NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of Medical Professional Mutual Insurance Company are presented on the basis of accounting practices prescribed or permitted by the Division of Insurance of the Commonwealth of Massachusetts.

The Division of Insurance of the Commonwealth of Massachusetts recognizes only statutory accounting practices prescribed or permitted by the Commonwealth of Massachusetts for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Massachusetts Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures* manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the Commonwealth of Massachusetts.

There is no difference in the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the Commonwealth of Massachusetts.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro-rata methods for direct and ceded business and on reports received from ceding companies for assumed reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the Company uses the following accounting policies:

(1) Short-term investments are stated at actual cost.
(2) Bonds not backed by loans are stated at amortized cost using the scientific method. Non-investment grade bonds are stated at the lower of amortized cost or fair value.
(3) Common stocks are stated at market value except that investment in stock of uncombined subsidiaries and affiliates in which the Company has an interest of 20% or more are carried on the equity basis.
(4) Perpetual preferred stocks that are highly rated in credit quality are stated at market value. Redeemable preferred stocks that are highly rated in credit quality are stated at book value. All other preferred stocks below investment grade are stated at the lower of book or market value.
(5) The Company does not hold any mortgage loans on real estate.
(6) Loan-backed securities are stated at either amortized cost or the lower of amortized cost or fair market value. The retrospective adjustment method is used to value all securities.
(7) The Company carries ProMutual Group, Inc. at GAAP equity, adjusted for the statutory values of the underlying insurance affiliates
(8) The Company has minor ownership interest in a limited liability company. The Company carries this interest based on the underlying audited GAAP equity of the investee.
(9) The Company does not hold derivative instruments.
(10) The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, Property-Casualty Contracts-Premiums.
(11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
(12) The Company has not modified its capitalization policy from the prior year.
(13) The Company does not have pharmaceutical rebate receivables.

If the answer to question 1.1 is "no", leave the following questions blank. If the answer to question 1.1 is "yes", please answer the following questions:

For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract.
