Hearings Unit, DIC  
Patricia Peterson  
Chief Hearing Officer

My name is Chad Verginia. I have received a letter stating that the OIC is going to revoke my license effective 11/7/2011 due to false representation. I am writing today to request a hearing to protest this decision. While I cannot deny the fact that I had answered "no" to the question "Have you ever been convicted of a crime, had a judgment withheld or deferred, or are you currently charged with committing a crime?" I will say that I had no intention of misleading the OIC. It would be silly of any person to believe that a state office would not have access to public records.

I was in a hurry, and excited to get my license and start my career. In the question, it had said to leave out some convictions and, in my haste, I must have misread. I can assure you that this is not how I represent myself while selling insurance. I would like to request a hearing to plead my case and maintain my current license status.

Thank you Patricia,

Chad Verginia
