

District Webinar

K-12 School District Employee Health Benefit Data Collection Project

Link to Webinar

Please click on the link below to be taken to a YouTube video which presents a pre-recorded orientation for school districts in the State of Washington concerning the OIC Health Benefits Data Collection Project.

<http://youtu.be/UgDwrj9OdJI>

This presentation is on a dedicated YouTube channel associated with Treinen Associates. It is not available using the normal search function of YouTube - the only way to see this content is to click on the above link. The presentation is 40 minutes long.

Please note that in Year 4 we are using exactly the same presentation as in Year 3. This is because, other than some small behind-the-scenes programming enhancements to the Check My Spreadsheet utility, the Data Call is essentially unchanged since Year 3.

Questions? Comments?

Please feel free to send us an email at OICDataCallTeam@Treinen.com

Thank you,

The OIC K-12 Health Benefit Data Collection Project Team
