| Comment(s) or question(s) | <p>Hello,</p> <p>House Bill 1120 (INSURANCE PRODUCERS – ANNUITY TRANSACTIONS – BEST INTEREST STANDARD) was passed earlier this year with an effective date of January 1, 2024, however the Producer Training section of the Suitability in Annuity Transactions Model Regulation was not adopted.</p> <p>We are looking for guidance as to whether the Producer Training section of the model regulation will be adopted at a later date, and, if so, what the particulars of that adoption may be (i.e., what training will be required, when existing and new producers must complete the required training, etc.)</p> <p>Thank you.</p> |
