SCHEDULE P INTERROGATORIES

1. What is the extended loss and expense reserve - direct and assumed - for the following classes? An example of an extended loss and expense reserve is the actuarial reserve for the free-tail coverage arising upon death, disability or retirement in most medical malpractice policies. Such a liability is to be reported here even if it was not reported elsewhere in Schedule P, but otherwise reported as a liability item on Page 3. Show the full reserve amount, not just the change during the current year.

Years in which premiums were earned and losses were incurred	1 Medical Malpractice	2 Other Liability	3 Products Liability

1.11 2007			
1.12 Totals	0	0	0

2. The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998. This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as "Defense and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement? Yes [X] No [ ]

3. The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense should be allocated by a reasonable method determined by the company and described in Interrogatory 7, below. Are they so reported in this Statement? Answer: Yes [X] No [ ]

4. Do any lines in Schedule P include reserves that are reported gross of any discount to present value of future payments, and that are reported net of such discounts on Page 10? Yes [ ] No [X]

   If Yes, proper disclosure must be made in the Notes to Financial Statements, as specified in the Instructions. Also, the discounts must be reported in Schedule P - Part 1, Columns 32 and 33.

   Schedule P must be completed gross of non-tabular discounting. Work papers relating to discount calculations must be available for examination upon request.

   Discounting is allowed only if expressly permitted by the state insurance department to which this Annual Statement is being filed.

5. What were the net premiums in force at the end of the year for:
   (in thousands of dollars)

   5.1 Fidelity 2,661

   5.2 Surety 89,498

6. Claim count information is reported per claim or per claimant (Indicate which)..... CLAIM
   If not the same in all years, explain in Interrogatory 7.

7.1 The information provided in Schedule P will be used by many persons to estimate the adequacy of the current loss and expense reserves, among other things. Are there any especially significant events, coverage, retention or accounting changes that have occurred that must be considered when making such analyses? Yes [X] No [ ]

7.2 An extended statement may be attached.
   See attachement .....
