OIC'S FIRST AMENDED WITNESS
DISCLOSURE

Hearings Unit, DIC
Patricia D. Petersen
Chief Hearing Officer

This First Amended Witness Disclosure amends the first section, "witnesses," of the OIC's witness and exhibit disclosure dated and filed July 29, 2011, in two ways. First, this eliminates one witness, Mardee Crawford, and it replaces her with two others, Bill White and Marcia White. Second, this adds a brief summary of each witness's anticipated testimony. Here is the amended first section:

I. WITNESSES

1. Alex Farmin. Ms. Farmin is a person who Ability Insurance Company's predecessor, Medico, has apparently indirectly paid to provide assistance to the insured, Gladys White. Ms. Farmin is expected to testify about her time with the insured and her family and her knowledge and observations regarding the insured's cognitive condition and functional capacity.

2. Nancy Connelly. Ms. Connelly is one of the insured's daughters. Ms. Connelly is expected to testify about her time with the insured, her observations of the insured, and her knowledge and observations regarding the insured's cognitive condition and functional capacity.

3. Bill White. Mr. White is one of the insured's sons. Mr. White is expected to testify about his time with the insured, his observations of the insured, and his knowledge and observations regarding the insured's cognitive condition and functional capacity.

4. Marcia White. Ms. White is Bill White's spouse. Ms. White is expected to testify about her time with the insured, her observations of the insured, and her knowledge and observations regarding the insured's cognitive condition and functional capacity.
