) visits, hospital inpatient (HI) days, and skilled nursing facility stays, Group Health developed new standardized work processes to ensure the use of evidence-based strategies in emergency rooms, hospitals, post-hospital transitions, nursing homes, and palliative care settings. As part of these standard processes, Group Health clinicians assess the full range of patients' needs as soon as they enter the hospital or emergency room. ER staff consult with Group Health's on-site hospitalists to evaluate patients' symptoms, review their electronic health records, and determine whether they need to be admitted to the hospital or whether their conditions can be treated safely and more effectively in other settings (e.g., in rehabilitation or long-term care facilities, or at home with home health care services). If hospitalists and ER clinicians believe patients can be treated more effectively outside the hospital, they contact a Group Health physician and a health plan staff member designated as the patient resource - both of whom are on call 24/7. The patient resource staffer confers with patients and their families to discuss the options, checks patients' benefits, and helps arrange safe placement in care facilities.
Carrier 2	**Customer Service**	All new Customer Service Representatives receive six weeks of formal classroom training on how to handle member calls regarding claims, benefits, eligibility and referrals. They will learn how to access this information using our internal systems. Directly after the formalized training we begin a four-week mentoring program, which provides one-on-one assistance from content experts. Our knowledge-based system includes scripting and procedures for handling member's inquiries and concerns. Group Health's Quality Assurance Program utilizes call monitoring to measure, manage, and improve the quality performance of individual representatives and the call center overall. Customer Service Representatives calls are randomly recorded and monitored to use them as a performance evaluation tool and determine if representatives are meeting quality standards. To ensure consistency in scoring, supervisors and leads who monitor the calls meet to calibrate on a weekly basis.

Efforts and Achievements by Carrier
Calendar Year 2013

Carrier	Category	Efforts and Achievements
		Monthly we review calls escalated to our leads and misquoted benefits to determine coaching opportunities for each representative. We use our documentation of the reason for the customer contact to identify trends so we can provide scripting, training, and coaching as needed. This is done formally on a monthly basis and informally in our team huddles on a daily basis.
Carrier 2	**District Management of Health Plans**	Group Health's online employer portal, MyGroupHealth for Employers, offers secure, convenient access to the transactional tools employers need to effectively manage their health care benefit programs. You can login to enroll new subscribers and their dependents online, and make changes for your existing employees — adding or terminating dependents, or terminating the entire subscriber record. You can order ID cards with a few simple clicks. The site also features content that helps employers understand the value of Group Health's business solutions for health care.
Carrier 2	**Part-Time Employee Coverage Protection**	We allow access for part-time employees working a minimum of 17.5 hours per week.
Carrier 3	**Administrative Cost Reduction**	As a member of the Blue Cross and Blue Shield Association, BlueCard provides significant savings to Regence employees traveling or residing outside the Regence service area. In addition, Deploying a strategy of smaller, more cost effective, higher quality networks with PCP based selection, will benefit the School Districts and its employees by keeping costs down through collaborative arrangements with key provider systems. In addition, we feel that we are best positioned to work with these key provider entities to enter into exclusive network and product arrangements geared specifically toward the School Districts and its employees. We will also look at different product optoins, including new High Deductible plans. We will continue to streamline our service delivery models to gain additional efficiences and cost saving through investments in technology and people. All customer services functions related to regence School Distict business, are run through one, centralized service center which helps keeps cost down while maintaining dedicated subject matter experts knowledgeable about the products and services delivered to the Districts in order to achieve administrative savings.
Carrier 3	**Cost Savings**	Regence has the highest number of providers “in network” in the state (98%+ of all claims are paid “in network”). We also use Evidence-based medical protocols that allow Regence to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member’s needs. Real-time access to consumer decision-support resources (ie: myregence.com- as described below) to help enrollees understand and direct their health care needs.- Also see Innovations Section (below) for additional ideas for cost savings.
Carrier 3	**Customer**	Regence has a world class website called myregence.com with access to information about the employee benefits – this

Carrier	Category	Efforts and Achievements
	Service	includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. This website has been nationally recognized by the Blue Cross and Blue Shield Association as the template for transparency tools nationwide. All customer services functions related to regence School Distict business, are run through one, centralized service center which helps keeps cost down while maintaining dedicated subject matter experts knowledgeable about the products and services delivered to the Districts in order to achieve administrative savings.
Carrier 3	**District Management of Health Plans**	Regence offers an array of servives and tools to help Districts manage benefits. We start by assigning each District a Senior Account Executive. This person is the strategic liasion between the District, it's broker, and Regence. This individual is responsible to work with the District to help manage benefits, look at plan design options, discuss cost containment services, and to focus on member engagement while directing the appropriate resources from a service perspective. In addition, we offer Real-time access to consumer decision-support resources (ie: myregence.com- as described below) to help enrollees understand and direct their health care needs.
Carrier 3	**Part-Time Employee Coverage Protection**	When a full time employee's hours are decreased, we will work with the member to review other plan options that allow the individual to remain covered on a medical program. We also offer lower cost plan options to help part time employees.
Carrier 4	**Administrative Cost Reduction**	Kaiser Permanente is committed to administrative simplification and responsible stewardship of our assets. In our care delivery model, doctors, nurses, and specialists work collaboratively to provide the right care at the right time, keeping care costs low. Our doctors, hospitals, medical offices, pharmacies, labs, and health plan are all part of one organization. This makes it easier for us to coordinate care for lower costs and better results. In 2014-15, Kaiser Permanente will continue focusing our resources on our care delivery system, internalization, quality and efficiency, while also driving care transformation strategies with a focus on managing complex patients. Our plan includes process improvement and eliminating waste and variation across our operations. We are driving for improvements in primary and specialty care cost per visit. We will place a strong focus on delivering a two hospital system in Portland that is market competitive on a unit cost basis, and improving our position in peripheral markets. Reducing out of network costs is also a key focus. As an integrated health care delivery system we know that we are a more efficient and effective health plan. Further, because our health care teams can share information easily, we are also collectively smarter and this built in collaboration among experts leads to better health care outcomes. Information is shared across the hall and across the state. One shared electronic medical record means every physician, nurse, pharmacist, and other member of the care team can pull up a member's entire medical history, lab test results, and list of prescriptions. The results of our collaborative efforts are clear: • Less likely to repeat tests—our physicians are 12 percent less likely to repeat tests or procedures than physicians at other large practices, lab utilization decreases of up to 7%, and overall decrease of up to 14% in radiology tests.

Carrier	Category	Efforts and Achievements
		• Paper medical record costs - reductions in by as much as 64% • Reducing costly hospital readmissions—one out of five hospitalizations among Medicare patients results in a readmission within 30 days of discharge. We developed a heart failure transitional care program across all our regions that reduced hospital readmission for members with heart failure by 30 percent—saving $12 million and an estimated 410 lives. • Complete information sharing—primary care physicians and specialists can view each other's treatment notes in real time via the member's electronic medical record. This allows for a thorough and accurate exchange of information, which can help keep members healthier. • Higher medical benefit ratio—our April 1, 2014 preliminary medical benefit ratio filing was above the thresholds established by the Affordable Care Act—a minimum of 85 percent of premium revenue for large groups and 80 for small group, individual, and Student Health in nearly every area of the country in which we provide health care coverage. Overall, we operated in 2012 above the threshold for more than 99% of our 9 million members nationwide Key initiatives enabling successful performance were drug utilization initiatives of $25M, Internalization of Kaiser Permanente Care expansion of $20M (i.e. the opening of our Kaiser Westside Medical Center and expanding our Radiation Oncology services), and Medical Management of $8M. Elimination of variability in drug utilization, focusing on appropriately converting patients from high cost brand drugs to generic alternatives.
Carrier 4	**Cost Savings**	The primary ways Kaiser Permanente controls costs are by engaging members to participate in their own health, and by reducing waste—helping healthy members stay healthy and motivating those with unhealthy habits to make positive lifestyle changes, eliminating unnecessary procedures, decreasing unwarranted variation in care and reducing paper costs. Unlike traditional health care providers, we offer a fundamentally different approach to care. Our health plan, doctors, hospitals, medical offices, pharmacies, labs, and more are all part of one organization. Because our doctors are salaried and measured according to how well they raise the bar for member health, our model frees doctors to focus on patients—not the itemization of services or the collection of claims. Their personalized, dedicated approach to member health is supercharged with the incredible tools and information within Kaiser Permanente HealthConnect®. This award-winning system is at the fingertips of every caregiver in every one of our facilities. Our investment in our industry-leading electronic health record (EHR) system is not only our most effective member engagement tool; it also helps reduce overutilization and maximizes information sharing. All Kaiser Permanente providers can securely access this system and view a member's previous test results and other physician notations, which help reduce duplication of lab tests, unnecessary medical visits, redundant utilization of services, and pharmacy errors. In 2013, a comparison of health plans across the United States, AON

Carrier	Category	Efforts and Achievements
		Hewitt reported that Kaiser Foundation Health Plan of the Northwest is the most cost-efficient plan across all markets we serve. Nationally, Kaiser Permanente is 10% more cost-efficient than the average HMO and 15% more cost-efficient than all plans in the markets it serves. We also outperformed other plans in clinical quality, scoring 58% better than the average HMO and 167% better than the all-plan average.The primary ways Kaiser Permanente controls costs are by engaging members to participate in their own health, and by reducing waste—helping healthy members stay healthy and motivating those with unhealthy habits to make positive lifestyle changes, eliminating unnecessary procedures, decreasing unwarranted variation in care and reducing paper costs. Unlike traditional health care providers, we offer a fundamentally different approach to care. We also outperformed other plans in clinical quality, scoring 58% better than the average HMO and 167% better than the all-plan average. Member Engagement We emphasize keeping members engaged and healthy, with a strong focus on prevention. An important way we do this is by offering a broad range of programs to promote good health and encourage members to fully participate in their own health care. We offer comprehensive disease management programs, healthy lifestyles program, health education classes and self-care programs, and decision-support tools that empower consumers. The results of these programs include: • Among participants in HealthMedia Care® for Diabetes online program, productivity increased 5% after just 30 days in the program. Projected savings is several thousand dollars per year per participant. • Care for Diabetes users had A1c numbers that dropped from 7.3 to 6.8, and 90 percent said they are better able to manage their disease

Carrier	Category	Efforts and Achievements
		• Approximately 58% of members participating in the HealthMedia Breathe® program report that they've quit smoking • Of the members surveyed who completed the HealthMedia Balance® weight management program, 56% lost weight after participating for six months• Our asthma management program has shown to dramatically reduce members' acute asthma episodes, Emergency Department visits, and hospitalizations. A National Hospital Discharge Survey found the national rate for asthma-related hospital admissions was 12.5 per 10,000 admissions; our rate was less than half of that, 5.4 per 10,000 Provider Engagement Our physicians and other care providers work as a team within a health care model that frees them to focus on patients versus the administrative demands of private practice including profitability. You get the most out of your health care dollars because doctors are focused on delivering better care. • Improving physician productivity and efficiency to increase capacity without increasing costs by: o Making the best use of registered nurses, nurse practitioners, physician assistants, medical assistants, case managers, and clerical staff in panel management, administrative tasks, and patient care o Providing evidence-based clinical practice guidelines, decision-support tools and prompts, electronic alerts, and electronic prescribing support at the point of care to eliminate redundancies, save time, and make it easier for our physicians to provide quality care • Reducing unnecessary office visits and follow-up appointments so that physicians have more time to see the members who really need to see them by: o Providing 24-hour nurse advice to help members determine if they need to see their physician o Developing clinical guidelines that enable the provision of standardized care by phone for select common conditions such as urinary tract infections o Alerting members and their physicians to any needed preventive services—such as Pap tests, mammograms, vaccinations, and laboratory tests—so that they can be taken care of in the same visit when possible

Carrier 4	Customer Service	o Offering members extensive self-care educational resources Member, patient, and customer perceptions, experiences, feedback (comments and complaints) and requests drive Service Quality improvement initiatives for our Membership Services. One of the pillars of our Operating Plan is "People and Culture" with a vision to create a culture of high performance that epitomizes partnership and mutual support with a focus on care and service to members. With this vision come four goals and the aspiration of having a flexible, agile, empowered work force. Performance is measured by the People Pulse work unit index defined by specific measures. To meet these goals we have implemented a number of service and care experience initiatives in the areas of service behavior standards, recognition, environmental improvements, performance management, satisfaction data literacy, leadership education and consultative team support. Ownership and accountability for work environment satisfaction reside in every individual but are emphasized in the accountabilities of leaders. Outcomes Measurements & Benchmarks We are committed to measuring and tracking the satisfaction of our members so that we may continue to improve the quality of care and service we provide. We conduct various internal surveys as well as participate in the National Committee for Quality Assurance's (NCQA) Consumer Assessment of Health Plans Survey (CAHPS) to evaluate member satisfaction with health care and service. The results of both internal and external surveys are disseminated throughout the organization and are used to monitor performance and target areas of improvement. We participate in the annual Consumer Assessment of Health Plans (CAHPS) Study and consistently meet or exceed regional and national averages on a broad range of survey questions pertaining to member satisfaction with the Health Plan, Plan physicians, member services, and access to care.
Carrier 4	District Management of Health Plans	We engage with each district to provide personalized service and consultation that fits the district's preference. We provide extensive reporting that analyzes plan utilization and demonstates the value and cost savings achieved through our integrated care. We provide consultation on industry trends, product innovations, workplace wellness strategies, and benefit plan design options. We are available for member education events regarding health plan benefits, as well as wellness events. Our goal is to make it easy for the district's employees to engage in their health at home, online and at our facilities. This is our all-inclusive approach that saves the district money, which supports the school's budget, as well as the health and well-being of their empoyees. Other achievements include Kaiser Permanente sponsoring the Thriving Schools program which is a comprehensive, multi-

Carrier	Category	Efforts and Achievements
		year effort to support the health of students, staff and teachers in the communities that KP serves. Priority areas for Thriving Schools include promoting healthy eating, encouraging physical activity, supporting social and emotional health and creating a healthy school environment. In order to meet our goals, KP partners with several community organizations: The Alliance for a Healthier Generation is recruiting districts and schools to their Healthy Schools program designed to create a healthy school environment. Longview School District has signed up to participate. This year Playworks has provided training to 60 adults to lead active play in 7 schools in the Evergreen School District. In May, 17 schools in Clark and Cowlitz County have signed up to participate in the Spring Fire Up Your Feet campaign that encourages staff, students and their families to be physically active before, during and after school. For the Fall, 2013 challenge, 12 schools had signed up. Kaiser Permanente's Educational Theatre Production, The Pressure Point!, was hosted in 33 schools in Clark and Cowlitz County engaging 5,256 kids and 255 adults in making healthy life decisions. The School Based Health Alliance's Hallways to Health program expands the role of school based health centers in advancing obesity prevention and social and emotional health. Washington Middle School School Based Health Center in Seattle is part of the learning collaborative supported by Kaiser Permanente.
Carrier 4	**Part-Time Employee Coverage Protection**	Benefit eligibility is determined by the group and we are happy to accommodate covering part-time employees.
Carrier 5	**Administrative Cost Reduction**	UnitedHealth Group has been executing on a plan to reduce run-rate operating costs by $1 billion and derivative medical costs by $2 billion through the application of improved payment integrity. The targeted savings come from five principal categories: * Quality. Eliminating waste and improving core operating process performance. * Automation. Reducing manual processing by leveraging technology. * Integration and Modernization. Advancing a more integrated, simple and modern processing environment, including significant cost savings from decommissioning legacy acquired and redundant platforms.

Carrier	Category	Efforts and Achievements
		* Procurement and Sourcing. Cost reductions related to optimizing procurement and sourcing. * Payment Integrity. Medical cost reductions from improving payment accuracy and from various program integrity offerings and other initiatives to reduce improper billing and payment. These initiatives, along with other ongoing productivity initiatives, are key to achieving our target of reducing our operating costs and medical costs associated with clinical billing practices over the long term. We have far exceeded our initial goals and have line of sight to substantial additional savings in 2014 and beyond with particular focus on advancing automation, achieving next stage integration, improving the effectiveness of our clinical operations and further advancing our payment integrity efforts. Overall we expect productivity efforts to improve our operating cost ratio on an equivalent business mix by an average of 20 to 40 basis points per year over the next several years. We also believe that helping our members get the best care is the best way we can address cost. By utilizing a comprehensive range of tools and resources, our strategic account management team (AMT) will work with you to design customized solutions. Your priorities provide the framework to guide the process. Here are some examples of how UnitedHealthcare is leading the industry in addressing medical costs, while at the same time promoting the health of our members: ENHANCING QUALITY ACROSS THE ENTIRE SYSTEM By building on our provider relationships and centering our efforts on the best providers, we have achieved a broad national network that is the largest, individually owned network in the nation. But the data is clear that there are differences in the way individual physicians and hospitals deliver care, and these differences result in wide variations in both the quality and cost of care delivered to consumers. Building on this knowledge, we support health care professionals with the right tools, such as the best available scientific guidance and performance feedback. To enhance and incent high-quality, efficient health care in our networks, we offer the UnitedHealth Premium program to all of our customers and members at no additional charge. HELPING PEOPLE THROUGH TAILORED CLINICAL SOLUTIONS

Efforts and Achievements by Carrier
Calendar Year 2013

Carrier	Category	Efforts and Achievements
Carrier 5	Cost Savings	Our organizational mission is to help people live healthier lives—to identify opportunities to improve their health earlier rather than after a medical event. Our goal is to be able to identify members with health risks sooner, help them keep chronic conditions under control and have more information about that individual available to us when they need our help. Through our eSync technology platform, we are able to integrate data from numerous sources, such as medical and behavioral health claims, pharmacy data, lab results and health assessments. This means we can create a whole-person view of each member to get a clear picture of his or her health status. eSync then helps us identify opportunities for intervention before a major health event occurs. Intervening early can influence as much as half of overall costs. We designed our claim system specifically to control costs, prevent payment of non-covered services and protect from fraud and abuse. COST CONTROL FEATURES *Secure, tested load of the benefit plan for online benefit calculation * Online eligibility determination * Online coordination of benefits detection and calculation * Online duplicate detection * Online deductible and out-of-pocket calculations * Online application of negotiated rates * Online utilization review and calculation FEATURES INTENDED TO PREVENT PAYMENT OF NON-COVERED SERVICES * Secure tested load of the benefit plan to include non-covered services * Online medical guidelines that can specifically indicate non-covered procedures * Complete quality review to focus on non-covered services * Complete training of specialists about coverage specifics PROTECTION FROM FRAUD AND ABUSE * Online security module to prevent unauthorized access to the claim system or payment beyond authorized limits * National physician and other health care professionals file unit to prevent loading a physician or other health care professional into the claim system until completion of detailed investigation * Anti-Fraud and Recovery Solutions (AFRS) a comprehensive program designed to limit the impact of abuse and fraud for customers and for us * A comprehensive training and fraud awareness program used to train transaction teams, underwriting and customer service representatives to identify potential fraud issues * Designated transaction center and health plan staff throughout the country who works with AFRS to detect and prevent inappropriate medical benefit payments resulting from abuse or fraud

Carrier	Category	Efforts and Achievements
		* A clinical prospective review program that uses internal flags to review suspect claims prior to payment * A recovery team that investigates possible overpayments related to abuse and fraud and recovers funds lost through those practices * A compliance program that ensures adherence to local, state and federal laws related to potential fraud matters and how they are handled HOSPITAL BILL AUDITS Our hospital audit vendor receives a monthly claim payment extract for inpatient and outpatient claims that exceed $10,000 in billed charges. The vendor runs those claims against its database and selects those that are candidates for audit. Selection is based on diagnosis, type of services rendered and previous billing history with a facility. In an up-front review of the claim information against a copy of the hospital bill, the audit vendor may detect a hospital billing error. Other claims may be subjected to an in-depth review of all charges against the hospital's medical records. This is referred to as a line-by-line review of billed charges. Our vendor will schedule and complete the audit. The vendor collects the refund, deducts its fee for services and sends the net refund amount to us. The fee is contingent upon recovery. HIGH-DOLLAR CLAIM NOTIFICATION PROCESS The high-dollar claim notification process notifies various business areas and the customer, as appropriate of high-dollar claims. It includes an additional operational review of claim payments of $250,000 or more before the payment is released, and payment notification at the $250,000 level. Designated representatives from the production (claim) department's Development and Standards, and Quality organizations ensure that benefits are paid according to existing policies and procedures, and audit the claim using established audit criteria. After this review, an Operations High-dollar Claim Review Committee reviews the proposed claim payment to confirm that claim payment is reasonable and accurate according to benefit plan guidelines, contracts with physicians and other health care professionals, industry guidelines and our reimbursement policy. Online claim payment information is always available through Employer eServices. OVERPAYMENT RECOVERY We have a comprehensive internal recovery program. In addition to our team of employees dedicated exclusively to recovering overpayments, we can recover overpayments from physicians and other health care professionals by offsetting future payments. To supplement our internal recovery efforts, we use a number of vendors to maximize recovery. Recovered dollars are returned to the customer's bank account. CREDIT BALANCE RECOVERY Credit balance recovery is a component of overpayment recovery performed by an external vendor. Credit balance recovery is performed by AIM Healthcare, part of OptumInsight, a UnitedHealth Group company. AIM performs on-site reviews of positive balances or credits existing on customer accounts and is responsible for identifying,

Carrier	Category	Efforts and Achievements
		validating and recovering the overpayments on our behalf. AIM retains a percentage of the recovered amount as reimbursement for the cost of this service. COORDINATION OF BENEFITS During enrollment, we ask for other coverage information for both employees and their dependents. We load this information into our claim system. Then, if during claim processing, an indicator states that other coverage is applicable to any dependent, our system denies that dependent's claim and requests a primary insurance statement for the dependent. We request an update to other coverage status every 12 months unless there is an indication of other insurance present. If complete coordination of benefits (COB) information is not provided on the enrollment application, we may send an inquiry letter or call to the member requesting the information we need. NETWORK SAVINGS We offer our customers and members three levels of reimbursement programs. While our traditional discounts save expenses on network services, we also have two non-network strategies that lower the costs of non-network and out-of-area claims. We offer our customers and members three levels of reimbursement programs. While our traditional discounts save expenses on network services, we also have two non-network strategies that lower the costs of non-network and out-of-area claims. FIRST TIER - TRADITIONAL DISCOUNTS Our traditional networks are broad with easy access and benefit designs that encourage members to use our network services whenever possible, resulting in the highest possible claim savings. Our contracting process capitalizes on both our national strengths and our local market knowledge and expertise to achieve our national network goals. Our contracting efforts are designed to: * Increase access by maintaining a large number of physician and other health care professionals in a variety of specialties * Establish positive and supportive physician relationships that promote delivery of quality health care to all of our members * Reimburse physicians only for those services actually rendered and only for services that are medically appropriate * Achieve the most favorable price through fixed, negotiated rates SECOND TIER - PHYSICIAN SHARED SAVINGS PROGRAM The Physician Shared Savings Program (SSP) makes up the second-tier level of discounts in our discount program by enhancing our traditional participating network. It includes both wrap network discounts and claim-specific negotiations. We have contracted with Multiplan, First Health Group, Viant and other non-logo networks, which have thousands physicians contracted nationally for vendor wrap. SSP discounts can apply regardless of the member's benefit level. This means that SSP may apply to non-participating claims, including radiology, anesthesiology, pathology and laboratory services (RAPL), regardless of benefit level. Through these programs, a discount may be applied when a member accesses a wrap network physician.

Carrier	Category	Efforts and Achievements
		ADVANTAGES TO EMPLOYERS * The programs are easy to administer. Discounts are automatically applied when a claim is processed and are noted on the member's explanation of benefits (EOB), eliminating any need for employer intervention. * Plan changes are not required. ADVANTAGES TO MEMBERS * Members who receive services from these programs benefit from reduced coinsurance dollars for their discounted fees. * Physicians and other health care professionals participating in the SSP vendor's network are prohibited from balance billing members when their contractual discount is taken (^). * Members will not receive a separate SSP provider directory, but electronic access to the SSP vendor directory is available to the member through myuhc.com. Savings are applied post-service when an SSP physician or other health care professional has been used. * Easy-to-read billing identifies when an SSP physician and other health care professional was accessed that resulted in cost savings. * Special claim forms are not required when a member accesses the SSP physician or other health care professional. (^) There may be situations in which the SSP providers are not paid per the SSP, but are instead paid like other non-network providers. In such cases, the member's out-of-pocket cost will be the same as if discounts were not available through the SSP THIRD TIER – MAXIMUM NON-NETWORK REIMBURSEMENT PROGRAM In addition to our SSP program, our Maximum Non-Network Reimbursement Program (MNRP) offers yet another alternative to help reduce the impact of rapidly rising, uncontrolled non-network expenses. Instead of basing non-network reimbursement on uncontrolled, charge-based prevailing fees, we reimburse plan expenses according to standards established by the federal government (such as Medicare). Members retain the freedom of choice to access either network or non-network health care services, but realize they may carry a more significant financial responsibility when using non-emergency, non-network services, thereby creating a member incentive to use our broad, discounted network. Under this approach: * Reimbursement for non-emergency, non-network physicians and other health care professionals including non-network facilities is based on a percentage of the published rates allowed by Medicare for the same or similar services. These standards are cost-based payment methodologies established by the Centers for Medicare and Medicaid Services (CMS). Medicare's payment methodologies are widely understood and accepted by physicians and other health care professionals. * The program applies only to non-emergency services that are provided by non-network physicians and other health care professionals including non-network facilities. However, it does not apply when non-network services are coordinated and approved by UnitedHealthcare as covered network services, or to any other non-network services that are considered payable as a network benefit. * If no Medicare rate exists for a particular service, then the eligible charges will default to 50 percent of billed charges.

