

Comparing Medicare Supplement (Medigap) and Medicare Advantage plans

	Medicare Supplement (Medigap) plans (Plus Original Medicare)	Medicare Advantage (MA) plans (HMO, PPO, or Private Fee-for-Service)
How it works	Private insurance that fills in the gaps for out-of-pocket costs that Original Medicare Parts A and B don't cover.	Private insurance that replaces Original Medicare Parts A and B.
Who's eligible	<ul style="list-style-type: none"> You must have BOTH Medicare Parts A and B. During certain times, you can buy a plan without having to take a written health screen. For more information, see your <i>Medicare & You</i> book or contact SHIBA at: 1-800-562-6900. If you're under age 65, options are very limited. 	<ul style="list-style-type: none"> You must have BOTH Medicare Parts A and B. There's no health screen and no wait period. You must live in the plan's service area. Be aware, not every county has a plan. Plans are available to people 65 and older and under age 65 with a disability.
The benefits	<ul style="list-style-type: none"> Some plans cover Medicare Parts A and B copays, coinsurance and deductibles. Plans are standardized, meaning Plans A-N offer the same coverage as other insurer's plans with the same letter. Some plans offer additional benefits that include foreign travel emergency coverage and excess charges. 	<ul style="list-style-type: none"> Plans must cover all Medicare Parts A and B covered services. Plans are not standardized; coverage varies by plan based on the insurer and plan type: Health Maintenance Organization (HMO) and Preferred Provider Organization (PPO). Some plans offer extra coverage, such as dental, vision, alternative medicine or health club memberships (some extras require additional premiums).
Costs associated with the plan	<ul style="list-style-type: none"> Monthly Medigap premiums vary by plan. Plans (except K and L) have no annual out-of-pocket limits. You must also pay Part B premiums unless you're enrolled in a Medicare Savings Program. Premiums often change once a year, but plans may change rates at different times of the year. 	<ul style="list-style-type: none"> Monthly MA premiums vary by plan (some plans have \$0 premiums). Copays or coinsurance are set by the plan. Some plans have deductibles. Plans have yearly maximum out-of-pocket limit (MOOP). You must also pay Part B premiums, unless you're enrolled in a Medicare Savings Program. All costs may change every Jan. 1.
Is the plan renewable?	<ul style="list-style-type: none"> Plans are guaranteed renewable and benefits won't change as long as you pay the premiums, which may change yearly. You may switch plans at any time. 	<ul style="list-style-type: none"> It's renewable, but costs and benefits may change yearly. You remain in the plan unless you disenroll or switch during an enrollment period, or the plan leaves the area. If you're enrolled in a plan and do nothing during the Open Enrollment Period (OEP), you'll remain in your current plan.

Prescription drug coverage	<ul style="list-style-type: none"> • Prescription drugs are not included. • For drug coverage, you want to enroll in a Part D prescription drug plan. 	<ul style="list-style-type: none"> • It's often bundled with the plan's benefits and you can't usually buy a separate Part D plan. • If you want coverage, you must enroll in the Part D coverage your MA plan offers.
Switching plans	<ul style="list-style-type: none"> • You can switch plans at any time. • You must contact the plan to enroll. • If you switch, you must cancel the old plan. 	<ul style="list-style-type: none"> • You can only change plans during an enrollment period. • Enrolling in the new plan will disenroll you from your current MA or Part D stand-alone plan.
