The Commissioner has initiated rulemaking on the following rules:

Summary	Statutory Authority	Potentially Impacted WACs	Current Status
Revising the prior authorization process (Insurance Commissioner Matter R 2023-02)	RCW 48.02.060, 48.43.0161, 48.43.515, and 48.43.520	Amendments to chapter 284-43 WAC	CR 101 filed 7/19/23 WSR 23-15-108

The Commissioner previously released a rulemaking agenda on the following topics, which include an updated status:

Name of proposed rule	Summary	Status
Continuity of coverage for prescription drugs	Substitute Senate Bill 5300 (2023) prohibits health carriers and their health care benefit managers from requiring substitution of a prescribed nonpreferred drug with a preferred drug or increasing an enrollee's cost sharing obligation when the prescription is for a refill of an antipsychotic, antidepressant, or antiepileptic drug, or any other drug prescribed to treat a serious mental illness. Proposed rulemaking intends to address inconsistencies between the new law and current rules, including addressing the prescription drug process (WAC 284-43-2021), formulary policies and prescription drug cost sharing (WAC 284-43-5060 through 284-43-5110), and the definition of "serious mental illness" (WAC 284-43-0160).	Pre-CR-101. No rulemaking has been initiated, but a CR-101 is expected in Spring 2024.