Carrier	Category	Efforts and Achievements
		* This program can be administered alongside our SSP, with the Medicare-based reimbursement levels applying only where savings are not obtained under that program. We make information available in a variety of ways to assist employees in understanding how the program works. This includes written consumer materials, conversations with customer service representatives, consumer activation messaging on health statements and information on myuhc.com. RESULTS SHOW MNRP WORKS For employers with MNRP, the rate of total cost trend on average slowed 1 percent to 2 percent within the first year. We expect additional savings beyond the first year. These savings can be attributed to a combination of change in employee behavior from non-network physicians to network physicians, and to lower reimbursement to non-network physicians. For employers who experience high non-network utilization, savings can be significantly higher. This program is not only reducing the impact of escalating non-network cost trend, but is also encouraging physicians to join our network. It is just one more component of our commitment to providing practical, affordable products and services, along with extensive network access to quality care.
Carrier 5	**Customer Service**	We like to keep things simple. So we offer members an array of easy ways to learn more when they have questions: mobile apps, educational websites, communications and digital newsletters. Available 24 hours a day, seven days a week, mobile devices help us meet our members where they are, in location and in functionality. Members and their families can make their health care decisions faster, easier and more conveniently than ever before with several mobile capabilities. The mobile version of myuhc.com provides links to the most common features accessed on myuhc.com using a Web optimized browser view. Our mobile application, Health4Me, provides instant member access to health care information, the nearest physician, the status of a claim, treatment costs or to speak directly with a nurse or have a representative call back. Our member tools and mobile applications are integrated and access our core systems – the same systems accessed by member services and clinical staff. In 2013, members made 8.9 million transactions via Health4Me, accessing information and support whenever and wherever they needed it. Because we’ve dialed up our communication options to meet changing service patterns, we’ve been able to dial down our CSR to member ratios, yet still earn high satisfaction levels. It helps that we’re also good at answering questions correctly the first time, provide EOBs that are easy to understand, and pay claims right the first time. A handy statistic – the number of calls per 1,000 members – assures us that we’re moving in the right direction. In 2010, we received 91 calls per 1,000 members, but in 2011, only 59.3. In 2013, that number dropped even lower, to 57.2 calls per 1,000 members. And caller satisfaction levels with our customer service representatives (CSRs) – as measured by the post-call United Experience Survey – is currently at 95 percent. We are proud that UnitedHealthcare recently received three honors in the national “Best in Biz Awards” for online and mobile programs and services that engage consumers in their health and make it easier for them to navigate the health

Carrier	Category	Efforts and Achievements
		system. * myClaims Manager earned gold in the Consumer Service of the Year category * Health4Me mobile app received silver in the Consumer Product of the Year category * UHC TVSM earned bronze in the Website of the Year category Health4Me also earned the 2013 eValue8 Innovation award, which recognizes innovative work of health plans to develop programs that address critical health care issues. However, when members do choose to call us, our CSRs are at the ready to provide members with access to a range of information and services: medical benefits, claims, pharmacy, financial, behavioral, clinical, incentives, health education, provider research, appointment scheduling, treatment cost estimation, and more. Our Enhanced Service Model combines expert service with meaningful advising for a complete member service experience. Our CSRs are available from 8 a.m. to 8 p.m., Monday through Friday, for all covered members in their local time zone, based on the area code they are dialing from. To facilitate these hours of service availability, calls are forwarded to an alternate customer care center outside of the normal operating hours of the primary customer care center. SERVICE Managing a claim or benefits problem or resolving a billing dispute can be a huge stressor for members. These issues are often too complex for members to sort out on their own, or even discuss with their doctor. They want to call an expert who will work through these issues immediately. Equipped with powerful technology, resources and key contacts, our experienced customer service representatives can alleviate that stress by taking ownership of the problem and resolving nearly all issues during the first call. Depending on the situation, the CSR will: * Call providers or billing agencies for members to resolve claims issues or obtain additional information to pay a claim. * Work directly with our internal business partners to resolve inquiries not resolved on the phone. * Follow-up with members to report on status or resolution of an inquiry. On another level, our technology capabilities help our CSRs deliver a more personalized and effective customer care experience to your members. For example, the CSR is ready to: * Offer personalized messages to educate members on ways to improve health or reduce costs. * Give a snapshot view of all products members can use to their advantage. * Use an advanced knowledge management system to better answer members' questions. CSRs have special navigational access to claim and benefit information, reducing the amount of time the member stays on the phone. However, we think it's important to note that we don't limit talk time, as we believe the member determines how long the call lasts based on their questions and concerns. Having a CSR who assumes full ownership of member issues, and takes responsibility for fast resolution of inquiries translates to satisfaction. Caller satisfaction scores with CSRs consistently exceed 94 percent.

Carrier	Category	Efforts and Achievements
		ADVISING With member behavior driving 50 percent of health care utilization, we must use every touch point possible to engage members in their health and well-being. In addition to providing expert service, we believe the customer service representative's role is to advise members on how to maximize their health care investment and improve their health care decision making abilities, which ultimately affects the health of your bottom line. To that end, CSRs work to: * Educate members on various health- and financial-related topics, including network doctors, generic drug utilization, UnitedHealth Premium provider designations, and ways to optimize consumer driven health plans (CDHPs). * Promote educational campaigns to improve enrollment or utilization of value-added programs, such as online wellness services or certain procedures like mammography screening. * Engage our medical directors or nurses to resolve clinical concerns; or even tap financial experts to resolve a member's questions or problem. They can even help make an appointment with a physician. We know that health benefits offerings are complex and the system is often difficult to navigate. Helping members understand their benefits and how best to use them results in better health, lower out-of-pocket expenses and savings for your employees. KNOWING YOUR MEMBERS To deliver exceptional service performance, we feel it's imperative to talk to you directly, learn your company culture, know your service objectives, and discern the specific needs of your employees. Your AMT will meet with you to review the specifics of your benefits plan, plan set-up, special processing provisions, and most importantly, your members' needs, your culture and your specific directives. To tailor a service strategy, we pay close attention to: * Past experiences (likes, dislikes, service issues, expectations) * Employee demographic factors (age, sex, race, marital status, income level, education) * Geographic factors (locations, urban/suburban, rural) * Behaviors (lifestyle choices, attitudes) * Your industry dynamics (products, markets, competitors, work force) From there, we tailor a service strategy to your satisfaction, and execute a detailed training plan for our customer service representative team—one that focuses on how you like to do business OUR CUSTOMER SERVICE REPRESENTATIVE TEAM To help members make better health care decisions and utilize benefits effectively, you need a team skilled in listening, responding and influencing. We have assembled a team of remarkable customer service representatives whose focus on building rapport and managing relationships is as important as their knowledge of benefits, policies and procedures. Team members have withstood a rigorous selection process and a comprehensive 15-week training program that focuses on extensive soft-skill, product and process training. They will be thoroughly trained on your culture, your people and your

Carrier	Category	Efforts and Achievements
		goals, and we will tie their compensation to your satisfaction, with a quarterly bonus program that is weighted on member satisfaction and quality. All of their training and performance objectives will be aligned with your strategy and your expectations of us. ONE STOP SERVICE POSSIBLE WITH INTEGRATED TECHNOLOGY We have a history of using innovative technology, alongside our people, to connect better with members and drive behavior change. Customer service representatives access an integrated systems platform, so they can instantly answer questions on a broad set of benefit programs and services. We are currently resolving 95 percent of calls while the member is on the telephone with us, by accessing a myriad of information online, including medical, pharmacy, Flexible Spending Account (FSA) and Health Reimbursement Account (HRA) data, as well as all other relevant benefit- and claims-related information. We can also support interfaces to many external programs and health care professionals We also maintain online resource tools so we can easily reference the nuances of your culture, preferences, benefits, programs, special services and all training materials specific to your plan. To enable CSRs to communicate effectively with a diverse group of members, we use a tool called Behavioral Analytics. This innovative technology analyzes the caller's voice and predicts caller dissatisfaction or distress. The tool allows us to personalize our call handling, based on each unique member's needs and attitudes. We also use the results to provide ongoing training and coaching for our customer care staff. The results are higher levels of member satisfaction and greater first-call resolution. By leveraging technology, people and time to connect on a personal level with each individual, we aim to fully engage members in their health. Engagement and behavior change will bring about better health for your employees and for your bottom line. STATISTICS Our 2013 national customer care statistics are: * Average speed to answer: 23 seconds * Abandonment rate: 1 percent * First-call resolution rate: 92.37 percent * Overall call quality: 98.3 percent * Ratio of CSRs to members: 1:12,000 * Number of CSRs: over 1,300
Carrier 5	**District Management of Health Plans**	Below are just of few the efforts we have in place to help the districts manage health benefits. UTILIZATION MANAGEMENT Our utilization management program focuses on helping members receive the right care in the right setting at the right time by evaluating the quality, continuity, timeliness and outcomes of health services. Our medical directors and nursing staff work closely with health care providers to ensure treatment plans are consistent with evidence-based guidelines, are

Carrier	Category	Efforts and Achievements
		clinically appropriate, cost effective and optimize health care outcomes. PRIOR AUTHORIZATION We require prior authorization of certain services and procedures to identify gaps in care, confirm available benefits, assess for inpatient care management and discharge needs, identify readmissions, apply medical policy and coverage review of certain services and procedures, prevent delays in care and promote delivery of the physician's treatment plan. For services requiring advance notification, we authorize the service as well as the treatment setting. CLINICAL COVERAGE REVIEW Clinical coverage review (CCR) encompasses pre-service review and medical claims review (retrospective review). We provide pre-service review for services that require advance notification and prior authorization. Medical claim review provides post-service clinical review of claims using medical policies and benefit plan documents. We review claims for coding appropriateness, reimbursement and claim code edits. Our CCR team also reviews appeals related to adverse determinations. CCR sends the case to the appropriate medical director (not previously involved in the case, in the same specialty). Medical directors may determine the case requires external physician review. ADMISSION NOTIFICATION We require hospitals, skilled nursing facilities and acute rehabilitation facilities to notify us within 24 hours of all inpatient facility admissions or by next business day for weekend admits. For emergency admissions where a member/enrollee is unstable and not capable of providing coverage information at the time of admission, the facility should notify UnitedHealthcare as soon as the information is known and communicate the extenuating circumstances. CARDIOLOGY PRIOR AUTHORIZATION PROGRAM We require cardiac prior authorization for: * Diagnostic catheterization * Electrophysiology (EP) implants: defibrillators and pacemakers RADIOLOGY PRIOR AUTHORIZATION PROGRAM We require radiology prior authorization for: * Advanced outpatient imaging * Positron emission tomography (PET) Scans * Computerized tomography (CT) Scans * Nuclear medicine INPATIENT CARE MANAGEMENT Inpatient care management (ICM) nurses perform on-site or telephonic review. Nurses evaluate all cases assigned early on the same business day and determine the frequency of review at that time. Continuing a trend of consistent improvement in every year since 2008, our average commercial inpatient days per

Carrier	Category	Efforts and Achievements
		thousand declined by 3.1% in 2012 compared to the previous year. The 2012 performance translates to an annual inpatient savings of $6.53 per employee per month (PEPM). CONCURRENT REVIEW Concurrent review is a component of inpatient care management to ensure a hospital stay is proceeding as planned. Nurses complete an initial assessment to determine the goal length of stay, which determines the frequency of review and/or referral to other care management programs. Nurses use Milliman Care guidelines, internal protocols, and our proprietary risk-scoring tool to prioritize reviews. DISCHARGE PLANNING Nurses work with the attending physician and hospital to coordinate the timely delivery of hospital services. The inpatient care management team assists with the arrangements for alternative services or programs, as appropriate, and facilitates discharge and/or transition to a lower level of care at the appropriate time during the course of care. Members may also be enrolled in transitional case management for ongoing care or to holistically address a particular condition as part of notification or during discharge planning. TRANSITIONAL CASE MANAGEMENT Our Transitional Case Management program serves as a bridge between the hospital and home for members at high risk of readmission. Designed to ensure that post-discharge plans and home health care needs are being met, Transitional Case Management supports members with the greatest needs in order to avoid preventable hospital readmissions. ESYNC TECHNOLOGY PLATFORM Our care management model is uniquely positioned by virtue of our eSync Platform. Simply put, eSync employs a technologically-advanced solution and logic set to promote a healthier culture and long-term health care value for all consumer populations, from the most healthy to those at the greatest risk. This robust platform allows us to synchronize wellness, behavioral and clinical programs across the spectrum of care. Rather than simply integrating multiple programs into a single view on a nurse's computer screen, eSync delivers an optimized and concerted set of features, synchronizing complex and vast data streams with value-based opportunities for proactive actions, and accounting for consumer science—intelligence about the specific member's stage of life, readiness to make changes and any other life and health-impacting situation. More specifically, eSync drives the following: * Total population monitoring and holistic member view. Constant monitoring and synchronization of population data to build a holistic view of each member using a combination of pre-adjudicated medical and behavioral claims, pharmacy data, lab results and leading clinical indicators as well as behavioral and worklife elements. * Proactive health management: * Identification of opportunities for intervention relating to more than 50 states, such as heart failure, breast cancer, epilepsy, osteoporosis and depression. Disease monitoring gaps, medical management considerations, medication

Carrier	Category	Efforts and Achievements
		adherence and interaction alerts, provider and treatment choice options, lifestyle enhancement opportunities, and money saving tips are all used to help members make better informed decisions. * Because we are capturing incurred claim data, rather than adjudicated claim data, we have access to actionable information in as little as five days, where the industry average is 120 days. And, most importantly, because almost 65 percent of our value drivers are proactive, identifying opportunities before a major health event occurs, we can focus on prevention and not simply gaps in care. * Quantification and prioritization of opportunities for intervention using value drivers that evaluate the expected impact on utilization, spending and required effort to close gaps. We can prioritize and focus on those opportunities with the biggest potential clinical and cost impact. Value drivers focus on linking members with the right providers, the right treatments, the right medications and the right lifestyle choices. Members are guided to the optimal care providers and facilities for their unique care needs, including UnitedHealth Premium designated physicians and facilities as well as over 1,300 Centers of Excellence. * Member engagement—Increased member engagement by providing access to tools and information such as the personal health record, online Web-based behavior modification programs, health assessment results and health kiosks along with access to personalized HealtheNotes messaging via mail and our member and physician portals (myuhc.com, UnitedHealthcare Online). HEALTHENOTES HealtheNotes messaging is also delivered by nurses via telephone and secure email for high-risk members engaged in one of our acute or chronic condition management programs. Expanded capabilities being explored for the future include delivering personalized consumer messaging via mobile phone or IVR. HealtheNotes Reminders are the one of the vehicles that can communicate these opportunities to the member. These communications are proven interventions that incorporate distinct patient messaging to improve the quality of care and create a more engaged and compliant consumer. Through eSync, we are able to execute on the concerted delivery of care management, which is accomplished by synchronizing vast and complex data streams with evidence-based medicine rules and value-based opportunities, all focused on clear, concise and immediately actionable recommendations. The result is that all nurses, health coaches and providers across every one of our care management programs will be able to monitor any gaps in care that arise for their members. They are notified of care opportunities and can easily review and discuss any gaps in care or messaging that were identified and sent to the member, resulting in a fully integrated program and member experience. USING MOBILE TECHNOLOGY Mobile devices help us to meet our members where they are, in location and in functionality. Members and their families can make their health care decisions faster, easier and more conveniently than ever before with several mobile capabilities.

Carrier	Category	Efforts and Achievements
		The mobile version of myuhc.com provides links to the most common features accessed on myuhc.com using a web optimized browser view. Since the view is optimized for mobile devices, it is easier for members to quickly navigate to and read the information they need on the device's smaller screen. Our award-winning mobile application, Health4Me, provides instant member access to health care information, the nearest physician, check the status of a claim, look up treatment costs or speak directly with a nurse or have a representative call back. Our member tools and mobile applications are integrated and access our core systems – the same systems accessed by member services and clinical staff. We also provide several direct-to-consumer mobile apps and web sites. For example, members can take charge of their health and fitness activity with OptumizeMe, a direct-to-consumer mobile health challenges application. Members can use the Smart Patient mobile application to help prepare for doctor visits using checklists and accessing those checklists during their appointment to help remember important details. HEALTH4ME MOBILE APPLICATION We put your employees' health care resources in their hands. Health4Me provides your employees with instant access to their health care information — anytime/anywhere. Whether they want to find the nearest physician, check the status of a claim, look up treatment costs or speak directly with a nurse or have a representative call back, Health4Me is their go-to resource for everything health related. Health4Me is one in a series of UnitedHealthcare technology advancements designed to simplify and enhance the member's total health care experience. Health4Me is available for iPhones and Android and can be downloaded free of charge using the mobile device. A myuhc.com username and password are required to use the application. Please access a demo at http://www.welcometomyuhc.com/health4Me/index.html MYUHC.COM MOBILE VERSION Members accessing the full myuhc.com website from their smartphone device are given the option to access the mobile version. The mobile version of myuhc.com provides a web-optimized browser experience. With an easy-to-use interface, members can quickly access the features that are most commonly used on our full website. After entering their username and password, members have easy access to the features they use most: * Find a provider or hospital at the touch of a button based on current location * View (and share) ID cards * View basic benefit information * Check account balances * View claims history Members seeking health care when they are traveling or in a new neighborhood can appreciate easy access to important health information no matter where they are. A myuhc.com username and password are required to the use the mobile version of myuhc.com. SMART PATIENT

Carrier	Category	Efforts and Achievements
		We have been partnering with renowned heart surgeon and host of The Dr. Oz Show, Dr. Mehmet Oz, since 2006 to promote the UnitedHealth Premium program and health and wellness initiatives. We teamed up with this author of the New York Times bestselling book, YOU: The Smart Patient, to provide information about quality and cost-efficient health care. The UnitedHealthcare Smart Patient mobile application is part of a series of UnitedHealthcare technology advancements designed to simplify and enhance the health care experience for all consumers. Smart Patient is designed to help users manage their health care activity so they can make informed choices at every step, giving users a portable reference to bring along to medical appointments that can help them get the most from their health care visits. Smart Patient users enter key health information (blood pressure, body mass index (BMI), cholesterol and waist size) and update it as things change. The application makes it easy to enter appointments and stay on track by setting reminders. Smart Patient helps users go to their appointments prepared, using built-in checklists that guide users with questions to ask: * During a doctor's appointment * Before a medical test * After a diagnosis * When filling a prescription * Before surgery * When being released from the hospital * If it's time to go to the emergency room By checking a few boxes, users can bring a list of questions and simply refer to their device during an appointment and review the list. Smart Patient users can even record and save voice and text notes during appointments – a great way to remember doctor's orders. In addition, UnitedHealthcare and Dr. Oz offer powerful tools and resources to help consumers become a smart patient. Users can watch short, informative videos from The Dr. Oz Show to get practical information and helpful health and wellness tips. Smart Patient also provides nutrition information and the most recent blogs from Source4womencommunity.com. UnitedHealthcare Smart Patient is available at no charge in the iTunes Store for iPhone and Google Play for Android. The application is for consumers in general, not just UnitedHealthcare members. Anyone can download and use the UnitedHealthcare Smart Patient application without a login ID. OPTUMIZEME With OptumizeMe, consumers have a way to pursue their health goals through online social networks. The direct-to-consumer mobile health challenges application was selected by Microsoft as a Premier Launch App and can be downloaded free of charge. OptumizeMe doesn't just track activity. It is a collaborator that helps motivate users to engage in wellness by making healthy activity a social activity. Using OptumizeMe, individuals can:

Washington State Office of the Insurance Commissioner

Calendar Year 2013

Carrier	Category	Efforts and Achievements
		* Create health and fitness challenges * Track their progress * Compete and/or collaborate with friends * Post results to their Facebook page via their mobile phones OptumizeMe is available for iPhone, Android and Windows Phone 7 OS mobile devices. The application is for all consumers, not just UnitedHealthcare members. Anyone can download and use OptumizeMe without a myuhc.com login and password.
Carrier 5	**Part-Time Employee Coverage Protection**	Employee eligibility is determined by the employer. Individuals working 20 or more hours per week are considered eligible according to the terms of the Policy.
Carrier 6	**Administrative Cost Reduction**	Providence Health Plan has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. PHP is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA.
Carrier 6	**Cost Savings**	Providence Health Plan has invested in preventive care and chronic care management to improve on heath care outcomes, implementation of inteventions to prevent inpatient hospital readmissions, early adoption of voluntary patient safety reporting, inititatives in place to reduce complaints and potential medical errors, the Health Plan includes a comprehensive array of health and wellness promotion and preventive services through our Fit Together program and a best-in-class pharmacy management program.
Carrier 6	**Customer Service**	Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon, hours of operation 8:00 am to 5:00 pm PST, toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services available, automated voice response systement and call tracking software for real time an historical activty. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a variety of self service options and tools.
Carrier 6	**District Management of Health Plans**	Providence Health Plan has best-in-class medical and care management services designed to achieve the Triple Aim (better care, better patient satisfaction at a lower cost). Through our care management programs and provider contracting efforts, we have the best regional PPO medical trends per recent surveys conducted by various consulting firms. In addition, our pharmacy management program has been recognized nationally as having the highest generic adoption rate and realizing reduced pharmacy costs and trend through our pharmacy benefit management efforts. Our pharmacy trend has been, and continues to be, the lowest in our regional market for several years. PHP will work with the districts and their producers or consultants to identify benefit design strategies to help meet budget goals and mitigate future cost increases.
Carrier 6	**Part-Time**	We allow coverage for part-time employees, if the employer requests it. We will also be compliant with PPACA regulations

Carrier	Category	Efforts and Achievements
	Employee Coverage Protection	pertaining to coverage for part-time employees.
Carrier 7	**Administrative Cost Reduction**	Continued integration of operational and administrative function into the GHC parent organization eliminates redundancy and controls admistrative costs.
Carrier 7	**Cost Savings**	Pre-authorization requirements and large-case management services
Carrier 7	**Customer Service**	KPS continues to mainatin levels of customer service for all customers that earned consecutive 'highest-rated' awards from OPM for the FEHB program.
Carrier 7	**District Management of Health Plans**	Select negotiated accounts receive their rate-development projection and basic experience data
Carrier 7	**Part-Time Employee Coverage Protection**	Yes, on a negotiated case-specific basis
Carrier 8	**Administrative Cost Reduction**	Uniform Medical Plan: UMP's competitively awarded TPA contract with Regence BlueShield is in place for four years, which limits administrative costs. It also limits fee increases for additional renewal years.
Carrier 8	**Cost Savings**	Uniform Medical Plan: 1. For the PEBB self-insured population (UMP Classic and UMP Consumer-Directed Health Plan), these plans participate in a primary care multi-payer medical home project. This is the second year of two-year pilot. 2. UMP also offers Intensive Outpatient Care Program for patients in the top 5-15% of medical spending. This program directs additional payment to primary care providers to manage their care. 3. The plan does not pay for hospital readmissions for three conditions. 4. UMP is self-funded and contracts third-party administrator (TPA -Regence BlueShield) that manages the provider contracts within the network and enforces penalties if health-care cost trend exceeds specified limits set in the contract.
Carrier 8	**Customer Service**	Uniform Medical Plan:

Washington State Office of the Insurance Commissioner
K–12 School District Data Collection Project
Exhibit A19a
Efforts and Achievements by Carrier
Calendar Year 2013

Carrier	Category	Efforts and Achievements
		The Health Care Authority has industry stamdard customer service requirements in place with our contracted Third Party Adminsitrator (TPA). The standards are measured and subject to financial penalties and a corrective action plan if the goals are not met.
Carrier 8	**District Management of Health Plans**	Uniform Medical Plan: All PEBB programs in effect are directed to the entire PEBB population within a community rated risk pool. There are no programs specifically targeted to K-12 district populations.
Carrier 8	**Part-Time Employee Coverage Protection**	Uniform Medical Plan: Eligibility for PEBB benefits, as determined by the PEBB Program, includes part-time employees who work an average of at least 80 hours per month and at least eight hours in each month for more than six consecutive months.
Carrier 9	**Administrative Cost Reduction**	We are continually exploring innovative ways to help control costs while seeing that our members receive quality care. We have initiated several efforts to better manage our health care costs, as well as our selling, general and administrative (SG&A) expenses. For example, the Executive Management Information System (EMIS) is an automated single source of certain financial, medical cost management, operational reporting, sales and human resources data which fosters a “one-company” view and culture, allowing for greater profit and loss (P&L) accountability. Another key process in managing operating costs is a monthly review of our SG&A expenses by type of spend and business area with a goal of improving discipline, consistency and accountability. Additionally, we have developed a robust forecasting and planning tool has been developed and implemented to foster accountability, enhance predictability and ultimately reduce SG&A costs.
Carrier 9	**Cost Savings**	Aetna uses a rigorous, dual approach to evaluate medical costs and identify opportunities to manage medical cost and trend. This process allows for proactive development and timely implementation of action plans and initiatives that control medical costs and improve utilization patterns. Examples of initiatives that were implemented to address medical cost opportunities are: (1) Emergency room frequent utilizers, (2) Home health care steerage to efficient and effective providers, (3) Multiple strategies to promote the use of participating providers, (4) High-tech radiology steerage, and others.
Carrier 9	**Customer Service**	At Aetna, we make very deliberate decisions and investments to connect our customers and members with solutions that meet their changing needs. A smarter health plan helps members take charge of their health and health care and to think and act like informed consumers. We offer members a variety of ways to get customer service information through our use of : (1) friendly, knowledgeable and proactive customer service representatives (CSRs), (2) Secure member website, (3)

		Interactive voice response technology, and (4) Smartphone applications When members call, our CSRs not only answer their questions, they proactively educate callers about their plan of benefits, tell them about programs are available to them, and encourage them to use – and assist them with – our online resources to help them become more informed health care consumers. Our online services are continually monitored and improved to make self-service a pleasant, productive and hassle-free experience.
Carrier 9	**District Management of Health Plans**	With the right tools and technology, school districts can streamline their interactions with us, manage employee benefits, and understand where health care dollars are being spent. We have the technology, tools and expertise to help achieve exactly that. Our Employer Secure Website adds a "single sign-on" site for districts to access Aetna online tools. Districts will see additional eligibility, enrollment, online billing and report capabilities, as well as forms and content as we continue to roll out and develop the Employer Secure Website. Internet-based eligibility transfer solutions enable districts to quickly and efficiently transmit information to us. Through systems such as SecureTransport?, EZLinkTM and EZenroll®, districts receive the advantages of e-commerce; eliminating the need to submit paper forms, tapes, cartridges or diskettes.
Carrier 9	**Part-Time Employee Coverage Protection**	We typically follow the plan sponsor's definition of eligible employee as long as the customer's definition is otherwise consistent with applicable laws. Customers are responsible for confirming eligibility to enroll in coverage. We do not determine eligibility for individuals. We advise customers to seek their own legal counsel concerning the effect of applicable laws on their plans.

Aberdeen School District	**Administrative Cost Reduction**	1. By working with our employee benefits consultant, we've negotiated with both fully-insured and selfinsured plans to reduce administrative expenses wherever possible 2. Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums. Please note, that there are some carriers such as Premera Blue Cross that don't provide the district with a summary of administrative costs so it is not possible to have an impact on those plans. WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Aberdeen School District	**Cost Savings**	We have implemented the following steps 1. Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/01/2012 2. Established an HSA employer contribution of $125 per employee per month, resulting in an increase to pool dollars 3. Use of purchasing consortium / Interlocal to purchase some benefits at a lower cost across several districts 4. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums. WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs.

District	Category	Efforts and Achievements
		F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective."
Aberdeen School District	**Customer Service**	We have worked to provide improved customer services by: 1. Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 2. Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits. 3. Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members. 4. Having regular Benefits Advisory Committee meetings with representation from all bargaining groups. WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Aberdeen	**Part-Time**	1. We have continued to work with all purchasing / bargaining groups to determine the appropriate eligibility requirements

School District	Employee Coverage Protection	to meet their specific group's benefits needs. 2. Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1st, 2014. WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Aberdeen School District	Premium Differential Reduction	We have done the following: 1. Implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents. 2. Established HSA employer contribution of $125 per employee per month, resulting in increase to pooling dollars. 3. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars available to those covering dependents. WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Adna School District	Administrative Cost Reduction	The ASD works with AON Hewitt to provide the most efficient administering of employee health benefits. There is no specific cost to the district.
Adna School District	Cost Savings	Annually the ASD seeks premium quotes from various insurance companies or agencies in order to ensure our employees are receiving the most affordable premiums and coverage. In addition the Adna School District is working with the WEA to seek out the most affordable health care coverage for family coverage.
Adna School District	Customer Service	The ASD works with AON Hewitt to provide the most efficient methods of administering health benefits to employees. AON Hewitt has developed a more web based enrollment and reporting system, which allows a more interactive approach between the health adminstrator (AON), the school district, and the employees.
Adna School District	Part-Time Employee Coverage Protection	The ASD includes part-time employees with a minimum amount of hours to be included in the pooling arrangment based on the same eligiblity criteria and proration of employer contributions used for allocations for basic benefits as defined by the bargaining unit.
Adna School District	Premium Differential Reduction	The Adna School District is working with the WEA to seek out the most affordable health care coverage for family coverage, as well as working with the insurance companies to bridge the premium cost gap between family coverage and employee-only coverage.

