

Pre CR101 stakeholder meeting notice

Name of rule: Confidential Communications (EOBs)

Rule number: R2019-03

Pre CR101 Stakeholder meeting: July 18, 2019, 1:30pm, 5000 Capitol Blvd SE, Tumwater, WA 98501

Send comments to: rulescoordinator@oic.wa.gov

Comment deadline: July 18, 2019

With the passing of [SB 5889](#), the Commissioner is considering rulemaking to update Chapter 284 WACs to unite with the new law. The rulemaking team would like to hear from stakeholders on the following topics:

- How will HMOs handle a disputed payment on their provider side?
- How does adjudication of Coordination of Benefits (Chapter 284-51 WAC) impacted by the new statute? If the minor child is covered by Mom's plan and Dad's plan, and completes a protected individual's nondisclosure form, how does the carrier ensure claims are coordinated correctly without inappropriate disclosure to the parents?
- Ideas for protected individual nondisclosure form.
- Ideas for protected individual nondisclosure form distribution.
- Can we foresee any issues with obtaining/maintaining addresses?

At this time the Commissioner is considering amending the following WACs:

[WAC 284-43-2000\(6\)\(c\)\(i\) and \(ii\)](#) to address if a protected individual completes the nondisclosure form.

[WAC 284-43-2050\(12\), \(13\) and \(20\)](#) to address if a protected individual completes the nondisclosure form.

[WAC 284-43-3070\(1\)](#) Notice is mailed to enrollee so this also needs to be addressed.

[WAC 284-43-4040](#) Notice is mailed to the enrollee [(1) and (6)] so this needs to be addressed.

[WAC 284-43-7100](#) Need to consider the access to the protected individual's nondisclosure form in (1) and the notification in (3) when a protected individual completes the nondisclosure form.

[WAC 284-04-510](#) May need to unite this WAC with new law.

[WAC 284-170-421\(5\)](#) amend to address when a protected individual completes the nondisclosure form.

The rulemaking team is interested if stakeholders have comments on whether these WACs or additional WACs need amending because of the passing of SB 5889.