Almira School District	**Administrative Cost Reduction**	We don't have internal or external administrative expenses directly attributable to managing district's medical benefits.
Almira School District	**Cost Savings**	The district contracts with the PEBB program whose cost saving measures include: 1. Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. 2. Purchasing coverage for medical tools and procedures that are evidence based. 3. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members recieve benefits.
Almira School District	**Customer Service**	The district follows the PEBB's guidlelines for determining employee elibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.
Almira School District	**Part-Time Employee Coverage Protection**	HCA requires district's provide opportunity to cover part time employees working 720 hours or more per school year.
Almira School District	**Premium Differential Reduction**	HCA complies with progress towards full family and employee only coverage
Anacortes School District	**Administrative Cost Reduction**	Premera has set goals to improve quality, improve the member experience while eliminating wasted time and work effort, improving efficiency while lowering expenses.
Anacortes School District	**Cost Savings**	Premera plans assists in negotiating higher discounts. Real time access to consumer decision support resources.Provider advisory groups for medical and pharmacy.
Anacortes School District	**Customer Service**	Wellness info on school website, Premera provides a website with access to information about the employee benefits, this includes a cost estimator which helps determine employee out of pocket costs.
Anacortes School District	**Part-Time Employee Coverage Protection**	SD requires 3.5 hours for medical and 2 hours per day for dental and vision. Premera works with enrollee to get coverage when full time hours have decreased.
Anacortes School District	**Premium Differential Reduction**	Premera introduced lower plans such as Easy Choice and HDHP.
Arlington School District	**Administrative Cost Reduction**	None
Arlington School District	**Cost Savings**	Implemented QHDHP for both Classified & Certificated staff. Made efforts to bring more affordable plans for Classified Staff.

District	Category	Efforts and Achievements
Arlington School District	**Customer Service**	Invited Premera and BlueCross to Benefits Fair. Also, held informational meetings to review and discuss benefit options, along with a question and answer session.
Arlington School District	**Part-Time Employee Coverage Protection**	Offer access to coverage for employees working 17.5 hours per week for Classifed Staff and .5000 for Certificated Staff.
Arlington School District	**Premium Differential Reduction**	Made modifications to Certificated Pooling to give families more allocation dollars to purchase benefits.
Asotin-Anatone School District	**Administrative Cost Reduction**	We do not charge any administrative costs to employees. If the WEA has any administrative expenses they must be factored into the employee premiums, as we do not pay anything to the WEA other than premiums.
Asotin-Anatone School District	**Cost Savings**	Our District work closely with the WEA for lower rates based on state actuary numbers for the WEA group.
Asotin-Anatone School District	**Customer Service**	This year we worked to update our website as well as provide plan documents at our employee orientation day and at our health benefit fair. Numerous emails and updates are sent through out the year of changes, meetings or assistance days that become avalaible.
Asotin-Anatone School District	**Part-Time Employee Coverage Protection**	Our district has an agreement with the unions that any employee who works 4 hours or more 5 days a week (20 hours a week) is eligible for insurance. This exceeds the federal requirement of 30 hours per week. This allows more of our employees to be eligible for insurance.
Asotin-Anatone School District	**Premium Differential Reduction**	All employees whp participate in the medical plan are on a composite based premiums.
Auburn School District	**Administrative Cost Reduction**	ASD purchases medical plans through the WEA benefits program. The WEA program is an efficiently run program with low administrative costs built into the premiums for the management and maintenance of these plans. In order to reduce ongoing administration expenses, the WEA launched an online enrollment system in January 2013. The annual Open Enrollment was conducted in October, and was completed online, eliminating the need to so many paper enrollment forms. WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate

An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective." istrict: Please indicate if your district has done something specific in this area. Kaiser:• In 2013, we are building on success and momentum from 2012 performance to execute over $100m in initiatives

District	Category	Efforts and Achievements
		through internalization, elimination of waste and care transformation. • Expanded Onsite Wellness Partnerships • The Drug Utilization Action Team is continuing improvement in pharmaceutical costs by effective and timely conversions to generic products, working with providers to ensure appropriate usage and prescribing patterns, and leveraging lower cost formulary products whenever clinically appropriate. Current work also includes providing unblinded data on physician prescribing patterns by provider name, location, and specialty for specific targeted drugs. Individual physicians have access on a protected website with click-through graphics and comparisons. This initiative saved over $30M in 2012. Since the inception of this initiative in 2006, it has saved KPNW over $150M. We have several advantages inherent to our model which facilitate appropriate clinical and financial incentives to optimally manage specialty care, hospital care, ancillary care, and home health care. Our physician payment model is a combination of salary and variable compensation. The variable compensation is based on achieving key service, access, quality, resource stewardship, and productivity targets. Outcomes are tracked, reported and managed regularly using transparent data. We are able to deliver all of the elements listed within the current Kaiser Permanente delivery system. Our "glue" is our electronic medical record that is built around the patient with all elements of the delivery system using this singular tool. Our strength is the integration of our delivery system. We are one entity, so we have solved the financial issue around incentives for coordination and cooperation. Northwest Permanente P.C. (NWP) is an integrated medical group that includes Primary Care and Specialty Care together under one organizational umbrella. All providers are salaried with pay for performance incentives which are balanced between Quality/Evidence-Based Medicine, Service, Productivity and Resource Stewardship. This reimbursement model creates appropriate alignment to deliver high-quality affordable care. We do not have an incentive payment model that results in perverse incentives to over-treat and compromise our commitment to evidence based medicine. We not only embed evidence-based guidelines into our electronic medical record, we design our referral process around the proper scope of practice between primary and specialty care. The electronic referral process is mutually worked by both primary and specialty care and uses evidence based medicine, and expert consensus opinion. This process discourages unnecessary variation in care for common conditions. We use shared decision making to determine when a specialist or test is needed, but remain focused on the voice of the customer through the process. We ensure through our electronic systems that we do not duplicate tests. We have significantly reduced our re-admission rates through our transitions in care process which connects patients to primary care and pharmacy upon discharge.

District	Category	Efforts and Achievements
		Evidence-based guidelines are embedded into our electronic medical record. We have established agreements on evidence, and indications to allow primary care referrals to specialty care and specialist referrals to outside consultants for unusual circumstances. We track referrals regularly to monitor appropriate utilization and staffing needs. We track imaging utilization down to the individual provider level for critical imaging services in order to support evidence-based ordering.
Battle Ground School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.Kaiser:Kaiser Foundation Health Plan of the Northwest received the highest numerical score among commercial health plans in the Northwest region in the proprietary J.D.Power and Associates 2012 U.S. Member Health Plan Studysm (jdpower.com). Proprietary study results are based on experience and perceptions for members surveyed December 2012 – January 2012. One way we provide better service to Washington School District employees is by providing a variety of clinical access alternatives that make it easy for school employees to access their physicans in a variety of ways. For example, employees can email their physicians, view lab results online, have telephone consultations with their physicians and access a 24 hour nurse advice line all at no additional cost or time away from work.
Battle Ground School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost ofthe medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remian covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have

		lower premiums and many first dollar benefits and also added the HDHP Plan.Kaiser:Rather than lowering cost differentials to favor family coverage, we use cost saving efforts to keep our total rate package affordable
Battle Ground School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as EasyChoice plan that have lower premiums and many first dollar benefits and also a
Bellevue School District	**Administrative Cost Reduction**	Our district utilizes a benefits broker to outsource eligibility management for active and COBRA administration. Additionally our broker generates all benefits enrollment materials, provides customer service advocacy, leads open enrollment orientations, coordinates benefits fair and provides custom online benefits portals for employees. WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Bellevue School District	**Cost Savings**	We offer an array of benefit plan options to meet all employees needs related to both cost and benefits. We offer opportunities for our employees to attend benefit meetings and meet with benefits specialists, attend a benefits fair, as well as personalized phone consultations prior to enrollment to ensure that employees are making the most cost effective decision to meet their needs. Provider contracting - Premera has the highest number of providers in network in the state (98%+ of all claims are paid in network). Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs. WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims pair are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area.

District	Category	Efforts and Achievements
		D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Bellevue School District	**Customer Service**	Our district utilizes a benefits broker to outsource eligibility management for active and COBRA administration. Bellevue School	**Part-Time**	We continue to provide medical coverage to part time employees, with eligibility requirements of 20 hours per week (HPW)

District	Category	Efforts and Achievements
District	**Employee Coverage Protection**	for most staff and 12 HPW for nutrition services. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups. Premera has added lower cost options, such as EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Bellevue School District	**Premium Differential Reduction**	We believe we made progress toward increasing the affordability of coverage through requiring a mandatory employee contribution for each employee electing medical benefits. Employee only contribution are between 7.5% to 15% has been implemented for all health plans except the QHDHP. Premera provides a website with access to information about the employee benefits û this includes a cost estimator which helps them determine what provider may require less out of pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Bellingham School District	**Administrative Cost Reduction**	By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative expenses wherever possible. We have also worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums.
Bellingham School District	**Cost Savings**	We have taken the following steps. 1: Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/01/2012 2: Established an HSA employer contribution of $125 per employee per month, resulting in an increase to pooling dollars. 3: Use of purchasing consortium/Interlocal to purchase some benefits at a lower cost across several districts 4: Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
Bellingham School District	**Customer Service**	We have taken the following steps: 1: Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 2: Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits. 3: Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members. 4: Having regular Benefits Advisory Committee meetings with representation from all bargaining groups.
Bellingham School District	**Part-Time Employee Coverage Protection**	We have continued to work with all bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs. We have also provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1st, 2014.
Bellingham	**Premium**	We have implemented the following steps. 1: Implemented minimum premium contribution for all currently bargained

Boistfort School District	**Premium Differential Reduction**	minimum deductions
Bremerton School District	**Administrative Cost Reduction**	In addition to the yearly bidding process, Bremerton has removed unnecessary increases in overhead by switching from a commission basis to a fee-for-service basis for Broker services. The fee-for-service model pays the broker an established fee which is not adjusted when the district receives a rate increase. The broker will not receive an unnecessary pay increase each year just because the district receives a rate increase.
Bremerton School District	**Cost Savings**	Educating district employees so they fully understand their benefits and how to access these benefits is an extremely important factor in making healthcare more affordable. This education helps individuals maximize their coverage so they understand what level of coverage they need based upon their lifestyle and overall health. In addition, educating individuals how to utilize their plan and receive the most cost effective coverage help prevent the mistake of over insurance and wasting dollars which could be spent elsewhere. Employees who can eliminate overspending for unnecessary coverage free up additional monies which can be used for pooling which will reduce the overall cost of family coverage. Furthermore, additional emphasis is placed on the dental and vision coverage/pricing to find the most competitive offering available which frees up extra money for medical coverage for families as well as single individuals.
Bremerton School District	**Customer Service**	Bremerton has switched brokers again as the current broker was unable to provide adequate support and customer service.
Bremerton School District	**Part-Time Employee Coverage Protection**	Bremerton is examining the overall financial analysis of the individual's financial situation this renewal season to carefully match insurance offerings. Additional services such as individual voluntary coverage review and mortgage services will be offered to help district employees understand the best way to manage their finances and get the best overall coverage at the most affordable rate. The effort is to maximize employees' return on investment for benefits and this goal will help remove or replace products which may not be priced as competitively as they should be.
Bremerton School District	**Premium Differential Reduction**	Bremerton is looking at dropping Premera plans in order to obtain more favorable rates with providers who can offer plans covering the whole family.
Brewster School District	**Administrative Cost Reduction**	We Offer WEA Premera Plans

District	Category	Efforts and Achievements
District	**Coverage Protection**	
Burlington-Edison School District	**Premium Differential Reduction**	Certificated employees bargained for district to chip in additional funds for employees with full family coverage. District also contributes extra funds to insurance pool dollars
Camas School District	**Administrative Cost Reduction**	We have not made any progress in this area as the requirements to administer plans constantly increase. The other increase in administration is the administrative requirements of the ACA
Camas School District	**Cost Savings**	We have expanded our offerings to include a high deductible plan as well as other lower cost plans.
Camas School District	**Customer Service**	We have developed a benefit's handbook, have a website for benefits information, and will be conducting a benefits fair during the next open enrollment period.
Camas School District	**Part-Time Employee Coverage Protection**	The district contributes to health benefit premiums for employees who work 20 hours or more per week (classified) and who work 17.50 hours or more per week (certificated). The Premera EasyChoice Plan and the High Deductible Plan provides an affordable option for both part-time and full time employees. Premiums continue to rise, but state contributions are stagnant. We have limited control in regards to this issue.
Camas School District	**Premium Differential Reduction**	We continue to meet with our union groups to discuss structuring benefits differently. We now have one bargaining group who has made progress toward the reduction in the differentials. Progress is slow in this effort as each employee bargaining group has different interests and needs in a benefits program. Our current offerings meet all their needs. We have also informed our vendors of the requirement.
Cape Flattery School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera’s “Lean” workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA’s administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan’s auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Cape Flattery School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers “in network” in the state (98% + of all claims paid are “in-network”).

District	Category	Efforts and Achievements
		B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective."
Cape Flattery School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Cascade School District	**Premium Differential Reduction**	In Negotiations
Cashmere School District	**Administrative Cost Reduction**	We have reduced administrative expenses by contracting with PEBB.
Cashmere School District	**Cost Savings**	The District contracts with the PEBB program, whose cost saving measures include: managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design; purchasing coverage for medical tools and procedures that are evidence based; adopting PEBB's dependent verification eligibility processes, to ensure family members receive benefits.
Cashmere School District	**Customer Service**	The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.
Cashmere School District	**Part-Time Employee Coverage Protection**	We offer insurance benefits to our part-time employees.
Cashmere School District	**Premium Differential Reduction**	As a member of PEBB, this differential is being addressed at the State level.
Castle Rock School District	**Administrative Cost Reduction**	Do not have administrative expenses as described in this survey. However, increased costs are due to 5940 & new reporting requirements.
Castle Rock School District	**Cost Savings**	Meet annually with kaiser to revies costs & look at other health provider company rates. Review with district committee choosing best plans with lowest premiums for the year.
Castle Rock School District	**Customer Service**	Hold annual benefit fair & provide periodic health newsletter to employees.
Castle Rock School District	**Part-Time Employee Coverage Protection**	CBA's & board policy offer coverage to all employees who average 17.5 hours or more per week at FTE coverage. Offer lower cost options including EasyChoice & HDHP plans.
Castle Rock	**Premium**	1% has been assessed to all employees as mandatory out of pocket cost. Offer lower cost options including EasyChoice &

School District	**Differential Reduction**	HDHP plans.
Centerville School District	**Administrative Cost Reduction**	Providence Health Plan has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentag
Centerville School District	**Cost Savings**	Providence Health Plan has invested in preventive care and chronic care management to improve on health care outcomes, implementation of interventions to prevent inpatient hospital readmissions, early adoption of voluntary patient safety reporting, initia
Centerville School District	**Customer Service**	Providence Health Plan has best-in-class medical and care management services designed to achieve the Triple Aim (better care, better patient satisfaction at a lower cost). Providence Health Plan Customer Service and Claims are locally located in Beavert
Centerville School District	**Part-Time Employee Coverage Protection**	We allow coverage for part-time employees, if the employer requests it. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
Centerville School District	**Premium Differential Reduction**	We are working with our unions and our benefit consultants to review our pooling and collective bargaining units. In addition, we negotiate with our health carriers and periodically complete a bid process to maintain competitive prices.
Central Kitsap School District	**Administrative Cost Reduction**	For most of the year CKSD purchased all but one of their medical plans through the WEA benefits program. The WEA program is an efficiently run program with low administrative cost to the District for the management and maintenance of these plans. In order to reduce ongoing administration expenses, the WEA launched an online enrollment system in January 2013. The annual Open Enrollment was conducted in August and September, and was completed online for all WEA plans. For the KPS, Group Health and non-medical plans purchased outside of the WEA, employees completed consolidated enrollment forms processed by payroll. The enrollment process for all non-WEA plans was smooth and the billing has been an administrative ease. Premera, Group Health and KPS use the “Lean” thinking system as a business prinipal. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Carriers use this method to continue to evaluate and improve internal/external processes.
Central Kitsap	**Cost Savings**	CKSD has made progress by aggressively negotiating lower premiums on their Group Health medical plan, making strategic

District	Category	Efforts and Achievements
School District		benefit plan alterations, and by offering an HSA-Qualified High Deductible Health Plan so that employees may cover family members at significantly lower premiums. In addition, in November of 2013, CKSD moved to a suite of medical plans offered through KPS/Group Health and WEA, which kept premiums lower than the proposed WEA increase, and freed up additional money for employees covering dependents. By switching medical carriers, CKSD also now has the ability to make benefit changes in the future to reduce rate increases. Premera Blue Cross, KPS and Group Health continue to evaluate their patient populations for early identification of costly chronic conditions. Group Health is nationally recognized for its' innovative approach to member care through their lifetimes. Premera, KPS and Group Health have some of the following included in the medical programs a. Provider contracting – most claims are paid in-network b. National Networks of contracted providers – which provides negotiated discounts and significant savings to enrollees who travel or reside outside the service area. c. Evidence-based medical initiatives d. Real-time access to customer support resources to help enrollees understand and direct their health care needs. e. Plans that include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. f. Programs that monitor controlled medical substances to provide protection for members. g. Premera has an open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Central Kitsap School District	**Customer Service**	District employees enjoy both a Benefits Website and a Benefits Helpline. The Benefits Website contains information for all the District's benefits plans in one convenient place and is widely accessed by both employees and their family members. It contains summaries, comparisons, calculators, forms, and links to information and resources provided by the insurance carriers. The very popular Benefits Helpline is available for employees and their families when they have questions about their District benefits. During the most recent Open Enrollment period, in a period of 30 workdays, the Benefits Helpline took a large number of phone calls on a wide variety of topics, from the new health plans, new HSA-qualified HDHP, to LTD claims, vision provider searches, retirement and Medicare. Satisfaction with the Benefits Helpline and website is extremely high. Call volume to the Benefits Helpline increased substantially in 2013.

District	Category	Efforts and Achievements
		Premera and KPS provide a website with access to information about the employee benefits – these include cost estimators which help them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. Group Health has an award-winning website that allows employees to order prescriptions online, email their doctors, access test results, and see their medical records. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. WEA Select Plans - semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions.
Central Kitsap School District	**Part-Time Employee Coverage Protection**	Part-time employees' access to coverage has not changed in recent years. Part-time employees remain eligible for the same benefits as full-time employees when they meet the definition of eligibility under their bargaining agreement. Medical insurance is optional and the district contribution for part-time employees is prorated based on the number of hours worked. Part-time employees can choose to enroll in medical as long as they have sufficient salary each month from which the employee's share of the costs (if applicable) may be deducted from their paycheck. CKSD and bargaining groups are aware that for part-time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Shared Responsibility Provision of the Affordable Care Act. A. This district currently allows part-time employees who have a contract or agreement to work access to health benefits. B. Medical Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. D. New KPS and Group Health plans offered lower cost options in November 2013.
Central Kitsap School District	**Premium Differential Reduction**	In 2013 the WEA continued to re-tier premiums for the Premera plans offered by CKSD to reduce the differential between the employee-only and full family coverage.

Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
		CKSD continues to examine in detail, various proposals to make progress towards a 3:1 premium sharing ratio for employees. Through the IAC meetings and discussions with administrators and bargaining groups, it has been noted that any drastic changes in premium shares would cause significant changes in employee enrollment and could cause the district to overspend available funding. The District continues to consider all options carefully, and have discussed Memorandums of Understanding with bargaining groups in order to make any changes to current funding easier to implement. The IAC has continued to engage in active discussions about making progress, and intends to review additional methods moving forward. Central Kitsap School District continues to work with our insurance carriers to offer benefits that meet the criteria outlined in the law. WEA Select Plans – Passed on lower increases to dependents than to employee only tiers for the past two years. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. WEA Select Plans – used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage. New medical plans offered by KPS and Group Health offered lower premiums on most plans than the proposed renewal from Premera – freeing up additional money for employees with dependents.
Central Valley School District	**Administrative Cost Reduction**	Premera Blue Cross has reduced its overall administrative costs to 6.3%.
Central Valley School District	**Cost Savings**	Most medical plans offered many "in network" providers and extensive wellness programs, newsletters/magazines, customer service departments, on-line tools a variety of health resources.
Central Valley School District	**Customer Service**	Benefits are discussed with employees when they are hired, at New Teacher Orientation and in a Classified staff development class. A Benefits Fair is held each year at alternating locations where employees can obtain information and discuss their medical needs with providers. Worksheets for comparing/evaluating medical plans are available. We have a Benefits Page on our Intranet with customer service phone numbers, medical plan information and a worksheet for calculating out-of-pocket costs. Employees also have access to an Employee Assistance Program. Most medical plans offered perform customer surveys, have customer service departments, on-line tools and a variety of health resources. Insurance Committees were formed within each bargaining group to discuss and review benefits.
Central Valley	**Part-Time**	Access to coverage and funding is provided to most part-time employees working at least 17.50 hours per week. Low cost

The Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. Premera offers semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. Premera has dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Cheney School District	**Part-Time Employee Coverage Protection**	We continue to provide coverage to part time employees, with eligibility requirements of .5 FTE for Certificated, Admin, or Non-represented employees, and 20 hours per week for classified staff. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups.
Cheney School District	**Premium Differential Reduction**	See above under Affordability. We removed some of the more expensive plans that had been offered at the district historically for lower cost plans. Carriers are working to shift costs from families to employee only enrollees as well. WEA Premera gave lower increases to dependents than to employee only tiers for the past three years. WEA Premera added lower cost options, such as the Easy Choice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Chewelah School District	**Administrative Cost Reduction**	The District is making progress toward reducing administrative expenses in a few different ways. We are reviewing carrier bids and looking for insurance options that will lower the cost and/or increase the benefit to both our employees and the district. We are considering moving to a different carrier option that our benefits consultant can represent and thus receive direct commissions instead of paying consulting fees in addition to AON's fees with our current WEA Premera plans. We pay our consultant a flat dollar amount for their services, which limits variations in fees/commissions based on enrollment. We encouraged enrollment in HDHP/HSA plan, which has a lower premium. This resulted in increased enrollment in the plan,

District	Category	Efforts and Achievements
		and thus lower fees/commissions. WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business - including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific-the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Chewelah School District	**Cost Savings**	We offer an array of benefit plan options that intends to meet all employee needs related to both cost and benefits. We offer opportunities for our employees to meet one-on-one with benefits specialists prior to enrollment to ensure that employees are making the most cost effective decision to meet their needs. WEA Select Medical Plans through Premera: A. Provider contracting-Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard-(Premera's national "Blue" network) has negotiated discounts that are the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure thay are appropriate, and cost and care-efficient. G. Member 360 dashboard-Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty druts. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Chewelah School District	**Customer Service**	Our benefits committee features representatives from each employee group at the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We also provide the opportunity for each of our employees to receive one-on-one conseling about the benefit options available to them. We provide a benefits handbook with contact information for each service provider, along with summaries of each of the plans available to them. Our benefits fair provides employees with an

District	Category	Efforts and Achievements
		opportunity to interact with benefit carriers and consultants to become more familiar with their plan offerings. We also provide periodic communications on helpful benefit topics, along with wellness topics. WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning(tm)"-leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes-which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escaleted or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Chewelah School District	**Part-Time Employee Coverage Protection**	We continue to provide coverage to part time employees, with eligibility requirements of .20 FTE for Certificated, or Admin employees, and 17.5 hours per week for classified and Non Represented staff. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups. WEA Select Medical Plans through Permera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with ever fewer hours worked providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Chewelah School District	**Premium Differential Reduction**	See above under Affordability. Carriers are working to shift costs from families to employee only enrollees as well. WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.

Concrete School District	**Premium Differential Reduction**	Continued HDHP Plan
Conway School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and

District	Category	Efforts and Achievements
		lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Conway School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims pair are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area.

District	Category	Efforts and Achievements
		D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Conway School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits.

District	Category	Efforts and Achievements
		B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/ designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.

School District	**Cost Reduction**	
Coulee-Hartline School District	**Cost Savings**	The district contracts with the PEBB Program, whose cost-saving measures include: • Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. • Purchasing coverage for medical tools and procedures that are evidence based. • Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits.
Coulee-Hartline School District	**Customer Service**	PEBB offers dieseas management, wellness programs, health assessments, etc.
Coulee-Hartline School District	**Part-Time Employee Coverage Protection**	District policy is that all half-time employees are eligible for insurance.
Coulee-Hartline School District	**Premium Differential Reduction**	The District chose the composite rate structure through PEBB which is in line with ESSB 5940. Increase in state dollar allocation for full family coverage would reduce the differential between employee only and a full family coverage.
Coupeville School District	**Administrative Cost Reduction**	Pursue providers that are working toward reducing admin costs
Coupeville School District	**Cost Savings**	District contracts with broker to evaluate best cost/coverage options for our employees
Coupeville School District	**Customer Service**	All providers have websites with access to info about employee's benefits. The websites also provide educational info about wellness
Coupeville School District	**Part-Time Employee Coverage Protection**	Providers gave lower increases to dependants than employee only tiers
Coupeville School District	**Premium Differential Reduction**	Providers gave lower increases to dependants than employee only tiers

GROUP HEALTH: Efforts are underway to improve our administrative capabilities and care management solutions to respond to external forces, such as the evolving market of healthcare reform. We will continue to engage in comprehensive efforts to implement the Affordable Care Act, which includes investing in new capabilities and infrastructures that advance our abilities to meet the demands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways. At Group Health, we have been on the forefront of understanding and implementing healthcare reform changes to ensure our customers have no disruption in receiving high quality, affordable service and care.
Dayton School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to

District	Category	Efforts and Achievements
		Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective. GROUP HEALTH: We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We also promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. We also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Dayton School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support

District	Category	Efforts and Achievements
		decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans. GROUP HEALTH: We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We also promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. We also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Dayton School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Dayton School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Deer Park School District	**Administrative Cost Reduction**	We worked with our insurance consultant to switch from a % of premium comission to a flat per member per month fee that will limit future increases in comission costs, and not provide an automatic increase in comission every time the premium increases. Efforts are underway to improve Group Health's administrative capabilities and care management solutions to respond to external forces, such as the evolving market of healthcare reform. Group Health is continuing to engage in comprehensive efforts to implement the Affordable Care Act, which includes investing in new capabilities and infrastructures that advance their abilities to meet the demands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways. Group Health has been on the forefront of understanding and implementing healthcare reform changes to ensure our customers have no disruption in receiving high quality, affordable service and care.
Deer Park	**Cost Savings**	We offer an array of benefit plan options that intends to meet all employees needs related to both cost and benefits. We

Washington State Office of the Insurance Commissioner

School District		offer opportunities for our employees to meet one-on-one with benefits specialists prior to enrollment to ensure that employees are making the most cost effective decision to meet their needs. We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We utilize Group Health to promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. Group Health also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Deer Park School District	Customer Service	Our benefits committee features representatives from each employee group at the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We also provide the opportunity for each of our employees to receive one-on-one counselling about the benefit options available to them. We provide a benefits handbook with contact information for each service provider, along with summaries of each of the plans avilable to them. Our benefits fair provides employees with an opportunity to interact with benefit carriers and consultants to become more familiar with their plan offerings. We also provide periodic communications on helpful benefit topics, along with wellness topics.
Deer Park School District	Part-Time Employee Coverage Protection	We continue to provide coverage to part time employees, with eligibility requirements of .5 FTE for Certificated, Admin, or Non-represented employees, and 20 hours per week for classified staff. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups.
Deer Park School District	Premium Differential Reduction	See above under Affordability. We removed some of the more expensive plans that had been offered at the district historically for lower cost plans. Carriers are working to shift costs from families to employee only enrollees as well.
Dieringer School District	Administrative Cost Reduction	Distrtict has not increased costs, however,state requirements have created more staff time demands.
Dieringer School District	Cost Savings	District benefits committee looked at other insurance coverage to reduce minimum monthly charge for employees & families.
Dieringer School District	Customer Service	District has held various meetings w/bargaining units & all staff. Information is available on district website and sent to all staff members with paychecks and through e-mail.
Dieringer School District	Part-Time Employee Coverage Protection	Offered health plan in which employee premuim share does not exceed state employee share
Dieringer	Premium	Achieved 1% progress toward 3:1 ratio on minimum monthly health insurance out of pocket deduction.

Dixie School District	**Customer Service**	Thorough research on all possiblities and presentations from all.
Dixie School District	**Part-Time Employee Coverage Protection**	All part time employees at our district have the option of Health coverage.
Dixie School District	**Premium Differential Reduction**	Everyone pay a portion the same to even out the insurance pool
East Valley School District (Spokane)	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera’s “Lean” workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA’s administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan’s auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.

Easton School District	**Administrative Cost Reduction**	PARTICIPATE IN HCA PEBB PLAN
Easton School District	**Cost Savings**	PARTICIPATE IN HCA PEBB PLAN
Easton School District	**Customer Service**	PARTICIPATE IN HCA PEBB PLAN
Easton School District	**Part-Time Employee Coverage Protection**	ALL ELIGIBLE EMPLOYEES ARE COVERED THROUGH HCA PEBB, ALL AT THE SAME RATE
Easton School District	**Premium Differential Reduction**	HCA PEBB RATES FULFILL THIS REQUIREMENT
Eatonville School District	**Administrative Cost Reduction**	Eatonville has reduced the cost of paper and additional internal administrative costs by offering an electronic platform that houses communication materials, forms, educational tools for employees and their families to access 24/7. We also negotitated with our Insurance Broker to Maintain their yearly fee for 3 years.
Eatonville School District	**Cost Savings**	Eatonville offers an interactive excel spreadsheet comparison that illustrates a high level side-by-side plan review of the estimated out-of-pocket. expenses that an employee and family will experience based on their estimated utilization of benefits and (pre-pooling) employee premium share. This gives employees and their families a better understanding of which plan could potentially be the best fit for them. In October 2013 we also changed our Medical Insurance from the WEA Premera Plans to Group health First Choice Options/Hmo Plans which saved well over the 17% increase in premiums WEA plans experienced.
Eatonville School District	**Customer Service**	Eatonville School District employees and their families have access to an Employee Service Advocate Programs available through our Employee Benefit Broker/Advisor. We have a benefits Committee that meets regualrly and brings comments/concerns from employees to the table for discussion. We hold educational sessions as necessary to keep our employees and their families informed. We hold annual benefits fair and send out monthly newsletters.
Eatonville School District	**Part-Time Employee**	Our practice is to offer benefits to employees that work 17.5 hours and 20 hours per week depending on employee classification.

Eatonville School District	Coverage Protection Premium Differential Reduction	Contribution strategy based on core WEA Select EasyChoice plan as discribed on line #5.
Edmonds School District	Administrative Cost Reduction	Premera has been a leader in "Lean" thinking since 2005. The goal is to improve quality, improve the enrolee experience, improve efficiency while eliminating wasted time and work efforts to lower expenses. WEA's administrative costs have been under 6% for over 11 years. The Premera BlueCard provides significant savings to Premera enrolees traveling or residing outside the Premera service area. In addition, the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and rpovides quick turnaround on payment for services.
Edmonds School District	Cost Savings	Premera has the highest number of "in network" providers resulting in lower claims costs, the volume of enrollment in Premera assists in negotiating higher discounts locally and nationally, evidence-based medical initiatives allow Premera to provide cost effective care and alternative care based on the enrollees needs, Premera provides real-time access to consumer decision-support resources to help enrollees, Premera's Member 360 dashboard is a proprietary tool that uses more than claims to identify enrolees with specific health care needs. Our medical plans include copayments for ER visits that are waived if admitted, copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs.
Edmonds School District	Customer Service	Our medical carriers each provide a website with access to information about an employee's benefits, employees may access their health information on-line, schedule appointments, communicate with physicians electronically as well as receive support in decision making and healthier lifestyle choices.
Edmonds School District	Part-Time Employee Coverage Protection	We provide access to benefits for part-time employees who work at least 17.5 hours per week. We also provide low cost plan options for them to choose from.
Edmonds School District	Premium Differential Reduction	We gave lower increases to dependent than to employee only tiers for the past three years, added a lower-cost option olans such as the Easy Choice or QHDHP.
Ellensburg School District	Administrative Cost Reduction	WEA Select Medical Plans through Premera:A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera’s “Lean” workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA’s administrative costs have been under 6% for over 11 years.B.

District	Category	Efforts and Achievements
Ellensburg School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera:A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan.Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan.C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Ellensburg School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera:A. Gave lower increases to dependents than to employee only tiers for the past three years.Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Elma School District	**Administrative Cost Reduction**	A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses a new TPA, Aon Hewitt to use software and new enrollment processes to help keep costs down.
Elma School District	**Cost Savings**	A. Premera has the following included in all the WEA medical programs a. Provider contracting – has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network"). The district contracts with the PEBB Program.
Elma School District	**Customer Service**	A. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out of pocket costs for the enrollee or their family. The website provides education on which plan best fits individuals needs. Employees are now able to enroll on line thus saving time and resources.
Elma School District	**Part-Time Employee Coverage Protection**	A. WEA Select Plans when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. B. WEA Select Plans added lower cost options such as Easy Choice and QHDP.
Elma School District	**Premium Differential Reduction**	A. WEA Select Plans – Passed on lower increases to dependents than to employee only tiers for the past two years. B. WEA Select Plans added lower cost options, such as the EasyChoice plans that have lower premiums and the Qualified High Deductable Health Plan giving employees more choices.
Endicott School District	**Administrative Cost Reduction**	A. (The District will need to state if they have done something specific in this area, if appropriate) B. Premera has been a leader in implementing "lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "lean" workshops so they can incorporate them into their own business.- including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years.

Group Health-We worked with our insurance consultant to swith from a % of premium comission to a flat per member per month fee that will limit future increases in comission costs, and not provide and automatic increase in comission every time the premium increases. Efforts are underway to improve Group Health's administrative capabilities and care management solutions to respond to external forces, such as the evolving market of healthcare reform. Group Health is continuing to engage in comprehensive efforts toimplement the Affordable Care Act, which includes investing in new capabilities andinfrastructures that advance their abilities to meet the demeands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways. Group Health has been on the forefront of understanding and implementing healthcare reform changes to ensure our customers have no disruption in receiving high quality, affordable service andcare.
Endicott School District	**Cost Savings**	Premera has the following included in all the WEA medical programs a. Provider contracting- has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network") b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard- Premera's national "Blue" network- has negotiated discounts that are the highest within the state and provides

		significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs. e. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective. The district contracts with the PEBB Program, whose cost-savings measures include:~ Managing the medical plans' prescription-drup costs by promoting generic drug use through a lower-cost benefit design. ~Purchasing coverage for medical tools and procedures that are evidence based. ~Adopting PEBB's dependent verification eleibility processes, to ensure only eligible family memebers receive benefits. Group Health-We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightley manage provider contracts. We utilize Group Health to promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. Group Health also provide complex case management to help memebers with chronic or acute conditions receive the best medical treatment available.
Endicott School District	**Customer Service**	A. (The District will need to state if they have done something specific in this area, if appropriate) B. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. C. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. D. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. E. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. F. Premera provides an array of services

District	Category	Efforts and Achievements
		from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. G. WEA Select Plans- semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions. H. WEA – has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans. The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage. Group Health---Our benefits committee features representatives from each employee group at the distric, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We provide a benefits information with contact information for each service provider, along with summaries of each of the plans available to them. We also provide periodic communications on helpful benefit topics, along with wellness topics.
Endicott School District	**Part-Time Employee Coverage Protection**	A. (The district will need to state if they have done something specific in this area, if appropriate). B. WEA Select Plans- when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. C. WEA Select Plans- added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. Group Health-- We continue to provide coverage to part time employees, with eligibility requiremnts of 30 hours per week. this eligibility requirement is the same as the federal requirement.
Endicott School District	**Premium Differential Reduction**	Group Health- See above under Affordability. We removed some of the more expensive plans that had been offered at the district historically for lower cost plans. Carriers are working to shift costs from families to employee only enrollees as well.
Entiat School District	**Administrative Cost Reduction**	WEA SELECT PLANS through PREMERA: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Everett School District	**Customer Service**	1-We are continually improving our activities in our Wellness Program offerings. 2-Open enrollment benefit fairs to have representatives on hand to explain benefits to the employees and their families. We include flu shots for those that want them. 3-Offer the supplemental programs that the employees are looking for at affordable costs.
Everett School District	**Part-Time Employee Coverage Protection**	1-We offer our plans to benefit FTE .333 which is a lower FTE than the state provides to their employees. We continue to try and offer options for all employees needs.
Everett School District	**Premium Differential Reduction**	1-We already meet this requirement with all of our plan offerings for the percentages that the legislature has required of school districts.
Evergreen School District (Clark)	**Administrative Cost Reduction**	District has reduced the number of medical plans offered and has contracted with new broker that provides and supports the district with detailed information related to all costs associated with our insurance plans.
Evergreen School District (Clark)	**Cost Savings**	District is working with our insurance broker to negotiate lowest premium amounts for adequate coverage for all of our eligible employees.
Evergreen School District (Clark)	**Customer Service**	Several of our plans now offer some means of video appointments, with one even setting up a video kiosk at one of our schools where employees can have provate video appointments with medical providers, reducing the time needed away from work site for appointments.
Evergreen School District (Clark)	**Part-Time Employee Coverage Protection**	All District employees that meet the requirements for medical coverage receive their pro-rated dollars of the insurance allocation from the State.
Evergreen School District (Clark)	**Premium Differential Reduction**	Insurance Plans have informed us that they are increasing premiums on the employee only coverage at a higher rate than for the family coverage. The District moving to a 2% minimum payment per month also will make additional dollars remaining in the pool for those employees that have the higher level premiums.
Evergreen School District (Stevens)	**Administrative Cost Reduction**	Due to the small size of Evergreen, we do not have any direct administrative overhead related to providing our employees with benefits.
Evergreen School District (Stevens)	**Cost Savings**	Evergreen continues to use WEA as the primary benefits provider and we rely on them to make sure that we continue to get the best possible rates.
Evergreen	**Customer**	Through Aon Hewitt's new employee portal website, employee's now have the ability to see there benefit information as well

School District (Stevens)	Service	as make changes during open enrollment.
Evergreen School District (Stevens)	Part-Time Employee Coverage Protection	Evergreen School District has continued to offer benefits to all part time employees that work on a regular basis based upon their FTE. The district plans to continue this practice in the foreseeable future.
Evergreen School District (Stevens)	Premium Differential Reduction	The mix of employee's at Evergreen School District has been such that we do not have any full family coverage, therefore, this has not been a point of focus for our district.
Federal Way School District	Administrative Cost Reduction	FWPS's administrative expenses for health care are nominal.
Federal Way School District	Cost Savings	The District and it's Benefits Committee has surveyed the market to assess the viability of implementing a self-insured dental plan. The vendor interviews are scheduled for mid-June, with an implementation, if desired for next plan year.
Federal Way School District	Customer Service	A. Workshops were held to assist employees with enrollment in the Washington Health Exchange. B. We hold a benefit fair each year in an outreach effort to educate employee on the changes in coverage and what choices they can make to reduce their costs. C. Benefit Booklets are prepared and posted on the District web site. D. In addition to a standing Benefits Committee, District staff are often invited to various union meetings to discuss and various benefit offerings.
Federal Way School District	Part-Time Employee Coverage Protection	Classified employees working a minimum of 20 hours per week during the school year are eligible for medical coverage. Certificated employees working 1/2 time or more are eligible for medical coverage. While state funding formulas translate the difference between certificated and classified "FTE" (1440 hours vs 2080 hours) as a 1.152 adjustment, classified staff in FWPS for benefit purposes are treated the same way as certificated staff. We are moving to the 3:1 ratio so that those employees with employee only coverage subsidize those covering dependents.
Federal Way School District	Premium Differential Reduction	We have a high deductible medical plan along with a medical spending account. We continue to pool the employer benefit dollars allocated to each group. We have worked to educate employees on the impact of their choice of coverage so people do not cover more than they need to. We have included the possible 3:1 ratio in our contract negotiations with our various bargaining units. We are working with our software vendor to redo our pooling calculations so we can implement the 3:1. These changes in pooling will be implemented over the next three years for all district employees, resulting in lower family out-of-pocket and higher employee only out-of-pocket.
Ferndale School District	Administrative Cost Reduction	We worked with carriers and our consultants to reduce administrative costs within both our fully-insured and self-insured plans, however, Premera Blue Cross doesn't provide the district with a summary of administrative costs so it is not possible to have an impact on those plans.
Ferndale School	Cost Savings	We have implemented the following steps: 1. Consumer Driven High Deductible Health Plan with an optional Health Savings

Washington State Office of the Insurance Commissioner
K–12 School District Data Collection Project
Exhibit A19b
Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
District		Account offered as of 10/01/12. 2. Use of purchasing consortium/interlocal to purchase some benefits at a lower cost across several districts.
Ferndale School District	**Customer Service**	We have worked to provide improved customer service by: 1. Providing a comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 2. Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits. 3. Ensuring that all health plans offered provide a comprehensive nurse line and telephonic customer service and support for all members. 4. Continuing to work with AON Hewitt's online tool for those eligible employees.
Ferndale School District	**Part-Time Employee Coverage Protection**	We have continued to work with all bargaining groups to determine the appopriate eligibility requirements to meet their specific group's benefit needs.
Ferndale School District	**Premium Differential Reduction**	We have done the following: 1.Implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents. 2. We offer pooling in all bargaining groups.
Fife School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: Premera has been the leader in implementing "lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations particiapate "lean" workshops so they can incorporate them into their own business - including the state of Washington, various provider groups, etc. Through "lean", Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Fife School District	**Cost Savings**	Premera has the following included in all WEA medical programs: Provider contracting-has the highest number of providers "in network" in the state (98% + of all claims are paid "in network". The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over1.7 million members and over 127,000 of those enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc.) Premera's national blue network has negotiated discounts that are the highest within the state and provides a significant savings to Premera enrollees who travel or reside outside the Premers service area. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriste alternative care based on the member's needs. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. Provider advisory groups for medical and

District	Category	Efforts and Achievements
		pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. Member 360 dashboard-proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. Plans include copayments for emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. Programs that monitor controlled medical substances to provide protection for members. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Fife School District	**Customer Service**	WEA Select Medical Plans through Premera provides a website with acces to information about the employee benenfits-this includes a cost estimator which helps them to determine what provider may reuire less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benenfits. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. Premera's "lean" workshops include Customer Service, claims and billing processes which they continue to focus on in order to improve the member experience. WEA select plans-The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benenfits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. WEA selct plans- semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans. Fife School District also provides employees access to "Employee Benefits Center" which gives them comprehensive information on medical plans offered and allows them to estimate out-of-pocket expenses. We also offer an annual employee benefits fair.
Fife School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera have provided access to coverage for part-time employees working 17.5 hours a week. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Fife School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera gave lower increases to dependents than to employee only tiers for the past three years. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Finley School District	**Administrative Cost Reduction**	Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses.

District	Category	Efforts and Achievements
		Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. – including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.
Finley School District	**Cost Savings**	Premera has the following included in all the WEA medical programs a. Provider contracting – has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network").b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard – Premera's national "Blue"network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs.e. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Finley School District	**Customer Service**	Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. WEA Select Plans –The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. School District	**Service**	vision. WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Grandview School District	**Part-Time Employee Coverage Protection**	As per union contracts, all employees that are .5 FTE or higher are eligible for each plan offered to full time employees and access to additional insurance dollar pools funded by the district for the unions. WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Grandview School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.

Granger School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Granger School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.

Harrington School District	**Customer Service**	Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits.
Harrington School District	**Part-Time Employee Coverage Protection**	The District offers employees that work 20 hours a week benefits
Harrington School District	**Premium Differential Reduction**	There is a percentage of out-of pocket for all contributing memebers
Highland School District	**Administrative Cost Reduction**	WEA auto adjudication rates remain high within Premera which reduces the need for manual intervention.
Highland School District	**Cost Savings**	High number of 'in network' providers; evidence based medicial initiatives; provider advisory groups; plans that include copayments for ER; programs that monitor controlled medication substances
Highland School District	**Customer Service**	Provides website with access to information about employee benefits which includes cost estimator which helps employee determine which providers require less out of pocket costs. Also provides educational information about wellness programs and plan benefits.
Highland School District	**Part-Time Employee Coverage Protection**	Have always offered access to coverage for part time employees; added lower cost options such as EasyChoice plans and HDHP.
Highland School District	**Premium Differential Reduction**	Gave lower increases to dependents than to employee only tiers for the past three years. Added lower cost options such as Easy Choice plan that have lower premiums and many first dollar benefits and added HDHP.
Highline School District	**Administrative Cost Reduction**	1. By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative expenses wherever possible. 2. Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums. Please note, that there are some carriers such as Premera Blue Cross that don't provide the district with a summary of administrative costs so it is not possible to have an impact on those plans. WEA Select Medical Plans through Premera:

District	Category	Efforts and Achievements
		A. Premera has been a leader in implementing "Lean" thinking since 2005. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Highline School District	**Part-Time Employee Coverage**	1. We have continued to work with all purchasing / bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs.

District	Category	Efforts and Achievements
	Protection	2. Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1st, 2014. WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Highline School District	**Premium Differential Reduction**	We have done the following: 1. Implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents. 2. Encouraged employees that do not need health plan coverage to waive off of the district offered plan, resulting in an increase to pooling dollars. 3. Established HSA employer contribution of $125 per employee per month, resulting in increase to pooling dollars. 4. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars available to those covering dependents. WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Hockinson School District	**Administrative Cost Reduction**	DISTRICT: We made an effort to educate our staff on their options. We created spreadsheets with various plans at each tier level so they could see how much their state dollars would buy them. We paired this with Summary of Benefits so they could compare plan values. We had an instruction sheet on what paperwork needed to be completed for each plan. It seemed to streamline the process.

		PREMERA: WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services. KAISER: Kaiser Permanente Northwest (KPNW) has adopted a Lean Six Sigma management system and has been building the capability since 2006. This innovative approach includes National Labor Management Partnership at the frontline level. This system is based on the attributes of high-performing organizations and incorporates features of quality management systems—including Lean, Six Sigma, and the Institute for Healthcare Improvement's Model for Improvement. KPNW currently has a Greenbelt and Blackbelt program for our leaders and entire organization with 15 certified Blackbelts and 45 certified Greenbelts. In addition our National Improvement Institute program has trained over 400 frontline teams. Annual advanced skill training in process improvement is provided to our frontline teams for continuous development of these skill sets. Our Lean Six Sigma Journey continues in 2013 and includes the following: • Green Belt Certification Program • Rapid Improvement Event Program • Sponsor/Champion Program • Consultant Development Program • Experiential learning in Lean/Six Sigma tools and approaches for Leaders A number of managers have become Lean certified through creating systems improvements in scheduling, back office process design, and interdepartmental communication.

Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
Hockinson School District	Cost Savings	Our Major focus in 2012 and 2013 has been to improve the service experience by enabling more care inside our own system and by improving access. We were able to achieve breakthrough performance changes in both areas. Specific examples of internalizations that have also improved service are Ventricular Assist Device, Retinal Surgery, Oncology in the Salem area, and Dialysis Access. DISTRICT: The district shares information via email to our employees on ways to stay healthy. We receive information from our carriers on eating healthy, healthy habits, information about flu shot clinics etc. That we share with our staff. PREMERA: WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims pair are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective. KAISER: • In 2013, we are building on success and momentum from 2012 performance to execute over $100m in initiatives through internalization, elimination of waste and care transformation.

District	Category	Efforts and Achievements
		• Expanded Onsite Wellness Partnerships • The Drug Utilization Action Team is continuing improvement in pharmaceutical costs by effective and timely conversions to generic products, working with providers to ensure appropriate usage and prescribing patterns, and leveraging lower cost formulary products whenever clinically appropriate. Current work also includes providing unblinded data on physician prescribing patterns by provider name, location, and specialty for specific targeted drugs. Individual physicians have access on a protected website with click-through graphics and comparisons. This initiative saved over $30M in 2012. Since the inception of this initiative in 2006, it has saved KPNW over $150M. We have several advantages inherent to our model which facilitate appropriate clinical and financial incentives to optimally manage specialty care, hospital care, ancillary care, and home health care. Our physician payment model is a combination of salary and variable compensation. The variable compensation is based on achieving key service, access, quality, resource stewardship, and productivity targets. Outcomes are tracked, reported and managed regularly using transparent data. We are able to deliver all of the elements listed within the current Kaiser Permanente delivery system. Our "glue" is our electronic medical record that is built around the patient with all elements of the delivery system using this singular tool. Our strength is the integration of our delivery system. We are one entity, so we have solved the financial issue around incentives for coordination and cooperation. Northwest Permanente P.C. (NWP) is an integrated medical group that includes Primary Care and Specialty Care together under one organizational umbrella. All providers are salaried with pay for performance incentives which are balanced between Quality/Evidence-Based Medicine, Service, Productivity and Resource Stewardship. This reimbursement model creates appropriate alignment to deliver high-quality affordable care. We do not have an incentive payment model that results in perverse incentives to over-treat and compromise our commitment to evidence based medicine. We not only embed evidence-based guidelines into our electronic medical record, we design our referral process around the proper scope of practice between primary and specialty care. The electronic referral process is mutually worked by both primary and specialty care and uses evidence based medicine, and expert consensus opinion. This process discourages unnecessary variation in care for common conditions. We use shared decision making to determine when a specialist or test is needed, but remain focused on the voice of the customer through the process. We ensure through our electronic systems that we do not duplicate tests. We have significantly reduced our re-admission rates through our transitions in care process which connects patients to primary care and pharmacy upon discharge. Evidence-based guidelines are embedded into our electronic medical record. We have established agreements on evidence,

District	Category	Efforts and Achievements
		and indications to allow primary care referrals to specialty care and specialist referrals to outside consultants for unusual circumstances. We track referrals regularly to monitor appropriate utilization and staffing needs. We track imaging utilization down to the individual provider level for critical imaging services in order to support evidence-based ordering. The Kaiser Permanente Dental Care Program (KPDCP) has demonstrated with multi?disciplinary clinical teams, care coordination and integration with our medical services, that we are totally committed to fully integrate our dental capability within this total health model. Our Dental Care Program envisions a future where our dental and medical providers work side-by?side at a heightened level to coordinate our members' care. When both medical and dental plans are with Kaiser Permanente, members have access to: • Services in one convenient location, or nearby: doctors, dentists, optometrists, pharmacy and lab. • The ability to fill prescriptions at a Kaiser Permanente pharmacy located near, and sometimes, at the same location as the dental office. • An integrated care model with our dental offices having access to pertinent member electronic medical information to help identify preventive screening gaps and provide member reminders for medical tests that are due. • Electronic medical records dentists can access with the most updated list of medications and allergies. This ensures the unparalleled safety for patients that are receiving care in our integrated model • Screenings at dental appointments to check for signs of diabetes, high blood pressure, and oral cancers with direct referrals made to a Kaiser Permanente medical physician when risks are identified. • Use of Kaiser Permanente medical Tumor Registry TRAK electronic system for all oral tissue biopsies performed in the dental care program. This registry records biopsy results and tracks cases to ensure follow?up is appropriate and timely. • Tobacco use screening for patients over the age of 13 at every exam appointment, and offered referral assistance to health coaches for those members who want assistance in quitting smoking. We partner with community providers, including OHSU, Salem Hospital, Providence St. Vincent, and starting in the fall 2013, Legacy Salmon Creek Medical Center, along with others to provide care to our members. Our relationships with strategic hospital partners and providers are designed to closely mirror our Kaiser Permanente integrated care model. For example, Northwest Permanente hospitalists and specialists are part of the hospitals' medical staff, and retain the responsibility of managing Kaiser Permanente members onsite at the contracted hospitals. Maximum integration of the hospitals' and IT systems to ensure timely exchange of clinical data in support of patient care is an essential component of our relationships with our hospital partners. Northwest Permanente physicians actively collaborate with other physicians and hospital administration on joint quality improvement projects, and routinely share best practices to improve, not just the health of KP members, but the health of the community of patients served by the hospital.

District	Category	Efforts and Achievements
		Performance-based payment models are included in the contracts with our strategic hospital partners as well as our medical group partner, The Portland Clinic. We collaborate closely to select measures that will positively impact quality, patient satisfaction, and safety, and that have the greatest potential for positively impacting the care of the entire patient population served by the hospital or clinic. Selected hospital metrics include readmission rates, patient falls, surgical site infection rates, and patient satisfaction with care received at that hospital. We set yearly inpatient utilization targets using PDR (patient day rate) and track them regionally and by medical office. We have a focused approach to optimizing inpatient care and utilization which we call IQM (inpatient quality management). The key elements of IQM are: • Ensure patients receive the right care in the right place, at the right time, with the right person. o Hospitalists make all medical admission decisions and determine appropriateness. If the patient needs a specialty admission, the specialist makes the decision (this approach contrasts with many systems in which admission decisions are made primarily by ED clinicians). • Systems to ensure an appropriate "pause" to be sure all providers agree on the planned admission. • Systems to ensure exceptional communication between hospitalists, Emergency Department (ED) clinicians, and specialists. • Care coordinators are paired with ED, hospitalist teams and specialty teams. • The admission teams are expected to plan the length of stay. • Formal IQM rounds 3 days/week at Kaiser Sunnyside Medical Center (KSMC) to identify any system issues that are delaying necessary care. • Our Skilled Nursing team is linked in with KSMC care coordinators to optimize timely placement of patients to Skilled Nursing Facilities. • Our IQM rounds focus on the most common issues that delay care and result in lack of optimal care (uncontrolled pain, unidentified palliative care issues, long lengths of stay, family and social issues). We also track short length of stays to determine if there were potential alternatives to admission. The core elements we track and monitor to ensure we deliver excellent inpatient care include: • Patient Day Rate across the region and by medical office building. • Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) scores. The HCAHPS survey is a national, standardized, publicly reported survey of patients' perspectives of hospital care. We believe that as we improve

District	Category	Efforts and Achievements
		communication and patient engagement, our HCAHPS scores improve and IQM improves. HCAHPS scores are individually measured by hospitalists and part of their performance evaluations. We have a dedicated team of physicians who are dedicated to ongoing improvements in physician communication with hospital staff, patients and families. • Readmission rate is tracked overall for all hospitals and down to the individual clinician level when appropriate. We have a Transitions team that reviews all readmissions to identify potentially avoidable readmissions. • Length of Stay is tracked to individual hospitalists and by specialty department and in selected circumstances to the individual specialist. o Hospital acuity adjusted mortality o TJC measures • Our pathology department leads efforts to ensure appropriate laboratory testing utilization. • Productivity targets set against national and local hospital benchmarks and departmental level tracking of performance utilizing Action OI national hospital database (Action OI (operational improvement) from Truven Health Analytics, formerly Thomson Reuters, is a database that contains operational benchmarks for the hospital industry). We have systems in place to ensure that the patients get the appropriate timely follow up in both primary and specialty care. Also, similar to the after-visit summary given to patients after every visit, the patient receives a personalized hospital discharge summary that is part of their global electronic medical record. This includes information about his or her hospital course, instructions, medications, follow-up plans, as well as whom to call. Our dedicated preventive approach provides a remarkable combination of lower-cost, higher-quality care. Because we're set up differently, we're aligned to better deliver what matters to you: improved health, better clinical outcomes, more value, and consistent service. Our integrated care has both the mission and the ability to focus on prevention. It's an approach that helps keep your employees healthier and your costs lower, because it costs less to prevent chronic conditions than it does to treat them. This focus on prevention helps keep our members healthier—and as a result, members incur fewer costs in the more expensive treatment categories, such as procedures, surgeries, and hospital admissions.
Hockinson School District	**Customer Service**	DISTRICT: We held a fantastic benefits fair with representatives from our carriers where they could learn more about specific plans. We also have a website where employees can go to get forms or information. PREMERA: WEA Select Medical Plans through Premera:

District	Category	Efforts and Achievements
		A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans. KAISER: Kaiser Foundation Health Plan of the Northwest received the highest numerical score among commercial health plans in the Northwest region in the proprietary J.D.Power and Associates 2012 U.S. Member Health Plan Studysm (jdpower.com). Proprietary study results are based on experience and perceptions for members surveyed December 2012 – January 2012. One way we provide better service to Washington School District employees is by providing a variety of clinical access alternatives that make it easy for school employees to access their physicans in a variety of ways. For example, employees can email their physicians, view lab results online, have telephone consultations with their physicians and access a 24 hour nurse advice line all at no additional cost or time away from work. Quality Improvement Practices we are currently undertaking • Reduction of Surgical Site Infections Kaiser Sunnyside Medical Center (KSMC) o In 2010, reduced surgical site infections by 36% overall. o Used a Lean approach to standardize certain surgical tasks, surgical apparel, and body temperature regulation. o As a result, the patients are not exposed to an unnecessary risk of infection and their inpatient stays are not extended due

District	Category	Efforts and Achievements
		to infection. • Culture of Safety Work including Patient Safety University in the ED o Implemented staff surveys to assess culture at the work-team level. o Added a patient advocate to the hospital's Quality Council, with a commitment to initiate a Patient Advisory Council in 2012. o Trained a pilot group of surgeons on specific behaviors designed to improve communication in the operating room. o Implemented surgical checklists and pre- and post-operative briefings. o This work produces higher quality and safer care for each patient that is hospitalized. • Contracted with Pascal to improve safety culture and teamwork in the ED. • Glycemic Control project (across ED and Patient Floors KSMC) o Reduced 30-day readmission rates from 20% to 15% or lower (surpassed target of 18.34%) for diabetic patients in 2011. Since 2008 the organization has achieved a 15% improvement in the percentage of blood sugar tests that result within the targeted range 100% of the time. o Successful pilot demonstrated that a diabetic patient's duration in the hospital is decreased if he or she receives coordinated follow-up following discharge from the hospital. o Integration with Transition and Ambulatory Care and engagement with member, family and care givers contributes to decreased readmission rates • Sepsis and Early Goal Directed Therapy on patient floors at KSMC o Reduced mortality rates from sepsis from 11.6% (2009) to 6.7% (2011). o Oral Health Classification System (OHCS) – the OHCS will be outcome-based and allow us to measure the dental wellness of an employer group. It will: o Establish parameters to define the oral health of a member population/subpopulation. o Consist of four Oral Health indicator levels (OHI-1, OHI-2, OHI-3, OHI-4). • Use the OHI as a monitor to target at-risk groups (requiring emergent periodontal needs, caries control, root canals, extractions etc) and more expeditiously introduce preventive measures by vectoring resources to these populations. o Result in improved and sustained oral and consequently total health for our members and cost savings for employer groups. •Proactive Panel Support o Pharmacist and support staff provide consistent population and evidenced-based proactive care (patient engagement, healthy lifestyles, treat to target, adherence, medication reconciliation, etc.) to all members of eligible populations. Current focus includes Diabetes, Hypertension, and Cardiovascular Risk. • Unit-Based Team Process Improvement to streamline processes and decrease wait time of New Insulin Start Program

District	Category	Efforts and Achievements
		o RN Case Managers worked on process maps and applied lean principles to streamline work. Wait time decreased from 8 weeks to < 1 week •Piloting Webinar Nutrition and Health Education classes. o Member feedback indicates webinar forums would be favored. Preliminary results indicate good participation. Expanding to other topics and experimenting with delivery formats and times. • RN Complex Case Management which meets NCQA standards o Re-defined populations o Re-defined processes, developed HC tools and trained staff to provide consistent, documented complex case management o Enhanced patient engagement, patient-centered goal setting, extensive assessment, assessment of readiness, and consistent documentation of action plans • Diabetes One Stop – Successful pilot, rolled out to all members in all clinics. Provides Navigation support for diabetes members. Includes targeted outreach, in-reach, and provides a robust triage function. oFurther coordinated in-reach and outreach with a focus on healthcare disparities to further improve colorectal cancer screening rates • Preventing Heart Attacks and Strokes Everyday (PHASE) – helping High-risk cardiovascular patients improve blood pressure control rates, lipids, glucose, and advocate tobacco cessation
Hockinson School District	**Part-Time Employee Coverage Protection**	DISTRICT: We offer medical benefits to all employees regardless of FTE. If they are less than 20 hours a week the offerings are only with Premera. Our current contract with Kaiser states they must work 20 hours per week to be eligible for Kaiser coverage. PREMERA: WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. (We allow fewer hours). B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Hockinson School District	**Premium Differential Reduction**	DISTRICT: Rates increases were somewhat higher for individual employee plans versus family plans. Our groups also voted to have dental be an optional benefit versus taking funds from the state allotment which provided more pool dollars helping families and employees in other tier groups out.

Hoquiam School District	**Administrative Cost Reduction**	At the District level, we do not have any adminstrative expenses. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. – including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.
Hoquiam School District	**Cost Savings**	All employees in our district that are eligible for medical benefits are on family vision and dental plans which allows us to receive the 10% discount offered by Premera that further lowers the costs to our employees for medical premiums.

District	Category	Efforts and Achievements
		Premera has the following included in all the WEA medical programs (all of our plans are WEA Select) a. Provider contracting – has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network"). b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard – Premera's national "Blue"network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs. e. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Hoquiam School District	**Customer Service**	a. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. b. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. c. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. d. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. e. WEA Select Plans –The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees.

District	**Service**	A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Index School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Index School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.

Issaquah School District	**Customer Service**	Online enrollment, benefits fairs
Issaquah School District	**Part-Time Employee Coverage Protection**	As a school system a vast majority of our part time employees have coverage through negotated agreements.
Issaquah School District	**Premium Differential Reduction**	Employee groups have minimum out of pocket requirements. These funds are redistrubuted in the benefit pooling process, making progression towards the 3 to 1 goal.
Kahlotus School District	**Administrative Cost Reduction**	Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years.
Kahlotus School District	**Cost Savings**	Premera has the highest number of providers "in network" in the state (98% + of all claims pair are "in-network").
Kahlotus School District	**Customer Service**	WEA Select Medical Plans through Premera provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits.

Keller School District	Administrative Cost Reduction	Due to the small size of Keller School District we are fortunate to no have any direct administrative costs relating to benefits. All time spent on managing benefits is absorbed into the Business Management Contract that Keller has with the local ESD.
Keller School District	Cost Savings	We always encourage our staff to make healthy life choices and strive to support healthy lifesyles that will in turn keep health care costs down. We currently have a walking group at lunch (as weather permits) and many employee's that are participating in a friendlyweightloss compitetion between co-workers.
Keller School District	Customer Service	We have ensured the employee's have access to assistance for logging into the Aon Hewitt site. From this site they can review their beenfits and make changesg during open enrollment.
Keller School District	Part-Time Employee Coverage Protection	Keller School District Continues to offer benefits to all part time employees based upon their FTE.
Keller School District	Premium Differential Reduction	We have been reliant in the area on the premiums that are set by Premera. As a small District with a couple of employee's that waive medical we have been able to help subsidize full family coverage with our pooling efforts.
Kelso School District	Administrative Cost Reduction	A. The district streamlined by removing the benefits officer and using Propel as our broker. The Cost is much less and the responsibilities in district are spread among staff. B. WEA Select Medical Plans through Premera: a. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera’s “Lean” workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA’s administrative costs have been under 6% for over 11 years. b. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. c. WEA Specific – the WEA Plan’s auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Kelso School	Cost Savings	A. The district bids and compares rates every year that are collect by our brokers. We also have representative from each

District	Category	Efforts and Achievements
District		bargaining group that is part of our benefits committee. Together they decide which options we will choose. B. WEA Select Medical Plans through Premera: a. Provider contracting - Premera has the highest number of providers "in network" in the state (98%+ of all claims paid are "in-network"). b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) c. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. e. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. g. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. h. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. i. Programs that monitor controlled medication substances to provide protection for enrollees. j. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Kelso School District	**Customer Service**	A. The District sends out more communication about changes and open enrollment via email, flyers, post cards, and the benefits fair. We also discuss benefit information during new employee orientation. Our website has a benefits page where employees can go and get information about each of the available benefits. All of our HR/Payroll staff is trained on benefits and able to a assist employees with questions or direct them appropriately. B. WEA Select Medical Plans through Premera: a. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. b. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. c. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. d. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. e. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. f. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support

		decision making and healthier lifestyle decisions. g. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Kelso School District	**Part-Time Employee Coverage Protection**	A. The district's bargaining units have medical benefits bargained into their bargaining agreements. We also have a bargaining committee made up of members from each bargaining unit. This committee makes the decisions on options for plans. B. WEA Select Medical Plans through Premera: a. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. b. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. c. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Kelso School District	**Premium Differential Reduction**	A. The District offers multiple plans with a variety of choices. Bargained with each of our bargaining groups for a 3% of the premium as the minimum out of pocket for each employee. This helps the pooling amount that is spread to full family coverage employees. B. WEA Select Medical Plans through Premera: a. Gave lower increases to dependents than to employee only tiers for the past three years. b. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Kennewick School District	**Administrative Cost Reduction**	N/A
Kennewick School District	**Cost Savings**	Premera has the following included in all the WEA medical programs a. Provider contracting – has the highest number of providers “in network” in the state (98%+ of all claims are paid “in network”). b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard – Premera’s national “Blue”network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member’s needs. e. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs.

District	Category	Efforts and Achievements
		f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective. Group Health has teams of experts that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We also promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. We also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Kennewick School District	**Customer Service**	We are currently have meeting with a Health Committee made up of members of all bargaining units to discuss the possibility of offering other more affordable medical plans. We are in the process of reviewing other insurance bids and bringin the findings before the committee to review.
Kennewick School District	**Part-Time Employee Coverage Protection**	The Kennewick School District already offers medical plans to employees working an averge of at least 10 hour or more per week.
Kennewick School District	**Premium Differential Reduction**	The Kennewick School District is collecting the additional 1% fee and redistributing to those doing family coverage.
Kent School District	**Administrative Cost Reduction**	A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Kiona-Benton City School District	Premium Differential Reduction	Pooling and start a mandatory contribution
Kittitas School District	Administrative Cost Reduction	NA
Kittitas School District	Cost Savings	The District periodically evaluates health care options and have been advised to continue with PEBB for both District and Employee cost savings.
Kittitas School District	Customer Service	The Kittitas Business Manager performs all duties of employee benefit management.
Kittitas School District	Part-Time Employee Coverage Protection	Kittitas SD provides insurance to any employee working over 19 hours/week. All employees are eligible with the exception of 2.
Kittitas School District	Premium Differential Reduction	Kittitas School District only offers PEBB benefits to employees, therefore meets the State requirements.
Klickitat School District	Administrative Cost Reduction	Providence has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative costs with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the medical loss ration requirements of PPACA. Providence through our Quality Medical Managment program includes prior authorization for selected services, including high tech imaging and provider Pay-for-Performance quality care and evidence based medicine initiatives. Through our care management programs and provider contracting efforts, we have the best regional PPO medical trends per recent surveys

District	Category	Efforts and Achievements
		conducted by various consulting firms. In addition, our pharmacy management program has been recognized nationally as having the highest generic adoption rate and realizing reduced pharmacy costs and trend through our pharmacy management efforts. Our pharmacy trend has been, and continues to be, the lowest in our regional market for several years. Providence will work with the districts and their producers or consultants to identify benefit strategies to help meet budget goals and mitigate future cost increases. BCI our benefit consultant, reduced their administration fee by 10%.
Klickitat School District	**Cost Savings**	Providence has invested in preventative care and chronic care management to improve on health care outcomes, implementation of interventions to prevent inpatient hospital readmissions, early adoption of voluntary patient safety reporting, initiatives in place to reduce complaints and potential medical errors. The Health Plan includes comprehensive array of health and wellness promotion and preventative services through our Fit Together program and a best-in-class pharmacy management program.
Klickitat School District	**Customer Service**	Providence has best-in-class medical care management services designed to achieve the Triple Aim (better care, better patient satisfaction at a lower cost). Providence customer service and claims are locally located in Beaverton, Oregon, hours of operation 8:00 a.m. to 5:00 p.m. PST, toll free 800 number for members. Customer service representatives are trained to answer all calls, with 92% of calls answered at the point of service. Translation services are available, automated voice response system and call tracking software for real time and historical activity. Providence has invested heavily in web based tools for members outside of standard hours which includes a variety of self service options and tools, such as health trackers, health assessments, cost estimates, etc. BCI, our benefit consultant holds employee educational meetings for groups and has available one on one meetings for individuals. All employees can view our benefit website for up to date plan and wellness information.
Klickitat School District	**Part-Time Employee Coverage Protection**	We offer benefits to part time employees who work 25 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
Klickitat School District	**Premium Differential Reduction**	We are working with our unions and our benefit consultants to review our pooling and collective bargaining agreements. In addition, we negotiate with our health carrier and periodically complete a bid process to maintain competitive prices.
La Center School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
LaCrosse School District	**Cost Savings**	District: Please indicate if your district has done something specific in this area. WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.

School District		
Lake Washington School District	Customer Service	We have worked to provide improved customer services by: 1) providing a comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information and links on the District portal for more information and forms; 2) hosting an employee benefits and wellness fair which allows all employees to learn the most efficient way to access their benefits and learn how to stay healthy; 3) ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members; 4) providing articles in employee newsletter notifying employees of changes in plans, enrollment processes, and links to information on-line on the staff portal; and 5) having regular Benefits Advisory Committee meetings with representation from all bargaining groups.
Lake Washington School District	Part-Time Employee Coverage Protection	Our current bargaining contracts provide coverage to all employees who are at least .5 FTE (20 hours per week for classified and 17.5 hours for certificated). Certificated substitutes are offered benefit coverage after working at least 6 months consistently for a minimum of 70 hours a month. We have provided all existing and new employees with the required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1, 2014.
Lake Washington School District	Premium Differential Reduction	We have done the following: 1) implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents; 2) evaluated alternative carrier and plan designs for all health plans that could reduce premiums, which may increase pooling dollars available to those covering dependents.
Lakewood School District	Administrative Cost Reduction	Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums.
Lakewood School District	Cost Savings	Consumer Driven High Deductible Health Plan with a Health Savings Account offered as of 10/01/2012
Lakewood School District	Customer Service	Hosting an employee benefits fair with hours allowing all employees to learn the most efficient way to access their benefits.
Lakewood School District	Part-Time Employee Coverage Protection	Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1, 2014.
Lakewood School District	Premium Differential Reduction	Implemented minimum premium contribution for all employess, effectively increasing the employee only cost and reducing the cost for covering dependents.
Lamont School District	Administrative Cost Reduction	WEA's administrative costs have reduced overall administrative costs from 8.8% in 2005 to under 6% for the last three years.
Lamont School District	Cost Savings	WEA Select Plans has the highest number of providers "in network" in the state

Lyle School District	Administrative Cost Reduction	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative costs. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost increases.
Lyle School District	Cost Savings	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment.
Lyle School District	Customer Service	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92$ of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a variety of self service options and tools
Lyle School District	Part-Time Employee Coverage	We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
Lyle School District	Protection Premium Differential Reduction	We have advised our certificated union representatives of ESSB 5940 requirements and they have not responded to our request for further discussions. We have completed a Memorandum of Understanding with our classified union representatives to make a good f
Lynden School District	Administrative Cost Reduction	1. By working with our employee beneftis consultant, we've negotiated with both fully-insured and self-insured plans to reduce admin expenses when possible. 2. Worked with our employee benefits consultant to evaluate alternative carries for all benefit plans that could result in either lower admin expenses or simply reduce total premiums.
Lynden School District	Cost Savings	We have implemented the following steps: 1. Consumer Driven HDHD with an optional HSA offered as of 10/01/2011. 2. Established an HSA employer contribution of $125 per month per employee in some groups, resulting in an increase to

District	Category	Efforts and Achievements
School District	**Cost Reduction**	
Mary Walker School District	**Cost Savings**	Premera has the highest number of providers "in network"
Mary Walker School District	**Customer Service**	provides a website with access to information about the employee's benefits, plus contact information
Mary Walker School District	**Part-Time Employee Coverage Protection**	PT employees working 20 or more hours per week are eligible for benefits
Mary Walker School District	**Premium Differential Reduction**	provided lower increases to dependents than to employee only tiers
Marysville School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera’s “Lean” workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA’s administrative costs have been under 6% for over 11 years. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. WEA Specific – the WEA Plan’s auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Marysville School District	**Cost Savings**	WEA Select Medical Plans through Premera: Provider contracting - Premera has the highest number of providers “in network” in the state (98% + of all claims pair are “in-network”). The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera’s Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.). BlueCard – (Premera’s national “Blue” network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. Provider advisory groups for medical and pharmacy that continually monitor Premera’s policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific

District	Category	Efforts and Achievements
		healthcare needs. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. Programs that monitor controlled medication substances to provide protection for enrollees. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Marysville School District	**Customer Service**	WEA Select Medical Plans through Premera: Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Marysville School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Marysville School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: Gave lower increases to dependents than to employee only tiers for the past three years. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
McCleary School District	**Administrative Cost Reduction**	Employees had to make changed during open enrollment on their own
McCleary School District	**Cost Savings**	N/A
McCleary School District	**Customer Service**	We encouraged all employees to set up employee self service accounts and explained the benefits
McCleary	**Part-Time**	Part time employees are offered the option to obtain healthcare

Mercer Island School District	**Administrative Cost Reduction**	The District currently has no administrative expenses so no progress is required. B. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. – including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.
Mercer Island School District	**Cost Savings**	See response on affordability. Premera has the following included in all the WEA medical programs a. Provider contracting – has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network"). b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard – Premera's national "Blue"network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence?based medical initiatives that allow Premera to provide efficient and cost?effective care as well as identifying appropriate alternative care based on the member's needs. e. Real?time access to consumer decision?support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care?efficient.

District	Category	Efforts and Achievements
		g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost?effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Mercer Island School District	**Customer Service**	The district has implemented a web interface for employees to sign up for medical plans. We hold an annual benefits fair. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out?of?pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. WEA Select Plans –The dedicated Premera sales team provides year round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. WEA Select Plans semi annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions. WEA – has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans.
Mercer Island School District	**Part-Time Employee Coverage Protection**	All employees who work over a .500 FTE are offered by medical insurance plans. WEA Select Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. WEA Select Plans have added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.
Mercer Island School District	**Premium Differential Reduction**	The District has fully implemented all non-union employees groups and all collective bargaining agreements will be fully implemented at the time of their next opening. WEA Select Plans passed on lower increases to dependents than to employee only tiers for the past two years. WEA Select Plans added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. WEA Select Plans – used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
Meridian School	**Administrative**	By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce

Washington State Office of the Insurance Commissioner

Calendar Year 2013

District	Category	Efforts and Achievements
District	**Cost Reduction**	administrative expenses wherever possible. We also worked with our consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums.
Meridian School District	**Cost Savings**	We have implemented the following steps: 1. Consumer Driven High Deductible Health Plan with an optional Health savings account offered as of 10/01/2012 2. Established an HSA employer contribution of $125 per employee per month, resulting in an increase to pooling dollars 3. Use of purchasing consortium/ Interlocal to purchase some benefits at a lower cost across several districts 4. Worked with employee benefits consultant to evaluate alterantive carriers for all benefit plans that could reduce premiums.
Meridian School District	**Customer Service**	We provide comprehensive employee benefits handbook that encompasses all benefit summaries, rates and vendor contact information. We host an employee benefits fair to help them learn the most efficient way to access their benefits. We ensure that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members.
Meridian School District	**Part-Time Employee Coverage Protection**	I run a report each month to see if potential employees who are close in hours are eligible and if they are I notify them to come in to discuss their options. We also provided all existing and new employees with requried notifications regarding availablitly of health coverage through Washington Health Plan Finder as of January 1, 2014.
Meridian School District	**Premium Differential Reduction**	We have implemented minimum premium contribution for all employees, effectiviely increasing the emplyee only cost and reducing the cost for covering dependents. Encouraged employees who have coverage to waive off of the district offered plan, resulting in an increase to pooling dollars to help employees who need it. Started an HSA employer contribution of $125 per employee per month which has increased pooling as well. We also worked with our benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars to help employees cover their dependents.
Methow Valley School District	**Administrative Cost Reduction**	Premera has been a leader in implementing "Lean" thinking, BludeCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area and the WEA plan's auto adjudication rates remain some of the highest within Premera, which reduces the the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services
Methow Valley School District	**Cost Savings**	Premera has the following included in all the WEA medical programs: Provider contracting, BlueCard which has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area, evidence-based medical initiatives that allow Premera to provide efficient and cost effective care, provider advisory groups for medical and pharmacy tha continually monitor Premera's policies and procedures, member 360 dashboard that uses more than claims to identify enrollees with specific healthcare needs, plans that include copayments for ER service, programs that monitor controlled medication substances to provide portection for enrollees and an ope drug formulary to provides choice for enrollees and their physicians while being prudent and reassuring the drugs are cost and care-effective

Mill A School District	**Administrative Cost Reduction**	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost increases.
Mill A School District	**Cost Savings**	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment.
Mill A School District	**Customer Service**	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for

	Reduction	
Moses Lake School District	Administrative Cost Reduction	We are working with our insurance consltant to help find ways to reduce administrative costs.
		Efforts are underway to improve Premera's administrative capabilities and care management solutions to respond to external forces, such as the evolving market of healthcare reform. Premear is continuing to engage in comprehensive efforts to implement the Affordable Care Act, which includes investing in new capabilities and infrastructures that advance their abilities to meet the demands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways.
Moses Lake School District	Cost Savings	We offer an array of benefit plan options that intends to meet all employees needs related to both cost and benefits. We offer online tools that allow employees to determine the best medical plan to fit their needs prior to enrollment to help ensure that employees are making the most cost effective decision to meet their needs. We have teams of experts at Premera that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We utilize Premera to promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. Premera also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Moses Lake School District	Customer Service	Our benefits committee features representatives from each employee group at the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We provide a benefits summaries of each of the plans avilable to them. Our benefits fair provides employees with an opportunity to interact with benefit carriers and consultants to become more familiar with their plan offerings. We also provide periodic communications on helpful benefit topics, along with wellness topics.
Moses Lake School District	Part-Time Employee Coverage Protection	We continue to provide coverage to part time employees, with eligibility requirements of ._ FTE for Certificated, Admin, or Non-represented employees, and 20 hours per week for classified staff. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups.
Moses Lake School District	Premium Differential Reduction	See above under Affordability. Carriers are working to shift costs from families to employee only enrollees as well.
Mossyrock School District	Administrative Cost Reduction	We do not have any administrative costs.
Mossyrock School District	Cost Savings	WEA Select Medical plans have experienced lower than market trend associated rate increases over the last 10 years.

District	Category	Efforts and Achievements
		capabilities and infrastructures that advance our abilities to meet the demands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways. At Group Health, we have been on the forefront of understanding and implementing healthcare reform changes to ensure our customers have no disruption in receiving high quality, affordable service and care.
Mount Adams School District	**Cost Savings**	A. Incurred pooling dollars by classified unit. B. Premera has the following included in all the WEA medical programs a. Provider contracting – has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network"). b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard – Premera's national "Blue"network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence?based medical initiatives that allow Premera to provide efficient and cost?effective care as well as identifying appropriate alternative care based on the member's needs. e. Real?time access to consumer decision?support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care?efficient. g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost?effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective. We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We also promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. We also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Mount Adams School District	**Customer Service**	A-Health benefit administration is provided by health care providers. B. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out?of?pocket costs for the enrollee or their family. The

District	Category	Efforts and Achievements
		website provides educational information about wellness programs and their plan benefits. C. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. D. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. E. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. F. WEA Select Plans –The dedicated Premera sales team provides year?round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. G. WEA Select Plans ? semi?annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions. H. WEA – has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans.
Mount Adams School District	**Part-Time Employee Coverage Protection**	A. All employees who are at risk of losing coverage are counseled concerning their options and the consequenses of losing coverage. B. WEA Select Plans ? when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. C. WEA Select Plans ? added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.
Mount Adams School District	**Premium Differential Reduction**	A. Discussions with bargaining units to provide increase cost to singles for the purpose of increasing pooling to decrease family coverage costs. B. WEA Select Plans – Passed on lower increases to dependents than to employee only tiers for the past two years. C. WEA Select Plans ? added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. D. WEA Select Plans – used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
Mount Baker School District	**Administrative Cost Reduction**	District manages plans along with TPG and administrative costs at this time appear reasonable for services received by TPG and for the plans offered
Mount Baker	**Cost Savings**	District is working with TPA (TPG) to ensure compliance with ACA & State insurance allotment & allocation

Washington State Office of the Insurance Commissioner

School District		
Mount Baker School District	**Customer Service**	District is and has worked heavily with TPG to ensure employees are provided detailed information on coverages available, cost, and options (e.g. - American Fidelity) for care services medical (and otherwise).
Mount Baker School District	**Part-Time Employee Coverage Protection**	The District has actively maintained a low threshhold for coverage eligibility (e.g. - 10 hrs/week provides eligibility)
Mount Baker School District	**Premium Differential Reduction**	The District has worked with its TPA (TPG) to negotiate with medical providers for reasonable premiums at all levels.
Mount Pleasant School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Mount Pleasant School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make

School District	Cost Reduction	of the administrative costs.
Nine Mile Falls School District	Cost Savings	We bid our insurance plans and our insurance committee which is comprised of certificated and classifed staff make all of the decisions which best suite our employees.
Nine Mile Falls School District	Customer Service	We have an insurance broker that advocates of behalf of each individual employee. We is willing to work with the insurance companies and employees to resolve any coverage issues.
Nine Mile Falls School District	Part-Time Employee Coverage Protection	All employees who work 20 hours per week and have enough state allocation to cover their mandatory benefits are eligible for medical coverage. Almost all classified employees who select insurance have their premiums paid in full by the pooling.
Nine Mile Falls School District	Premium Differential Reduction	We offer composite rates for all of our certificated,non-represented and administrative staff. The rates are the same for individual coverage as the coverage for families.
Nooksack Valley School District	Administrative Cost Reduction	1. By working with our employee benefits consultant, we've negotiated with both fully-insured and selfinsured plans to reduce administrative expenses wherever possible. 2. Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums. Please note, that there are some carriers such as Premera Blue Cross that don't provide the district. with a summary of administrative costs so it is not possible to have an impact on those plans.
Nooksack Valley School District	Cost Savings	we have implemented the following steps: 1. Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/1/2012 2. Established an HSA employer contribution of $125 per employee per month, resulting in an increase to pooling dollars. (If Applicable) 3. Use of purchasing consortium / Interlocal to purchase some benefits at a lower cost across several districts (applicable for districts purchasing some benefits through an interlocal) 4. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
Nooksack Valley School District	Customer Service	we have worked to provide improved customer services by: 1. Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 2. Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits. 3. Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members. 4. Having regular Benefits Advisory Committee meetings with representation from all bargaining groups.
Nooksack Valley School District	Part-Time Employee Coverage Protection	1. We have continued to work with all purchasing / bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs.2. Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1st, 2014
Nooksack Valley School District	Premium Differential	we have done the following: 1. Implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering 2. Encouraged employees that do not need health plan coverage to

	Reduction	waive off of the district offered plan,dependents. 2. Encouraged employees that do not need health plan coverage to waive off of the district offered plan, 2. Encouraged employees that do not need health plan coverage to waive off of the district offered plan, 3. Established HSA employer contribution of $125 per employee per month, resulting in increase to pooling dollars. (If Applicable) 4. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars available to those covering dependents.could reduce premiums, which would increase pooling dollars available to those covering dependents.
North Beach School District	Administrative Cost Reduction	All administrative employees that were covered 100% now must pay a percentage to cover their cost.
North Beach School District	Cost Savings	All employees are required to pay a percentage of their chosen plan.
North Beach School District	Customer Service	We continue to work with our provider to keep employees informed of changes.
North Beach School District	Part-Time Employee Coverage Protection	We have not adjusted hours so all part time employees can keep their coverage.
North Beach School District	Premium Differential Reduction	Pooling provides some relief to our employees that need the extra dollars to cover family members.
North Franklin School District	Administrative Cost Reduction	Premera Blue Cross, our main carrier went to an online enrollment system to save time and money. However, the District did not choose to join into their system and has remained an "Independent District" instituting our own online system using WESPAC. This gives the District control of the data that is generated and the right to educate our own employees regarding benefits. It also provides us the opportunity to change carriers easily if that should be the case.
North Franklin School District	Cost Savings	Through the benefit committee and in union negotations, the District continued to educate staff on ESSB 5940 to prepare them for upcoming changes and allow the District to move forward in collaboration with our union groups.
North Franklin School District	Customer Service	The District takes great stride to be sure that all employees are educated and have health care coverage they need. Much time is spent individually to help them choose according to their need. Again, it is about educating to allow for educated decisions by the employees themselves.
North Franklin School District	Part-Time Employee Coverage Protection	In moving forward with the 3:1 ratio and minimizing plans the District makes health care more affordable for part time staff.
North Franklin	Premium	In the 2012-2013 school year NFSD classified union moved towards meeting the 3:1 ratio by voting in a .5% mandatory

School District	**Differential Reduction**	deduction. The certified union chose to do nothing at that time. Beginning with the 2013-2014 school year both union groups have instituted a 5% mandatory minimum deduction to all staff with medical coverage. This did result in increased pooling dollars for all, but does not bring us to the ratio yet. The District also highly promotes the HDHP offered by our carrier which is a very affordable plan compared to others. Our goal for 2013-2014 was to educate folks regarding this plan and how it works, allowing them to keep their money rather than spending it on high premiums. We had great success enrolling new folks onto the HDHP in 2013 open enrollment. Almost all those enrolled are also fully funding an HSA. The District continues to move forward in meeting the 3:1 ratio at this time by looking forward to 2014-2015 and the amount needed as a mandatory deduction and looking at which plans will be offered. Most likely the District will move forward getting rid of the cadillac plans as in Plan 2 and Plan 5 offered by Premera. We are also in the process of receiving proposals from other carriers.
North Kitsap School District	**Administrative Cost Reduction**	NKSD purchases medical plans through the WEA benefits program. The WEA program is an efficiently run program with low administrative costs built into the premiums for the management and maintenance of these plans. In order to reduce ongoing administra

North Mason School District	**Customer Service**	By moving away from the Premera plans, we eliminated some of the frustration from employees that came with the online enrollment system. By working with two carriers instead of three we have a more streamlined administration process.
North Mason School District	**Part-Time Employee Coverage Protection**	All employees working more than 15hrs/week currently have access to all plans
North Mason School District	**Premium Differential Reduction**	By eliminating Premera Blue Cross in 2013, we received a discount in the premiums offered through KPS and GHC
North River School District	**Administrative Cost Reduction**	(A) Provider contracting Premera has the highest number of providers in nretwork in the state (98% + of all claims pair in network).
North River School District	**Cost Savings**	(B) Gave lower increases to dependents than to employee only tiers for the past three years.
North River School District	**Customer Service**	(B) The volume of inrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premeras Exchange, individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Weyerhaeuser, Alaska Air Group, etc.)
North River School District	**Part-Time Employee Coverage Protection**	(D) Evidence-based medical initiatives that allow Premera to provide and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs.
North River School District	**Premium Differential Reduction**	© Bluecard-Premera's national Blue network) has negoiated discounts that are at the highest level within the stateand provcides significant savings to Premera enrollees who reside outside the Premera service area.
North Thurston Public Schools	**Administrative Cost Reduction**	The District utilizes Propel Insurance Brokerage services to leverage both health care value and reduce administrative costs which are less than the overhead necessary to manage these programs within the district.
North Thurston Public Schools	**Cost Savings**	The District has made progress by aggressively negotiating lower premiums on their Group Health and KPS medical plans, and by offering Qualified High Deductible plan with Health Savings Account.
North Thurston Public Schools	**Customer Service**	We have available the Benefits website which contains information on all the District's benefit plans and is widely accessed by both employee and family members. The website provides a cost estimator (which helps them determine cost), educational information, wellness programs and benefit plan summaries.
North Thurston Public Schools	**Part-Time Employee**	The District maintains an eligibility threshold of 20 hours/week (minimum) which exceeds the new federal standard for access to health care.

Oak Harbor School District	Administrative Cost Reduction	By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative espenses wherever possible. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduces total premiums.
Oak Harbor School District	Cost Savings	We have implemented the following steps: Consumer Driven High Eeductible Health Plan with an optional Health Savings Account offered as of 10/1/12; worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
Oak Harbor School District	Customer Service	We have worked to provide improved customer service by: providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information; hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits; ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service ans support for all members; having regular Benefits Advisory Committee meetings with representation from all bargaining groups.
Oak Harbor School District	Part-Time Employee Coverage Protection	We have continued to work with all purchasing/bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs. Provided all existing and new employees with required notifications regarding availablity of health coverage through Washington Health Plan Finder as of January 1st, 2014.
Oak Harbor School District	Premium Differential Reduction	We have done the following: implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents; encouraged employees that do not need health plan coverage to waive off of the district offered plan, resulting in an increase to pooling dollars; worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars available to those covering dependents.

Ocean Beach School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Ocean Beach School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims pair are "in-network"). B. 		Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Ocean Beach School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.

District	Category	Efforts and Achievements
Ocean Beach School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Ocean Beach School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Ocosta School District	**Administrative Cost Reduction**	Using seven WEA Aon Plans with different rates and options.
Ocosta School District	**Cost Savings**	Using seven WEA Aon Plans with different rates and options.
Ocosta School District	**Customer Service**	We provide insurance plan information through printed material, one on one services, employee orientation, electronic services and benefit fairs.
Ocosta School District	**Part-Time Employee Coverage Protection**	Using seven WEA Aon Plans with different rates and options. Insuracne is offered to all employees
Ocosta School District	**Premium Differential Reduction**	Using seven WEA Aon Plans with different rates and options.
Odessa School District	**Administrative Cost Reduction**	We don't have any administrative expense.
Odessa School District	**Cost Savings**	We have a broker review various health care plans who then brings a summary of our options to the benefit committee. After the benefit committee reviews the options available, it has been proven that Premera is our best choice. Being a small, rural school, our options for healthcare are limited. We have continued to give our employees the option of choosing from the any one of the WEA sponsored Premera plans, which includes a high deductible plan. The health insurance coverage through the HCA is always an option, but employees have consistently continued to choose Premera. When comparing HCA/PEBB rates for employee only against Premera rates, Premera wins.

Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
Odessa School District	**Customer Service**	A benefit committee was formed with representatives from both bargaining groups along with administration make up this committee. The broker compares the various plans and gives the benefit committee a summarization of the plans available to us. The bargaining groups are aware that the state health plan is always an option and they choose whether or not to have a representative come and present. A representative from Premera comes to the all-staff meeting at the start of the school year and explains any changes, rates and new options available. That representative makes herself available throughout most of the day to answer individual questions regarding plan selection for individual needs.
Odessa School District	**Part-Time Employee Coverage Protection**	We offer employees that work four hours per day the opportunity to sign up for medical benefits and with the option of the lower cost plans, employees have coverage that is a better fit in their personal budgets. With the district adding additional dollars to the pool, it helps reduce the out-of-pocket cost for part-time employees. Benefit allocations for classified part-time employees are based on 1440 annual hours rather than 2080 hours, which gives the employee a higher FTE for benefits, which equates to more dollars.
Odessa School District	**Premium Differential Reduction**	By offering the lower cost plans along with the higher cost plans, employees with families have the opportunity to still have family coverage, but with less of an out-of-pocket expense. Pooling also gives the emloyees covering families more dollars because employees choosing employee only coverage contribute to the pool, which is then distributed by FTE to those having out-of-pocket expense.
Okanogan School District	**Administrative Cost Reduction**	N/A
Okanogan School District	**Cost Savings**	The district contracts with the PEBB and Premera Programs, whose cost-saving measures include: Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. Purchasing coverage for medical tools and procedures that are evidence based. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits. Premera does the same for the district.
Okanogan School District	**Customer Service**	The district follows the PEBB/Premera Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the Programs, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in coverage.
Okanogan School District	**Part-Time Employee Coverage Protection**	Emails announcing open enrollment annually.
Okanogan School District	**Premium Differential Reduction**	Plans offered have worked towards more equitable rates.

Olympia School District	**Customer Service**	benefits fair
Olympia School District	**Part-Time Employee Coverage Protection**	continue to keep fte of PT employees level across the district
Olympia School District	**Premium Differential Reduction**	mandatory out of pockets favor family coverage
Omak School District	**Administrative Cost Reduction**	The district's Human Resource and Payroll department has complied with moving everything from paper processing to electronic in order to cut down on time spent administratively on health care benefits. By moving to everything electronic, the district has saved time on processing billings, enrollment, general questions and day-to-day miscellaneous items directly related to health care which has save money administratively. i can not speak to what Premera has done on their end to reduce costs administratively, however.
Omak School District	**Cost Savings**	Many of the items listed in row 5 also apply here so I will not repeat them but add to it. Our district offers 8 different insurance plans in order to accommodate every employee's financial needs. The district offered special trainings to staff to educate them on the qualified high deductible health plan and our other more affordable plans for coverage. The district benefits committee and our third party company have had numerous discussions and have done their research in order to make sure the district is doing their every effort to bring the best health care to staff affordably in our rural area. The district has also offered special trainings to show staff the healthcare marketplace website and how to use the tools on the website to make sure they are obtaining the most affordable plan that meets their healthcare needs. The district also changed the month in which we pool. It used to be November but it has been changed to September in order to save staff on average $400. The district has participated in several webinars and trainings throughout the year to ensure that we are offering everything we can to our staff and staying in compliance with all of the rules and regulations.
Omak School District	**Customer Service**	Like I mentioned in the above rows, our district's #1 priority this year has been educating and training staff on all aspects of health care reform and knowing the ins and outs of their health benefits. The district has went to online open enrollment with great success which allowed staff the ease of completing the process right from their desk. The district put together a step by step training guide on how to access their benefits and use the tools provided to them on the health benefits website. We sent out not just paper mailings to both their home and to their classrooms but through email and our district website as well. We wanted staff to be able to access their insurance information any way they wanted to. We had a much larger group of staff switch to lower cost plans because they were finally understanding that sometimes you can actually save

District	Category	Efforts and Achievements
		money by going to a lower coverage because of the premium difference alone.
Omak School District	**Part-Time Employee Coverage Protection**	The district has decided to continue offering coverage to staff that work at least 2.5 hours a day. We have also been giving our part time staff extra trainings on the healthcare marketplace and some of the tools they need to compare our coverage to the state's coverage.
Omak School District	**Premium Differential Reduction**	The district has already met this requirement with 4 out of 8 of our plans and we have made sure that staff are educated about the cost savings with these plans.
Onalaska School District	**Administrative Cost Reduction**	We do not pay the insurance company a fee to administer our benefits.
Onalaska School District	**Cost Savings**	Our WEA Premera Blue Cross Plans include lower premium cost options such as the Easy Choice plans (A, B & C) and the Qualified High Deductible Health Plan (QHDHP) which includes a Health Savings Account option.
Onalaska School District	**Customer Service**	We offer an annual benefits fair; a health care benefit specialist is available to educate employees on saving money by choosing the best plan that fits their needs. Also, Aon/Hewitt's on-line Benefits website provides a cost estimator for comparing insurance plans based on an employee's projected health care needs. For employees without computer access, we have computers available to them to utilize to access the on-line Benefits website. Employees may also contact Aon/Hewitt via their telephone customer service hotline.
Onalaska School District	**Part-Time Employee Coverage Protection**	All part time employees working 20 or more hours per week are eligible for benefits and allotted a pro-rata share of the insurance benefit allocation from the state. They are also eligible to participate in insurance pooling as defined by the individual bargaining unit. WEA Premera Blue Cross plans include lower cost options; Easy Choice plans (A, B & C) and a Qualified High Deductible Health Plan (QHDHP) with a Health Savings Account option.
Onalaska School District	**Premium Differential Reduction**	We have bargained with our union groups and now have a minimum percentage, out-of-pocket, medical premium contribution required of all employees who choose medical coverage, effective 11/1/2013. The minimum medical premium paid by the employee is added to the insurance pool for their respective union group and distributed to its members, which benefits employees who choose other than the Employee only tier of coverage.
Onion Creek School District	**Administrative Cost Reduction**	The district has cut from a part time administrator to one day a week administrator. However, this model is not sufficient.
Onion Creek School District	**Cost Savings**	The district contracts with the PEBB program, whose cost-saving measures include: Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design, Purchasing coverage for medical tools and procedures that are evidence based, Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits.
Onion Creek School District	**Customer Service**	The district follows the PEBB ProgramÆs guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employeeÆs

		dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.
Onion Creek School District	**Part-Time Employee Coverage Protection**	The district has been paying for all eligible employees. The employee only pays for the employee contribution and any amount above the state reimbursement rate.
Onion Creek School District	**Premium Differential Reduction**	The district pays a composite rate for all eligible employees.
Orcas Island School District	**Administrative Cost Reduction**	By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative expenses wherever possible. Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums. Please note, there are some carriers such as Premera Blue Cross that do not provide the district with a summary of administrative costs so it is not possible to have an impact on those plans.
Orcas Island School District	**Cost Savings**	We have implemented the following steps: 1. Consumer Driven High Deductible Health Plan with an optional Health Savings Account. 2. Use of purchasing consortium/Interlocal to purchase some benefits at a lower cost across several districts. 3. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
Orcas Island School District	**Customer Service**	We have worked to provide improved customer service by: 1. Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 2. Hosting our employee benefits consultant onsite during open enrollment allowing all employees to learn the most efficient way to access and manage their benefits. 3. Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members.
Orcas Island School District	**Part-Time Employee Coverage Protection**	We have continued to work with all purchsing/bargaining groups to determine the appropriate eligibility requirement to meet their specific group's benefits needs. We have provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1, 2014.
Orcas Island School District	**Premium Differential Reduction**	We have done the following: 1. Implemented minimum premium contribution for all employees, effectively increasing the employye only cost and reducing the cost for covering dependents. 2. Encouraged employees that do not need health plan coverage to waive off of the district offered olan, resulting in an increase to pooling dollars. 3. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars avaialable to those covering dependents.

Palisades School District	**Premium Differential Reduction**	we provide full coverage for all employees
Palouse School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera’s “Lean” workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA’s administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan’s auto adjudication rates remain some of the highest within Premera, which reduces the

District	Category	Efforts and Achievements
		need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Palouse School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims pair are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Palouse School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim

District	Category	Efforts and Achievements
		issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Palouse School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP.
Palouse School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP.
Pasco School District	**Administrative Cost Reduction**	Although it is difficult to quantify direct administrative costs, the District is actively involved with its health care providers and broker to reduce administrative costs in both our fully insured and self-insured plans.
Pasco School District	**Cost Savings**	District began Wellness Program. High deductible and low cost plans are available.
Pasco School District	**Customer Service**	Expanded Benefits Information Night, expanded Employee Online giving all employees electronic access to basic provider information, reduced size of orientation sessions for new employees.
Pasco School District	**Part-Time Employee Coverage Protection**	Coverage at differentiated cost level provided to all employee groups, benefits are negotiated with access in mind, sustained effort in communication of available benefits.
Pasco School District	**Premium Differential Reduction**	WEA plans passed on lower increases to dependents than to employee only tiers. Lower cost plans are available. Minimum premium is charged to all employees allowing pooling dollars to be spread further, which generally benefits employees covering dependents.
Pateros School District	**Administrative Cost Reduction**	PREMERA HAS BEEN A LEADER IN IMPLEMENTING "LEAN" THINKING SINCE 2005. THE GOAL IS TO BE AABLE TO IMPROVE QUALITY, IMPROVE THE ENROLLEE EXPERIENCE, AND IMPROVE EFFICIENCY WHITLE ELIMINATING WASTED TIME AND WORK

Washington State Office of the Insurance Commissioner

		EFFORT LOWERING EXPENSES. PREMERA USES THIS METHOD TO CONTINUE TO EVALUATE AND IMPROVE INTERNAL/EXTERNAL PROCESSES. OTHER ORGANIZATIONS PARTICIPATE IN PREMERA'S "LEAN" WORKSHOPS SO THEY CAN INCORPORATE THEM IN THEIR OWN BUSINESS INCLUDING THE STATE OF WASHINGTON, VARIOUS PROVIDE GROUPS, ETC. THROUGH LEAN PREMERA HAS REDUCED OVERALL ADMINISTRATIVE COSTS FROM 8.8% IN 2005 TO 6.3% IN 2013. WEA'S ADMINISTRATIVE COSTS HAVE BEEN UNDER 6% FOR OVER 11 YEARS.
Pateros School District	**Cost Savings**	PREMERA HAS THE HIGHEST NUMBER OF PROVIDERS "IN NETWORK" IN THE STATE 98% + OF ALL CLAIMS PAIR ARE "IN NETWORK"
Pateros School District	**Customer Service**	PROVIDES A WEBSITE WITH ACCESS TO INFORMATION ABOUT THE EMPLOYEE'S BENEFITS WHICH INCLUDES A COST ESTIMATOR WHICH HELPS THEM DETERMINE WHICH PROVIDERS REQUIRE LESS OUT-OF-POCKET COSTS. THE WEBSITE PROVIDES EDUCATIONAL INFORMATION ABOUT WELLNESS PROGRAMS AND THEIR PLAN BENEFITS.
Pateros School District	**Part-Time Employee Coverage Protection**	ADDED LOWER COST OPTIONS, SUCH AS THE EASYCHOICE PLAN THAT HAVE LOWER PREMIUMS AND MANY FIRST DOLLAR BENEFITS AND ALSO ADDED THE HDHP.
Pateros School District	**Premium Differential Reduction**	ADDED LOWER COST OPTIONS, SUCH AS THE EASYCHOICE PLAN THAT HAVE LOWER PREMIUMS AND MANY FIRST DOLLAR BENEFITS AND ALSO ADDED THE HDHP.
Paterson School District	**Administrative Cost Reduction**	The District does not calculate any indirect charges for administering the benefits. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in “Lean” workshops so they can incorporate them into their own business. – including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA’s administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.
Paterson School District	**Cost Savings**	Premera has the following included in all the WEA medical programs: * Provider contracting – has the highest number of providers “in network” in the state (98%+ of all claims are paid “in network”) -- * The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. -- * BlueCard – Premera’s national “Blue”network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. -- * Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member’s needs. -

		- * Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. -- * Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. -- * Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. -- * Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. -- * Programs that monitor controlled medical substances to provide protection for members. -- * An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Paterson School District	**Customer Service**	Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. ** Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. ** Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees. ** Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. ** WEA Select Plans –The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. ** WEA Select Plans - semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions. ** WEA – has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans. **
Paterson School District	**Part-Time Employee Coverage Protection**	WEA Select Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. ** WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.
Paterson School District	**Premium Differential Reduction**	WEA Select Plans – Passed on lower increases to dependents than to employee only tiers for the past two years. ** WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. ** WEA Select Plans – used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.

District	Category	Efforts and Achievements
Pullman School District	**Customer Service**	All SOB's posted online and researching the market
Pullman School District	**Part-Time Employee Coverage Protection**	All employees over 17.5 hours have the option of medical coverage
Pullman School District	**Premium Differential Reduction**	Gradually implementation of 5940. Would be nice to get direction and guidelines from legilature.
Puyallup School District	**Administrative Cost Reduction**	We are exploring options and efficiencies for reducing the costs associated with administering our benefit options for employees. However, this remains problematic with added data collection requirements and increased time necessary to fully implement ESSB 5940. Newly added implementation and reporting requirements for the ACA has currently increased the work load on the district's staff. We are making progress towards automating much of the information requested. As a result, we expect the time spent on full implementation of ACA will be lessened in the future.
Puyallup School District	**Cost Savings**	Our school district continues to offer a low cost medical plan option that passes the Minimum Value and Affordable test as required by ESSB 5940. Our Benefits Committee is currently exploring and reviewing various lower cost alternatives to potentially replace some of the high cost plans currently offerred.
Puyallup School District	**Customer Service**	We are moving more fully to electronic media by continually revising and updating the delivery of information available to employees through our district website. As a district practice, we are driving employees to more fully use the district's electronic resources. Additionally, we've added weekly meetings to review benefits options with new hires or newly eligible employees. During open enrollment, we hold numerous benefit depots allowing employees the opportunity to meet one on one with representatives from the benefits office and insurance brokers for the sole purpose of counseling employees about their benefit options and costs. Further, through a benefits fair format during open enrollment, vendor representatives will provide formal presentations to every interested employee regarding their plan options. Wellness newsletters, broker information, and other general information regarding benefit options are routinely and regularly uploaded to our district website.
Puyallup School District	**Part-Time Employee Coverage Protection**	It has been our district's policy to provide medical benefit eligibility for anyone who works 20+ hours/week for many years. This is more proactive towards availability for part time employees than the state's requirement.
Puyallup School District	**Premium Differential Reduction**	Our district continues to make progress toward full implementation of ESSB 5940. Various bargaining groups have negotiated specific ratio's that fall outside of this target. However, discussions continue with representatives from each bargaining unit around the expectation of full implementation of the targeted 3:1 ratio within the timeline specified in ESSB 5940.

The website provides educational information about wellness programs and their plan benefits. b. Conducts independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. c. Ulyssess Learning - leading to first call resolution and a higher level of satisfaction from enrollees. d. Premera's Lean workshops include customer service, claims and

District	Category	Efforts and Achievements
		billing processes, which Premera continues to focus on to improve the enrollee experience. e. The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides education about the benefits and plan choices, and works to resolve claim issues for enrollees. f. Semi-annual newsletters sent to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. g. Premera's staff in customer service and sales work to address escalated or complex issues with the enrollees/designated representative and/or their provider.
Quilcene School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: a. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. The Quilcene School provides part-time employees working 15 hours a week coverage, with the employee contributing towards the cost. b. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. c. Premera added lower cost options: Easy Choice and HDHP.
Quilcene School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: a. Gave lower increases to dependents than to employee only tiers for the past 3 years. B. Added lower cost options included EasyChoice and HDHP.
Quillayute Valley School District	**Administrative Cost Reduction**	We currently offer Premera Blue Cross that do not provide the district with a summary of administrative cost; looked into the PEBB plan to see if offering another plan would help with cost
Quillayute Valley School District	**Cost Savings**	We have implemented a Consumer Driven High Deductible Health Plan with an optional Health Savings Account;Use of a purchasing consortium to lower cost
Quillayute Valley School	**Customer Service**	Hosting an employee benefit fair for all employees allowing them to learn the most efficient way to access their benefits; making sure our plan allows a comprenesive nurse line to support staff

District		chronic conditions. Group Health is nationally recognized for its' innovative approach to member care through their lifetimes. RSD has made progress by aggressively negotiating lower premiums on their Group Health medical plan, making strategic benefit plan alterations, and by offering an HSA-Qualified High Deductible Health Plan so that employees may cover family members at significantly lower premiums. 1. BlueCard – Premera's national "Blue"network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. Group Health is consistently recongnized for its ability to provide care very low medical trend inflation. 2. Evidence-based medical initiatives allow Premera and Group Health to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs. 3. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. 4. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. 5. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. 6. Programs that monitor controlled medical substances to provide protection for members.
Renton School District	**Customer Service**	1. District employees enjoy both a Benefits Website and a Benefits Helpline. The Benefits Website contains information for all the District's benefits plans in one convenient place and is widely accessed by both employees and their family members. It contains summaries, comparisons, calculators, forms, and links to information and resources provided by the insurance carriers. The very popular Benefits Helpline is available for employees and their families when they have questions about their District benefits. During the most recent Open Enrollment period, in a period of 30 workdays, the Benefits Helpline took a large number of phone calls on a wide variety of topics, from the new HSA-qualified HDHP, to LTD claims, vision provider searches, retirement and Medicare. Satisfaction with the Benefits Helpline and website is extremely high. Call volume to the Benefits Helpline increased by 42% in 2013. 2. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. 3. Group Health has an award-winning website that allows employees to order prescriptons online, email their doctors, access test results, and see their medical records. 4. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. 5. WEA Select Plans –The dedicated Premera sales team provides year-round servicing and is available to work directly with

District	Category	Efforts and Achievements
		enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. 6. WEA Select Plans - semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions.
Renton School District	**Part-Time Employee Coverage Protection**	RSD has not changed part-time employees' access to coverage in recent years. Part-time employees remain eligible for the same benefits as full-time employees when they meet the definition of eligibility under their bargaining agreement. Medical insurance is optional and the district contribution for part-time employees is prorated based on the number of hours worked. Part-time employees can choose to enroll in medical as long as they have sufficient salary each month from which the employee's share of the costs (if applicable) may be deducted from their paycheck. RSD and bargaining groups are aware that for part-time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Shared Responsibility Provision of the Affordable Care Act.
Renton School District	**Premium Differential Reduction**	In 2013 the WEA continued to re-tier premiums for the Premera plans offered by RSD to reduce the differential between the employee-only and full family coverage. RSD continues to examine in detail, various proposals to make progress towards a 3:1 premium sharing ratio for employees. Through the IAC meetings and discussions with administrators and bargaining groups, it has been noted that any drastic changes in premium shares would cause significant changes in employee enrollment and could cause the district to overspend available funding. We continue to consider all options carefully, and have put Memorandums of Understanding into place with each of our bargaining groups in order to make any changes to current funding easier to implement.
Republic School District	**Administrative Cost Reduction**	Premera continues with their "Lean" thinking in finding ways to eliminate wasted time and improve efficiency.
Republic School District	**Cost Savings**	Premera continues with all their health care cost savings as last year. PEBB continues to promote generic drug use through a lower-cost benefit design, purchasing coverage for medical tools and procedures that are evidence based and dependent verification eligiblity processes to ensure only eligilbe family member receive benefits.
Republic School District	**Customer Service**	Premera and PEBB both have websites with access to information about the employee benefits. Premera has a cost-estimator on their website which helps the employee deteremine what provider may require less out of pocket cots for the enrollee or their family. The webiste also provides educationla information about wellness programs and their plan benefits.
Republic School District	**Part-Time Employee Coverage Protection**	WEA Select Plans continues to offer lower cost options and Premera works with enrollees to review other plan options that allow the individual to remain covered on a medical program.
Republic School District	**Premium Differential**	The district has formed a committee to explore ways to re-configure their insurance pool to reduce the differential between employee-only and full family coverage. Premera continues to pass on lower increases to families than to employee only

Ritzville School District	**Part-Time Employee Coverage Protection**	No response
Ritzville School District	**Premium Differential Reduction**	No response
Riverside School District	**Administrative Cost Reduction**	Our district has an interlocal agreement with a neighboring school district in which we share a Human Resource Director. We continued with a reduced schedule for our payroll staff from five (5) days a week to three (3).
Riverside School District	**Cost Savings**	Our District requested and was provided with additional low premium health plans, as well as our current Health Saving Account plan from our current insurance carriers.
Riverside School District	**Customer Service**	We hired a new benefits broker firm who offered one-on-one counseling to our employees in choose an insurance plan best suited for their needs. They also introduced new insurance options & scheduled multiple seminars to explain the new plans.
Riverside School District	**Part-Time Employee Coverage Protection**	We provided our staff with 2 low premium health plans and a Health Savings Account plan.
Riverside School District	**Premium Differential Reduction**	Our employee groups agree to a mandatory 2% out-of-pocket insurance premium deduction to increase the amount in the pooling for those covering their families. Our District requested and was provided with additional low premium health plans, as well as our current Health Saving Account plan from our current insurance carriers.
Riverview School District	**Administrative Cost Reduction**	By working with our benefits consultant, the district has negotiated with both fully insured and self insured plans to reduce administrative expenses wherever possible. The district (in conjunction with our benefits consultant) has worked to evaluate alternative carriers for all benefit plans that could eresult in either lower administrative expenses or simply to reduce total premiums. The WEA Premera plans' auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides enrollees with quick turnaround on paymetns ofr services.
Riverview School District	**Cost Savings**	The district has implemented the following: addition of QHDHP with optional Health Savings Account, worked with benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, Premera plans providereal tiem access to consumer decision support resources to assist enrollees understand and direct their health care needs, co-payments for emerency room service waived for Premera plan enrollees if admitted, Premera plans provide an open drug

District	Category	Efforts and Achievements
		formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care effective.
Riverview School District	**Customer Service**	The district (in conjunction with our benefits consultant) provides a comprehensive employee benefits handbook that encompasses all benefit summaries, rates and contact information. This handbook is available to employees in paper format and electronically. The district hosts an annual benefits fair for employees, with representatives from most, if not all, benefit plans in attendance to provice information on benefits. The district ensures that all health plans offered provide comprehensive nurse lines and telephonic customer service and support for members. The district has implemented a Benefits Advisory Committee with representation from all bargaining groups that is activated on an as needed basis. Premera does independent surveys to measure enrollee satisfaction and puts a focus on making changes to improve satisfaction. Premera also provides a dedicated sales team that provides year round service to the district. Premera provides semi-annual newsletters to subscribers to educate them on their plans and provide access to information to help support decision making and healthier life style decisions.
Riverview School District	**Part-Time Employee Coverage Protection**	The district has worked with bargaining groups to determine the apprpriate eligibility requiremetn to meet their specific group's benefits needs. The district has provided all curernt and new employees with required notifications regarding availablity of health coverage through Washington Health Plan Finder.
Riverview School District	**Premium Differential Reduction**	The district has implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for dependent coverage and worked with our benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, ehich would increase pooling dollars available to those covering dependents. Premera plans have provided lower increases to dependent tiers of coverage than to subscriber only tiers and has also added lower cost options such as the Easy Choice plans and QHDHP.
Rochester School District	**Administrative Cost Reduction**	Due to the fact that we are not a large district, our administrative costs are minimal. We have one employee who works in this area; however, if he were not working in this area he would still have a full time job so no costs savings would be realized.
Rochester School District	**Cost Savings**	All insurance plans are bargained through local bargaining agreements
Rochester School District	**Customer Service**	At the start of each school year, a benefits fair is held in which insurance providors are present and all employees have the ability to ask specific questions. In addition, we work with Propel Insurance to provide a benefits website that summarizes all our benefit information as well as provides newsletters and other health information. Since we are a smaller size district, we have one person managing benefits. He is in constant contact with providers to stay up-to-date with any changes and quickly communicates updates to employees through email or newsletters.
Rochester School District	**Part-Time Employee**	Most of our employees are part time. Our only requirement is that a person work a minimum of 20 hours per week. In addition, this is something that is bargained through local groups so unions and the district have to be in agreement for any

Washington State Office of the Insurance Commissioner

Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
	Coverage Protection	changes or reductions.
Rochester School District	Premium Differential Reduction	We use a pooling method when determining out-of-pocket costs for employees. We have established a minimum premium about for all employees - even if there are enough funds in the pool to fully cover a plan. The minimum premium dollars go back into the pool to be allocated out to those employees with more expensive plans which are generally the full family plans. The minimum premium amount increased for all bargaining units since last year. For our certificated group, those electing employee only coverage do not have access to the pool allowing more money to be allocated to those covering family.
Roosevelt School District	Administrative Cost Reduction	Large purchasing pools and favorable funding result in very low plan administrative expenses- less than 5% of premium for the medical plan.
Roosevelt School District	Cost Savings	Plan choices including High Deductible Health Plan (HDHP) offered to all employee groups.
Roosevelt School District	Customer Service	Online services/coaching/incentives are available to all employees.
Roosevelt School District	Part-Time Employee Coverage Protection	Part time access to health insurance coverage has not changed.
Roosevelt School District	Premium Differential Reduction	Premiums had a higher rate increase for employees covering themselves and a lower rate increase for employees covering dependents.
Rosalia School District	Administrative Cost Reduction	Blue Card savings
Rosalia School District	Cost Savings	provider network within the State and Blue card for out-of-state claims
Rosalia School District	Customer Service	website access for employees about their benefits and healthy program options
Rosalia School District	Part-Time Employee Coverage Protection	provide medical options to all regular employees based on hrs worked- no minimum
Rosalia School District	Premium Differential	gave lower increases to dependents than to emp only tiers, Easy Choice and most recently HDHP

Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
Royal School District	Reduction Administrative Cost Reduction	Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluation and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business - including the State of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.
Royal School District	Cost Savings	Premera has the following included in all of the WEA medical programs. A) Provider contracting - has the highest number of providers "in network" in the state (98%+ of all claims are pain "in network"). B) The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. C) BlueCard - Premera's national "Blue" network - has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D) Evidence-based medical iniatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on member's needs. E) Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F) Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. G) Member 360 dashboard - proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. H) Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. I) Programs that monitor controlled medical substances to provide protection for members. J) An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
Royal School District	Customer Service	Our district has distributed surveys to get feedback and input from our employees and has provided Q&A sessions with employees. Premera provides a website with access to information about the employee benefits - this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides education information about wellness programs and their plan benefits. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overal satisfaction from enrollees. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which they continue to focus on in order to improve the member experience. The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of

District	Category	Efforts and Achievements
		services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. Semi-annual newsletters are sent to enrollees to education them on their plans and access to information to help support decision making and healthier lifestyle decisions. WEA - has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans.
Royal School District	**Part-Time Employee Coverage Protection**	When a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. WEA Select plans have lower cost options, such as the Easy Choice plans that have lower premiums and many first dollar benefits and the HDHP Plan.
Royal School District	**Premium Differential Reduction**	Our district has provided our employees with a minimum 1% out of pocket for pooling. WEA Select Plans have passed on lower increases to dependents than to employee only tiers for the past two years, and have added lower cost options, such as the Easy Choice plans that have lower premiums and many first dollar benefits and the HDHP Plan. WEA Select Plans used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
San Juan Island School District	**Administrative Cost Reduction**	1)By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative expenses wherever possible. 2) Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums.
San Juan Island School District	**Cost Savings**	We have implemented the following steps: 1) Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/01/2012. 2) Established an HSA employer contribution of $125 per employee per month, resulting in an increase to pooling dollars. 3) Use of purchasing consortium / Interlocal to purchase some benefits at a lower cost across several districts (applicable for districts purchasing some benefits through an interlocal) 4) Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
San Juan Island School District	**Customer Service**	We have worked to provide improved customer services by: 1) Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 2) Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits. 3)Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members. 4)Having regular Benefits Advisory Committee meetings with representation from all bargaining groups.
San Juan Island School District	**Part-Time Employee Coverage Protection**	1)We have continued to work with all purchasing / bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs. 2)Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1st, 2014.
San Juan Island	**Premium**	We have done the following: 1) Implemented minimum premium contribution for all employees, effectively increasing the

Washington State Office of the Insurance Commissioner
K–12 School District Data Collection Project

Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
School District	**Differential Reduction**	employee only cost and reducing the cost for covering dependents. 2)Encouraged employees that do not need health plan coverage to waive off of the district offered plan, resulting in an increase to pooling dollars. 3) Established HSA employer contribution of $125 per employee per month, resulting in increase to pooling dollars. 4) Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars available to those covering dependents.
Satsop School District	**Administrative Cost Reduction**	THIS REPORT HAS ADDED THE COST OF AT LEAST 8 HOURS TO ADMINISTRATIVE PAY
Satsop School District	**Cost Savings**	NO PROGRESS
Satsop School District	**Customer Service**	ONE ON ONE ASSISTANCE TO EMPLOYEES IN EXPLORING HEALTH PLANS
Satsop School District	**Part-Time Employee Coverage Protection**	ALL EMPLOYEES WHO WORK HALF TIME OR MORE HAVE INSURANCE OPTIONS
Satsop School District	**Premium Differential Reduction**	THE MINIMUM PAYMENT THAT ALL COVERED EMPLOYEES PAY HELPS DEFER THE COST OF THE MOST EXPENSIVE FAMILY PLANS
Seattle Public Schools	**Administrative Cost Reduction**	SPS pays less than $0.60 per employee per month for full benefits administration of the District's medical, dental, vision, life, voluntary life, long term disability, voluntary short term disability, and flexible spending plans. Though benefits administration activity increased significantly, administration fees did not increase. Within the last four years, SPS has consolidated health plans from 5 different insurers to three, in order to provide better service to SPS employees and reduce administrative costs within the health plan delivery systems. SPS has worked with Delta Dental of Washington to perform electronic eligibiilty reporting. This automated process is expected to reduce administrative expenses in 2014. Discussions with other carriers regarding electronic data transmission are underway. In addition, SPS is considering ways to save the administrative expenses associated with the annual Open Enrollment mailing.
Seattle Public Schools	**Cost Savings**	SPS has made progress by aggressively negotiating lower premiums, making strategic benefit plan alterations, and by offering an HSA-Qualified High Deductible Health Plan so that employees may cover family members at significantly lower premiums. Once again this year, the Joint Insurance Committee met with a Group Health Medical Director and the Senior Wellness

District	Category	Efforts and Achievements
		Consultant to review claims experience and utilization for the medical plans offered to SPS employees. Having access to experience and utilization for nearly all of its employees has enabled SPS to make decisions regarding changes to copays, coinsurance, and other plan cost-sharing in order to increase the number of employees affiliated with primary care physicians, improve usage of generic drugs for chronic conditions, improve network utilization, and take advantage of the wellness opportunities available to enrollees. In 2013, SPS increased cost sharing for services obtained out-of-network, and changed prescription coverage to encourage proactive treatment of chronic medical conditions with the goal of preventing large claims in the future. In 2013, Group Health Options, Inc., received three-year recognition from the National Committee for Quality Assurance (NCQA) Patient-Centered Medical Home program. The NCQA recognized all 25 Group Health Medical Centers clinics for the vital role of their clinicians and clinical practices in delivering high-quality, patient-centered care.
Seattle Public Schools	**Customer Service**	District employees enjoy both a Benefits Website and a Benefits Helpline. The Benefits Website contains information for all the District's benefits plans in one convenient place and is widely accessed by both employees and their family members. It contains summaries, comparisons, calculators, forms, and links to information and resources provided by the insurance carriers. Due to plan changes and careful communication during the Open Enrollment period in 2013, website hits increased by 50% over the same time frame in 2012. The very popular Benefits Helpline is available for employees and their families when they have questions about their District benefits. During the 2013 Open Enrollment period, call volume to the Benefits Helpline increased by 20%. The Benefits Helpline answers questions on a wide variety of topics, from the HSA-qualified HDHP and medical plan selection and costs, to LTD claims, vision provider searches, retirement and Medicare. Satisfaction with the Benefits Helpline and website is extremely high. SPS works collaboratively with bargaining groups to support employees with claims and eligibility issues, and this year has expanded opportunities for new employees to learn about their benefits. The frequency of benefits orientation meetings for newly hired and newly eligible employees increased in 2013, with meetings occurring at least once per week. In addition, when questions about benefits arise, SPS works with the benefits administrator to create Benefits Helpline Advisors – one-page, easy-to-read newsletters that are specific to the SPS population's needs and concerns. Group Health, the insurer for the majority of SPS employees is continually working to improve the customer experience. According to the Washington Health Alliance's 2013 Community Checkup Overview of more than 80 medical groups who reported their results, Group Health had the highest ratings in the local market, receiving 17 "above average" rankings out of 21 measures.

Washington State Office of the Insurance Commissioner
K–12 School District Data Collection Project
Exhibit A19b
Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
Seattle Public Schools	**Part-Time Employee Coverage Protection**	Part-time employees' access to coverage has not changed in recent years. Part-time employees remain eligible for the same benefits as full-time employees when they work at least 0.50 FTE for their position. At 0.50 FTE, most employees represented by bargaining groups receive a pro-rated district contribution for their benefits based on their FTE. Benefits eligibility is collectively bargained. SPS and bargaining groups are aware that for part-time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Employer Shared Responsibility Provision of the Affordable Care Act. SPS has also evaluated eligibility rules for substitutes and other variable-hour employees who average 30 hours per week, but who are currently not offered coverage. In order to avoid penalties under the Employer Shared Responsibility Provision of the Affordable Care Act, the District may choose to change eligibility rules to allow coverage to be offered to these employees.
Seattle Public Schools	**Premium Differential Reduction**	Recognizing that premiums for the mandatory benefits (dental, vision, life, LTD) are deducted from the District Contribution before the medical insurance premiums, in 2013 SPS introduced a new lower-cost dental insurance plan. The lower premium of this new plan allows employees with familes the option of having more funds available for medical coverage. SPS continues to examine in detail, various proposals to make progress towards a 3:1 premium sharing ratio for employees. The District and bargaining groups have added language to their agreements that acknowledges that benefits are affected by ESSB 5940, and states that they will work together to meet the requirements of the law. SPS and bargaining groups have noted that any drastic changes in premium shares would cause significant changes in employee enrollment and could cause the district to overspend available funding.
Sedro-Woolley School District	**Administrative Cost Reduction**	N/A
Sedro-Woolley School District	**Cost Savings**	Variety of plans available to employees.
Sedro-Woolley School District	**Customer Service**	Ongoing emails, publications, and training for access to web services.
Sedro-Woolley School District	**Part-Time Employee Coverage Protection**	The bargaining agreements dictate when employees are eligible.
Sedro-Woolley School District	**Premium Differential Reduction**	Bargaining groups dictate which plans are offered to the employees. Some of our groups have searched out Consortiums to seek out lower cost plans instead of typical WA plans.

District	Category	Efforts and Achievements
Selah School District	**Administrative Cost Reduction**	No changes from calendar 2012
Selah School District	**Cost Savings**	No changes from calendar 2012
Selah School District	**Customer Service**	Customer service took a hit when Premera converted to AONHewitt. However, things are improving steadily and customer service is being returned to the district personnel.
Selah School District	**Part-Time Employee Coverage Protection**	Health insurance eligibility is based on the various Collectively Bargain Agreements. We are however monitoring the monthly work hours of part time people and will put them on medical according to the ACA rules.
Selah School District	**Premium Differential Reduction**	Premera smoothed out the differintial in premiums again in 2013 by increasing the family rates less of a percentage than the increase for the single rates.
Selkirk School District	**Administrative Cost Reduction**	A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. – including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. B. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.
Selkirk School District	**Cost Savings**	A. Premera has the following included in all the WEA medical programs a. Provider contracting – has the highest number of providers "in network" in the state (98%+ of all claims are paid "in network"). b. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (with over 1.7 million members and over 127,000 of those are enrolled in a WEA medical plan). In addition to the WEA account, Premera provides coverage for many large, national accounts such as Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air, etc. c. BlueCard – Premera's national "Blue"network – has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. d. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs. e. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. f. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient.

District	Category	Efforts and Achievements
		g. Member 360 dashboard – proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. h. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. i. Programs that monitor controlled medical substances to provide protection for members. j. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective. A. Selkirk School District	**Customer Service**	A. Premera provides a website with access to information about the employee benefits – this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. B. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. C. Premera has "Ulyssess Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees.

		D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience. E. WEA Select Plans –The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees. F. WEA Select Plans - semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions. G. WEA – has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans.
Selkirk School District	**Part-Time Employee Coverage Protection**	WEA Select Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. B. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.
Selkirk School District	**Premium Differential Reduction**	A. WEA Select Plans – Passed on lower increases to dependents than to employee only tiers for the past two years. B. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. C. WEA Select Plans – used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
Sequim School District	**Administrative Cost Reduction**	By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative expenses wherever possible. Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or simply reduce total premiums.
Sequim School District	**Cost Savings**	Implemented Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/01/2012. Established an HSA employer contribution of $125 per employee per month, resulting in an increase to pooling dollars. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
Sequim School District	**Customer Service**	Improved customer services by providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits. Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service and support for all members. Having regular Benefits Advisory Committee meetings with representation from all bargaining groups.

District	Category	Efforts and Achievements
Sequim School District	**Part-Time Employee Coverage Protection**	We have continued to work with all purchasing/bargaining groups to determine the appropriate eligibilty requirements to meet their specific group's benefit needs. Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1st, 2014.
Sequim School District	**Premium Differential Reduction**	We have implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents. Encouraged employees that do not neeed health plan coverage to waive off of the district offered plan, resulting in an increase to pooling dollars. Established HSA employer contribution of $125 per employee per month, resulting in increase to pooling dollars. Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums, which would increase pooling dollars availabe to those covering dependents.
Shaw Island School District	**Administrative Cost Reduction**	Through Lean Premera has reduced administrative costs from 8.8% in 2005 to 6.3% in2013
Shaw Island School District	**Cost Savings**	Open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective
Shaw Island School District	**Customer Service**	Premera: Does independent surveys to measure enrollee satisfaction-puts focus on making changes to improve satisfaction
Shaw Island School District	**Part-Time Employee Coverage Protection**	Have provided access to coverage for part-time employees working 17.5 hours a week
Shaw Island School District	**Premium Differential Reduction**	Gave lower increases to dependents than to employee only tiers for past 3 years
Shelton School District	**Administrative Cost Reduction**	Currently no direct costs are associated to benefit administration with the distict.
Shelton School District	**Cost Savings**	As a result of reviewing the premium costs of the medical plans that have been offered as well as additional medical plans, our classified bargaining groups have opted to reduce the number of medical plans available to their members. This has enabled them to receive a premium discount for the remaining plans.
Shelton School District	**Customer Service**	We are continuing to work on providing employees with insurance information and options on the district web site. Links are provided for our carriers who offer additional resources on their websites.
Shelton School District	**Part-Time Employee Coverage**	Regular employees working at least half time qualify to receive medical insurance benefits. We offer a range of options with lower premium rates so part time employees have an affordable choice.

Shelton School District	Protection Premium Differential Reduction	By having a minimum payment for individuals, more of the districts insurance dollars have been able to be pooled to help cover the cost of family coverage.
Shoreline School District	Administrative Cost Reduction	Premera has been a leader in implementing 'Lean' thinking since 2005. Through this overall administrative costs have been reduced from 8.8%in 2005 to 6.3.% in 2013.
Shoreline School District	Cost Savings	Our health plan renewals included changes to deductibles and other cost sharing.
Shoreline School District	Customer Service	HR Staffing provides support staff available to provide information and support to staff seeking benefits questions during and after the school work day. The District hosts an annual Benefits Fair to provide information and materials to staff regarding benefits options and choices. Our employees have access to The Benefits Website and The Benefits Helpline. These websites contain information for all the District's benefit plans in one convenient place and is widely accessed by both employees and their families. The helpline is available for employees and their families when they have questions about their available benefits. There is also access to a cost estimator, which helps employees determine which plans require less out-of-pocket costs.
Shoreline School District	Part-Time Employee Coverage	Shoreline School District continues to offer benefit packages to part time employees (Classified staff working as little as 3.5 hrs per day; Certificated staff working a minimum .4 FTE). They include; medical, dental, vision, long term disability, and life insurance.
Shoreline School District	Protection Premium Differential Reduction	See #5
Skamania School District	Administrative Cost Reduction	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost increases.
Skamania School District	Cost Savings	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment.
Skamania	Customer	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated

District	**Differential Reduction**	
St. John School District	**Administrative Cost Reduction**	"We worked with our insurance consultant to switch from a % of premium comission to a flat per member per month fee that will limit future increases in comission costs, and not provide an automatic increase in comission every time the premium increases. Efforts are underway to improve Group Health's administrative capabilities and care management solutions to respond to external forces, such as the evolving market of healthcare reform. Group Health is continuing to engage in comprehensive efforts to implement the Affordable Care Act, which includes investing in new capabilities and infrastructures that advance their abilities to meet the demands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways. Group Health has been on the forefront of understanding and implementing healthcare reform changes to ensure our customers have no disruption in receiving high quality, affordable service and care. "
St. John School District	**Cost Savings**	PEBB cost saving measures include: managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. Purchasing coverage for medical tools and procedures that are evidence based. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits. Premera WEA medical plans include: provider contracting, higher discounts locally and nationally through Premera's national Blue network, evidence-based medical initiative, rea-time access to consumer decision-support resources, co-payments, etc."We offer an array of benefit plan options that intends to meet all employees needs related to both cost and benefits. We offer opportunities for our employees to meet one-on-one with benefits specialists prior to enrollment to ensure that employees are making the most cost effective decision to meet their needs. We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We utilize Group Health to promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. Group Health also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available."
St. John School District	**Customer Service**	Our district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependent in PEBB coverage. Premera provides a website with access to information about the employee benefits- this includes a cost estimator which helps the determine what provider may require less out-of-pocket costs for the enrollee or the their family. The website provides educational information about wellness programs and their plan benefits. Our benefits committee features representatives from each employee group at

District	Category	Efforts and Achievements
		the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We provide a benefits information with contact information for each service provider, along with summaries of each of the plans avilable to them. We also provide periodic communications on helpful benefit topics, along with wellness topics.
St. John School District	**Part-Time Employee Coverage Protection**	WEA Select Plans added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits ad the HDHP plan. We continue to provide coverage to part time employees, with eligibility requirements of 30 hours per week. This eligibility requirement is the same as the the federal requirement.
St. John School District	**Premium Differential Reduction**	WEA Select Plans passed on lower increases to dependents than to employee only tiers for the past two years, added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. See above under Affordability. We removed some of the more expensive plans that had been offered at the district historically for lower cost plans. Carriers are working to shift costs from families to employee only enrollees as well.
Stanwood-Camano School District	**Administrative Cost Reduction**	1)By working with our employee benefits consultant, we've negotiated with both fully-insured and self-insured plans to reduce administrative expenses wherever possible 2)Worked with our employee benefits consultant to evaluate alternative carriers for all benefit plans that could result in either lower administrative expenses or reduce total premiums *Note: Some carriers, such as Premera Blue Cross don't provide the district with a summary of administrative costs so it is not possible to have an impact on those plans.
Stanwood-Camano School District	**Cost Savings**	We have taken the following steps: 1)Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/1/2012 2)Use of purchasing consortium/Interlocal to purchase some benefits at a lower cost across several districts 3)Worked with employee benefits consultant to evaluate alternative carriers for all benefit plans that could reduce premiums.
Stanwood-Camano School District	**Customer Service**	We have worked to provide improved customer services by: 1)Providing comprehensive employee benefits handbook that includes all benefit summaries, rates, and vendor contact information 2)Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits 3)Ensuring that all health plans offered provide comprehensive nurse line and telephonic customer service ans support for all members 4)Having regular Benefits Advisory Committee meetings with representation from all bargaining groups
Stanwood-Camano School District	**Part-Time Employee Coverage Protection**	1)We have continued to work with all purchasing/bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs 2)Provided all existing and new employees with required notifications regarding availability of health coverage through Washington Health Plan Finder as of January 1, 2014
Stanwood-Camano School District	**Premium Differential Reduction**	We have done the following: 1)Implemented minimum premium contribution for all employees, effectively increasing the employee-only cost and reducing the cost for covering depenedents 2)Encouraged employees who don't need "double" coverage to waive off the district-offered plan resulting in an increase to pooling dollars 3)Worked with employee benefits

District	Service	
Stehekin School District	Part-Time Employee Coverage Protection	No measurement to protect access.
Stehekin School District	Premium Differential Reduction	District only has one employee eligible for coverage.
Steilacoom Hist. School District	Administrative Cost Reduction	We have reduced the cost of paper and additional internal administrative costs by offering an electronic platform that houses communication materials, forms, educational tools for employees and their families to access 24/7.
Steilacoom Hist. School District	Cost Savings	We offer an interactive Excel spreadsheet comparison that illustrates a high-level side-by-side plan review of the estimated out-of-pocket expenses that an employee and family would experience based on their estimated utilization of benefits and (pre-pooling) employee premium share. This gives employees and their families a better understanding of which plan could potentially be the most cost-effective for them.
Steilacoom Hist. School District	Customer Service	District employees and their families have access to an Employee Service Advocate Program available through our employee benefit broker/advisor. We hold educational sessions as necessary to keep our employees and their families informed, and we regularly hold an annual benefits fair.
Steilacoom Hist. School District	Part-Time Employee Coverage Protection	It is our practice to offer benefits to employees that work 15 hours or more per week.
Steilacoom Hist. School District	Premium Differential Reduction	Minimum contribution set at 1% of Employee Only premium for all employees enrolling in a medical plan
Steptoe School District	Administrative Cost Reduction	Built in to the Business Manager's job
Steptoe School District	Cost Savings	The district contracts with the PEBB Program, whose cost-saving measures include: Managing the medical plans'prescripton-drug costs by promoting generic drug use through a lower-cost benefit design. Purchasing coverage for medical tools and procedures that are evidence based. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits.
Steptoe School District	Customer Service	The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.

Sumner School District	**Premium Differential Reduction**	None on Oct. 1, 2013. Policy year changed Nov. 1, 2013 progress made at that time.
Sunnyside School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services. Efforts are underway to improve our administrative capabilities and care management solutions to respond to external forces, such as the evolving market of healthcare reform. We will continue to engage in comprehensive efforts to implement the Affordable Care Act, which includes investing in new capabilities and infrastructures that advance our abilities to meet the demands of an increasingly complex industry. The changes in the healthcare environment will continue to impact employer groups, health plans and care organizations alike in a multitude of ways. At Group Health, we have been on the forefront of understanding and implementing healthcare reform changes to ensure our customers have no disruption in receiving high quality, affordable service and care.
Sunnyside School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make

District	Category	Efforts and Achievements
		changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective. We have teams of experts at Group Health that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. We also promote healthy living through easily accessible wellness solutions, such as health profiles, lifestyle coaching, tobacco cessation. We also provide complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Sunnyside School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Sunnyside School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan.

Touchet School District	**Customer Service**	good communication; providing information to create their own online accounts
Touchet School District	**Part-Time Employee Coverage Protection**	all employees employed 50% or higher are given the opportunity to access health coverage
Touchet School District	**Premium Differential Reduction**	we pool state allocation for health benefits; for 2014-15 everyone will have an out-of-pocket expense for their health benefits.
Toutle Lake School District	**Administrative Cost Reduction**	Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evalute and improve internal/external processes. Through "Lean" Premerea has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years.
Toutle Lake School District	**Cost Savings**	1. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. 2. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. 3. Plan that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions and higher copayments for brand, non-preferred and spcialty drugs.
Toutle Lake School District	**Customer Service**	WEA Select Medical Plans throught Premera: 1. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of-pocket costs. The website provides educational information about wellness programs and their plan benefits.2. Does independent surveys to measure

		enrollee satisfaction and then puts a focus on making changes to improve satisfaction. 3. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions.
Toutle Lake School District	**Part-Time Employee Coverage Protection**	1. By offering Kaiser and WEA Plans through Premera with a 10% discount. 2. Premera added lower cost options, such as the EasyChoice plan that have lower premiums and many first dolloar benefits and also added the HDHP Plan.
Toutle Lake School District	**Premium Differential Reduction**	WEA Select Medical plans through Premera: 1. Gave lower increases to dependents than to employee only tiers for the past three years. 2. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dolloar benefits and also added the HDHP Plan.
Trout Lake School District	**Administrative Cost Reduction**	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost increases.
Trout Lake School District	**Cost Savings**	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment.
Trout Lake School District	**Customer Service**	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a variety of self service options and tools.
Trout Lake School District	**Part-Time Employee Coverage Protection**	We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
Trout Lake School District	**Premium Differential**	We have completed a Memorandum of Understanding with our classified union representatives to make a good faith effort to comply with ESSB 5940. We have advised our certificated union representatives of ESSB 5940 requirements and they have

	Reduction	not responded to our request for further discussions.
Tukwila School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Tukwila School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Tukwila School District	**Customer Service**	WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps

		them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Tukwila School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Tukwila School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Tumwater School District	**Administrative Cost Reduction**	The District hired an additional support staff person to reduce overtime expenses in payroll and human resources. Health benefit changes are made online or over the phone eliminating the need for a person to process paper forms.
Tumwater School District	**Cost Savings**	Our Premera medical plans have the highest number of in network providers in the state. The volume of enrollment in Premera assists in negotating higher discounts locall and nationally. Premera's Blue network has negotiated discounts that

District	Category	Efforts and Achievements
		are the highest level within the state and provides significant savigs to enrollees who travel or reside outside the service area. Evidence-based medical initiatives allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on enrollees needs. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care efficient. Member 360 dashboard is a proprietory toll that uses more than claims to identify enrollees with specific health care needs. Premera offers plans that include copayments for emergency room services, copayments for inpatient hospital admissions and higher copayments for brand, non-preferred speciality drugs. Premera has programs that monitor controlled medication substances to provide protection for enrollees. Premera has an open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care effective. The District has gone to bid to ensure we are offering the most affordable health plans available with comparible coverage to what our current plans are.
Tumwater School District	**Customer Service**	Premera provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of-pocket costs. The website provides educational information about wellness programs and their plan benefits. Premera does independent studies to measure enrollee satisfaction then puts a focus on making changes to improve satisfaction. Almost all the District's benefit changes including enrollment, changing plans and adding or dropping dependents are done online or over the phone. This ensures the employee has the most information available to them when they are making decisions regarding their health care.
Tumwater School District	**Part-Time Employee Coverage Protection**	The District offers health benefits to any employee who is contracted to work at least 15 hours a week. This has allowed employees who are much less than full time to have access to affordable health coverage.
Tumwater School District	**Premium Differential Reduction**	Premera gave lower increases to dependents than to employee only tiers for the past three years. Premera added lower cost options that have lower premiums and many first dollar benefits and also added the HDHP. The District implimented a 1% mandatory payroll deduction for any employee electing medical coverage and than used those dollars to reduce the out-of-pocket premium cost for employees covering dependents on their medical coverage.
Union Gap School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing “Lean” thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Efforts and Achievements by District
Calendar Year 2013

District	Category	Efforts and Achievements
	Reduction	
Valley School District	Administrative Cost Reduction	We now have an online system that staff will enroll themselves during open enrollment, eliminating the paper forms, which we will no longer have to track. Invoices are also easier to reconcile given the new billing system Aon Hewitt recently launched. This cuts down on the time it takes to find errors or inconsistencies in billing.
Valley School District	Cost Savings	We had biometric testing available for staff to create a base line for staff. Also, many staff members have opted for lower premiums to save the money monthly since preventive care is covered in all plans.
Valley School District	Customer Service	We had biometric testing available for staff to create a base line for staff. We are also creating a benefit committee and creating a survey for staff to find areas of need.
Valley School District	Part-Time Employee Coverage Protection	Our part time staff are treated like our certificated staff members. Benefit FTE is calculated on the teacher work year, which provides a higher allocation for medical benefits for our part-time staff members.
Valley School District	Premium Differential Reduction	All staff are required to pay a percentage of their monthly premium. This amount has increased since 2012, which is creating a larger pool for those with larger out of pocket amounts, typically full family coverage, therefore their cost per month has been reduced.
Vancouver School District	Administrative Cost Reduction	Administration costs are a very small piece of the pie and are difficult to reduce considering that ESSB 5940 and national health care reform added additional requirements for districts. New premium structures, new plans, new data collections require additional staff time.
Vancouver School District	Cost Savings	Our self-insured dental, vision, and audio plan decreased premiums by $5 per month in February 2013. As a result, employees had more allocation to go towards the cost of major medical premiums (or contributed more to pooling). Premera's online enrollment system tools allow employees to compare estimated health care costs which, along with help from district benefits staff, helps employees make more informed decisions regarding cost-effective health care. The most expensive Premera plans we offer (Plans 5 and 2) had a combined enrollment decrease of 9.2%.
Vancouver School District	Customer Service	We provided employees with a comprehensive Benefits Guide during Open Enrollment. The district hosts monthly sessions for a Premera representative to meet with employees to assist them in making proactive decisions about their health care. Premera's online enrollment system includes tools for employees to make more cost-effective decisions. The district provides educational materials on the employee portal page, monthly newsletters, and meetings with union leadership. During Open Enrollment, we hold a benefits help sessions and a large Benefits Fair to get information out to employees.
Vancouver School District	Part-Time Employee Coverage Protection	Employees that work 17.5 hours or more per week are eligible to participate in health benefits. Our district offers a wide range of plans and premiums to all employees.
Vancouver	Premium	Signed Memorandum of Understanding with all bargaining groups that both parties agree to explore options for making

School District	Differential Reduction	progress toward a 3:1 ratio between family and employee only rates. Held multiple insurance oversight committee meetings to discuss necessary changes to premium rate structure. Premera premiums were adjusted to reflect a slightly high needed rate increase for employee only coverage as compared to a slightly lower rate increase for employees covering dependents.
Vashon Island School District	Administrative Cost Reduction	Admimistrative costs continue on a downward trend and are under 6%.
Vashon Island School District	Cost Savings	Provider contracting and volume of enrollment help negotiate higher discounts. We offer plans that include copayments for Emergency Room service . Copayments for inpatient hospital asmissions and higher copayments for brand, non-preferred and speciality drugs.
Vashon Island School District	Customer Service	A website is available with access to information about employee benefits which include a cost estimator. We send out a comprehensive packet annually via e-mail summarizing plans costs and coverages that include links to every insurance plan.
Vashon Island School District	Part-Time Employee Coverage Protection	We offer medical insurance to any employee who works at least 15 hours per week.
Vashon Island School District	Premium Differential Reduction	All of our employee unions/groups with the exception of the SEIU now pay 1% of the cost of their premium in addition to any amount not covered in pooling.
Wahkiakum School District	Administrative Cost Reduction	The district contracts with the PEBB Program, whose cost-saving measures include: 1. Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. 2. Purchasing coverage for medical tools and procedures that are evidence based. 3. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits.
Wahkiakum School District	Cost Savings	The district contracts with the PEBB Program, whose cost-saving measures include: 1. Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. 2. Purchasing coverage for medical tools and procedures that are evidence based. 3. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive benefits.
Wahkiakum School District	Customer Service	The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.
Wahkiakum School District	Part-Time Employee Coverage Protection	The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.

		for enrollees. Premera has an open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Waitsburg School District	**Customer Service**	Premera offers a website with access to information about the employee's benefiswich includes a cost estimator which helps them determine which providers require less-out-of-pocket costs. The website providdes educational information about wellness programs and their plan benefits. Premera does independent surveys to measure enrolee satisfaction and then puts a focus on making changes to improve enrollees satisfaction. Premera's Sales team provides year-round servicing and is availabletowork directly with enrolleees or family members who may need additional assistance with their plans. Premera provides an array of services from education about benefits and plan chocies to when a plan can be made. Working to help resolve claim issues. Carrier provides a semi-annual newsleters to enrollees to educate them on their plans and provide access to infomation to help support decision making and healthier lifestyle decisions.
Waitsburg School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans offered through Premera provided access to coverage for part-time employees working 17.5 hours a week. Added lower cost options, such as the EasyChoice Plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Waitsburg School District	**Premium Differential Reduction**	District provider gave lower increases to dependents than to employee only tiers for the past three years. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added HDHP Plan.
Walla Walla Public Schools	**Administrative Cost Reduction**	Separated from WEA for SY 13-14, now know actual, if any, admin cost
Walla Walla Public Schools	**Cost Savings**	For SY 13-14 moved to UnitedHealth Care w/lower premiums/wellness/managed medical
Walla Walla Public Schools	**Customer Service**	Separated from WEA for SY 13-14, new provider focuses on overall wellness as part of plan management, effective drug coverage
Walla Walla Public Schools	**Part-Time Employee Coverage Protection**	MOU w/PSE to lower FTE needed for access to Pooling $$ which improve potential for EE to afford coverage
Walla Walla Public Schools	**Premium Differential Reduction**	Continued minimum contribution, overall reduced plan cost increases
Wapato School District	**Administrative Cost Reduction**	The District has not seen a reduction of admin cost locally. We are reporting the information from our providers on their reduced admin cost. Premera has been the leader in implementing "lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and

District	Category	Efforts and Achievements
		lowering expenses. Premera uses this method to continue to evaluate and improve internal /external processess. Group Health has efforts underway to improve administrative capabilites and care management solutions to respond to external forces, such as the evolving market of healthcare reform. Group Health contiues to engage in comprehensive efforts to implement the Affordable Care Act, which includes investing in new capabilities and infrastructures that advance our abilities to meet the demands of an increasingly complex industry.
Wapato School District	**Cost Savings**	Premera Blue Cross has implemented provider contracting which has the highest number of providers "in network" in the state (98% + of all claims pair are "in network"). The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. Plans that include co-payments for emergency room service (waived if admitted), co-payments for inpatient hospital admissions, and higher copayments for brand, non preferred and speciality drugs. Group Health has a team of experts that strategize to minimize medical expense/claims cost trends through an optimized and collaborative model of patient care and tightly manage provider contracts. Group Health also promote healthy living through easily accessible wellness solutions, such as complex case management to help members with chronic or acute conditions receive the best medical treatment available.
Wapato School District	**Customer Service**	The District has health plan meetings for Group Health enrollees in which the employees are able to speak to someone in person in regards to their health care plan. Employees are also able to discuss any questions with their medical provider. Premera has a website with access to information about the employee's benefits which include a cost estimator.
Wapato School District	**Part-Time Employee Coverage Protection**	The District has always offered part time employees insurance coverage. The District has negotiated language in all collective bargaining agreements to address this issue.
Wapato School District	**Premium Differential Reduction**	Premera gave lower increases to dependents than to employee only tiers for the past three years. They also added lower cost options such as the Easy Choice plans that have lower premiums and they added the HDHP. Group Health's has strategies in place to work towards this goal.
Warden School District	**Administrative Cost Reduction**	Administrative costs are low due to contracting with PEBB.
Warden School District	**Cost Savings**	Teacher's union compared PEBB to WEA plans that were available and chose to stay with PEBB.
Warden School District	**Customer Service**	Representative from American Fidelity explained plans to employees individually to employees during open enrollment and District sent out emails with web links for PEBB information. PEBB also sends out informative newletters to enrollees.
Warden School District	**Part-Time Employee Coverage Protection**	Have included bus driver trip hours to make insurance premiums more affordable

Warden School District	**Premium Differential Reduction**	PEBB has done this.
Washougal School District	**Administrative Cost Reduction**	A. BlueCard provides significant savings to Regence enrollees traveling or residing outside the Regence service area. B. WSD Specific - the WSD Plan's auto adjudication rates remain some of the highest within Regence, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Washougal School District	**Cost Savings**	A. Provider contracting - Regence has the highest number of providers “in network” in the state (98% + of all claims pair are “in-network”). B. The volume of enrollment in Regence assists in negotiating higher discounts locally and nationally. (In addition to Regence's Exchange, Individual, small and large group accounts, Regence provides coverage for many large, national accounts as well.) C. BlueCard - (Regence's national “Blue” network) has negotiated discounts that are at the highest level within the state and provides significant savings to Regence enrollees who travel or reside outside the Regence service area. D. Evidence-based medical initiatives that allow Regence to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs through MyRegence.com. F. Provider advisory groups for medical and pharmacy that continually monitor Regence's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. H. Programs that monitor controlled medication substances to provide protection for enrollees. I. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective.
Washougal School District	**Customer Service**	A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. The dedicated Regence Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Regence provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Regence also works to resolve claim

White Salmon Valley School District	**Administrative Cost Reduction**	Providence Health Plan has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. PHP is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA.Providence Health Plan through our Quality Medical Management program includes prior authorization for selected services, including high tech imaging and provider Pay-for-Preformance quality of care and evidence based medicine initiatives. Through our care management programs and provider contracting efforts, we have the best regional PPO medical trends per recent surveys conducted by various consulting firms. In addition, our pharmacy management program has been recognized nationally as having the highest generic adoption rate and realizing reduced pharmacy costs and trend through our pharmacy benefit management efforts. Our pharmacy trend has been, and continues to be, the lowest in our regional market for several years. PHP will work with the districts and their producers or consultants to identify benefit design strategies to help meet budget goals and mitigate future cost increases. BCI, our benefit consultant, reduced their administration fee by 10%.
White Salmon Valley School District	**Cost Savings**	Providence Health Plan has invested in preventive care and chronic care management to improve on health care outcomes, implementation of interventions to prevent inpatient hospital readmissions, early adoption of voluntary patient safety reporting, initiatives in place to reduce complaints and potential medical errors, the Health Plan includes a comprehensive array of health and wellness promotion and preventive services through our Fit Together program and a best-in-class pharmacy management program.
White Salmon Valley School District	**Customer Service**	Providence Health Plan has best-in-class medical and care management services designed to achieve the Triple Aim (better care, better patient satisfaction at a lower cost). Providence Health Plan Customer Service and Claims are locally located in Beaverton, Oregon, hours of operation 8:00 am to 5:00 pm PST, toll free 800 number for members. Customer Service Representatives are trained to answer all calls, with 92% of calls answered at the point of service. Translation services available, automated voice response system and call tracking software for real time and historical activity. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a variety of self service options and tools, such as health trackers, health assessments, cost estimators etc. BCI, our benefit consultant, holds employee educational meetings for groups and has available one on one meetings for individuals. All employees can view our benefit website for up to date plan and wellness information.
White Salmon Valley School District	**Part-Time Employee Coverage Protection**	We allow coverage for part-time employees, if the employer requests it. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
White Salmon	**Premium**	We are working with our unions and our benefit consultants to review our pooling and collective bargaining units. In

Wishkah Valley School District	**Premium Differential Reduction**	Employees are offered a choice of several plans which include lower cost options and lower premiums for both employee only and family choices.
Wishram School District	**Administrative Cost Reduction**	WEA Select Medical Plans through Premera: A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the enrollee experience, and improve efficiency while eliminating wasted time and work effort and lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in Premera's "Lean" workshops so they can incorporate them in their own business – including the state of Washington, various provide groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2013. WEA's administrative costs have been under 6% for over 11 years. B. BlueCard provides significant savings to Premera enrollees traveling or residing outside the Premera service area. C. WEA Specific – the WEA Plan's auto adjudication rates remain some of the highest within Premera, which reduces the need for manual intervention and provides peace of mind for providers as well as for enrollees with quick turnaround on payments for services.
Wishram School District	**Cost Savings**	WEA Select Medical Plans through Premera: A. Provider contracting - Premera has the highest number of providers "in network" in the state (98% + of all claims paid are "in-network"). B. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally. (In addition to Premera's Exchange, Individual, small and large group accounts, Premera provides coverage for many large, national accounts, including: Microsoft, Amazon, Starbucks, Weyerhaeuser, Alaska Air Group, etc.) C. BlueCard – (Premera's national "Blue" network) has negotiated discounts that are at the highest level within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. D. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as to identify appropriate alternative care based on the enrollees needs. E. Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. F. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate, and cost and care-efficient. G. Member 360 dashboard - Proprietary tool that uses more than claims to identify enrollees with specific healthcare needs. H. Plans that include copayments for Emergency Room service (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand, non-preferred and specialty drugs. I. Programs that monitor controlled medication substances to provide protection for enrollees. J. An open drug formulary that provides choice for enrollees and their physicians while being prudent and ensuring the drugs are cost and care-effective."

Wishram School District	**Customer Service**	"District: Please indicate if your district has done something specific in this area. WEA Select Medical Plans through Premera: A. Provides a website with access to information about the employee's benefits which includes a cost estimator which helps them determine which providers require less out-of pocket costs. The website provides educational information about wellness programs and their plan benefits. B. Does independent surveys to measure enrollee satisfaction and then puts a focus on making changes to improve satisfaction. C. "Ulyssess Learning™" – leading to first call resolution and a higher level of satisfaction from enrollees. D. Premera's "Lean" workshops include Customer Service, Claims and Billing processes – which we continue to focus on improving the enrollee experience. E. The dedicated Premera Sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera also works to resolve claim issues for enrollees. This provides additional support to the district as well as direct support to their employees. F. Semi-annual newsletters to enrollees to educate them on their plans and provide access to information to help support decision making and healthier lifestyle decisions. G. Dedicated staff in Customer Service and in Sales who work to address escalated or complex issues with the enrollees/designated representative and/or their provider. Input from the enrollee can often help in making adjustments or benefit changes to the Plans.
Wishram School District	**Part-Time Employee Coverage Protection**	WEA Select Medical Plans through Premera: A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts
Wishram School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Woodland School District	**Administrative Cost Reduction**	Currently, our benefits consultant is paid at a significantly lower commission than is common in the marketplace. We also conducted a full market RFP for benefit plan providers to ensure we are receiving competitive rates, and to avoid paying commission to two brokers.
Woodland School District	**Cost Savings**	We offer an array of benefit plan options that intendst ot meet all employee's needs related to both cost and benefits. We conducted an RFP for insurance providers and are in the process of potentially replacing our current carrier with options that will result in a reduced cost for our employees.

District	Category	Efforts and Achievements
Woodland School District	**Customer Service**	Our benefits committee features representatives from each employee group at the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We also provide the opportunity for each of our employees to receive one-on-one counseling about the benefit options available to them. We provide a benefits handbook with contact information for each service provider, along with summaries of each of the plans availalbe to them. Our benefits fair provides employees with an opportunity to interact with benefit carriers and consultants to become more familiar with their plan offerings. We also provide periodic communications on helpful benefit topics, along with wellness topics.
Woodland School District	**Part-Time Employee Coverage Protection**	We continue to provide coverage to part time employees, with eligibility requirements of .4 FTE for Certificated, Admin, or Non-represented employees, and 17.5 hours per week for classified staff. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups.
Woodland School District	**Premium Differential Reduction**	We believe we made progress toward increasing the affordability of coverage through requiring a mandatory employee contribution for each employee electing medical benefits in our Teachers' Group and our Administrator's Group. This contribution required all employees to pay at least 0.5% of the total cost of their medical premium and generally went to help offset the out-of-pocket cost above the state allocation dollars. This helped result in a reduction of our family to individual ratio from approximately 34:1 to 30:1. Discussions have continued with our other bargaining groups to increase the mandatory employee contribution. Carriers are working to shift costs from families to employee only enrollees as well.

District	Category	Efforts and Achievements
District	**Employee Coverage Protection**	A. Have provided access to coverage for part-time employees working 17.5 hours a week for over 30 years. Individual districts can choose to allow participation for employees with even fewer hours worked, providing that the employer is contributing towards the cost of the medical plan. B. Premera works with the enrollees to review other plan options that allow the individual to remain covered on a medical plan. C. Added lower cost options, such as the EasyChoice plan, that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Yakima School District	**Premium Differential Reduction**	WEA Select Medical Plans through Premera: A. Gave lower increases to dependents than to employee only tiers for the past three years. B. Added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and also added the HDHP Plan.
Yelm School District	**Administrative Cost Reduction**	NO ADMINISTRATIVE COSTS
Yelm School District	**Cost Savings**	OFFER WHAT WEA OFFERS, OFFER HEALTH SAVINGS ACCOUNTS
Yelm School District	**Customer Service**	OFFER WEBSITE INFORMATION, HOLD BENEFITS FAIR
Yelm School District	**Part-Time Employee Coverage Protection**	OFFER BENEFITS TO EMPLOYEES ABOVE 20 HOURS PER WEEK
Yelm School District	**Premium Differential Reduction**	USING WEA PROVIDED PLANS
Zillah School District	**Administrative Cost Reduction**	Administrative costs at the district are almost zero. We still must use brokers and private insurors so those opportunities to reduce administrative costs are lost to us.
Zillah School District	**Cost Savings**	Our provider's strategies include accelerating the extension of their care delivery model, thereby developing a broader, more fully integrated delivery system with higher quality care at a lower cost. Their integrated approach allows a focus on cost reductions across the entire continuum of care and administration. Our employees and their dependents benefit from our provider's quality of care and cost through favorable cost shares and lower administration fees and by service delivery, plan designs and health plan capabilities coming together to support their health and wellness.
Zillah School District	**Customer Service**	Our provider's strategies include a strong focus to continue improvement of network integration and cost performance in key markets. Their network focus is developing collaborative agreements and partnerships with other healthcare partners.

		Expanding their network capabilities designed on a platform of wellness, high performance and reduced cost are targeted to reinforce affordable healthcare for our employees.
Zillah School District	**Part-Time Employee Coverage Protection**	All employees are eligible to participate in the health care plans. Part time employees are included in the pooling of benefits to aid them in affordability.
Zillah School District	**Premium Differential Reduction**	Limited progress has been made in this area due to the reluctance of CPU's to accept required contribution for all rather than using a straight pooling arrangement. The only progress that has been made is through provider manipulation of tiered pricing.

A	B	C	D	E	F	G	H	I	J	K	L
Subsection (2)			School districts and their benefit providers shall annually submit, by a date determined by the office of the insurance commissioner, the following information and data for the prior calendar year								
2.a	1		Progress by the district and its benefit providers toward greater affordability for full family coverage, health care cost savings, and significantly reduced administrative costs	Districts	SD_Year	Narrative	Calendar	The narrative applies to progress over the year	Describe district progress towards greater affordability for full family coverage	1	1
2.b	2		Compliance with requirement to provide a high deductible health plan option with a health savings account	Districts	SD_Year	Text	Calendar	Confirm districts are offering these plans to employees		1	1
2.c.i			An overall plan summary including the following: The financial plan structure and overall performance of each health plan, including:								
2.c.i.A	3		Total premium expenses	Districts	SD_Year	Currency	SD Year		Total premiums are the total dollars the district pays to the respective insurance companies for all health plans	1	1
		26	Description of "carve-out" supplemental services purchased separately from carriers (cost not built into premiums)	Districts	SD_Year	Narrative	Calendar		Supplemental services a district pays to carriers outside the health plan	1	1
		25	Total payments (i.e. fees) for supplemental services (disease management, wellness program, etc.) paid to carriers or other third parties	Districts	SD_Year, SD_Entity	Currency	SD Year		Total district payments to carriers for "carve-out" services not included in the health plans	1	1, 3
2.c.i.D	6		Plan administration expenses including compensation paid to brokers	Districts	SD_Year, SD_Entity	Currency	SD Year		Costs for the district to administer their health benefit plans, not including fees paid to third parties outside the health plan	1	1, 3
	From HCA memo		Description of district allocation of internal administration expenses (staff cost allocated to employee benefits);	Districts	SD_Year	Narrative	SD Year	Description of how district has computed expense which may vary by district		1	1
2.c.ii	7		A description of the plan's use of innovative health plan features designed to reduce health benefit premium growth and reduce utilization of unnecessary services including but not limited to the use of enrollee health assessments or health coach services, care management for high cost or high-risk enrollees, medical or health home payment mechanisms, and plan features designed to create incentives for improved personal health behaviors	Districts	SD_Innov	Check list	Calendar		Report innovative features that districts utilize to impact health care costs; make selection from check-list provided with data call	list	1, 2
2.c.iii			Data to provide an understanding of the employee health benefit plan coverage and costs, including:								
2.c.iii	8		The total number of employees, and, for each employee:	Districts	SD_Emp	Numeric	Snapshot	Marital status — no specific requirement		per employee	7
2.c.iii	9		The employee's full-time equivalent status	Districts	SD_Emp	Numeric	Snapshot	FTE Between 0 and 1.00		per employee	7
2.c.iii	10		Types of coverage or benefits received	Districts	SD_Emp	Narrative	Snapshot	Dental/vision plans not included		per employee	7
2.c.iii	11		Numbers of covered dependents	Districts	SD_Emp, SD_EmpDep	Numeric	Snapshot			per dependent	7, 8
2.c.iii	12		Number of eligible dependents	Districts	SD_Emp, SD_EmpDep	Numeric	Snapshot	Asking for eligible dependents but data cannot be verified		per dependent	7, 8
2.c.iii	13		The amount of the district's contribution to premium	Districts	SD_Emp	Currency	Snapshot	Retiree remittance and premiums but not included		per employee	7

Column Definitions for the Data Traceability Matrices

Columns from Requirements document	
A	ESSB 5940 section of bill language; otherwise CR103P rule-making order requirement
B	Data Requirement identified in SOW#1 memo from the Health Care Authority (HCA) (reference number from HCA Exhibit D)
C	Rule-making order CR103P language (filed 2.7.13)
D	Language from legislation or data authorized to collect for HCA, or as specified in CR103P rule-making order
E	Data Source — Districts or Carriers
F	Data table identifier for storing data in parent table
G	Data type (for example: narrative, text, currency, mixed, lists, numeric)
H	Reporting Period (calendar year, plan year, annual reporting by month, or snapshot date selected within the reported year)
I	SOW#1 — Health Care Authority (HCA) analysis of HCA requested data elements; SOW#2 — K-12 Carrier feedback regarding data requirements
J	Explanation and Instructions requirements
K	The number of expected discrete values
L	Data Call (DC) reporting section of the data call to districts and carriers; see below for carrier reporting period instructions

Carrier Data Call (DC) Possible Groupings (Column L)	
1	Overall carrier information, annual information
2	Carrier innovation features, checklist, annual information
3	Plan reserves for plan year ending
4	Plan information and plan year summaries, by plan year
5	Benefit package annual plan-year reporting.
6	Benefit package performance by month within calendar year
7	Plan demographics, snapshot — by plan year ending
8	District-level reporting, snapshot — by plan year ending
9	Large claims by carrier across plans — by plan year ending
