I am a single-mother and for 10 years I have owned a small practice in SW WA and serve my community with compassion and heart for service. I volunteer in a local free clinic and offer discounts for my underserved population. To help make my overhead, I take some auto injury cases of my own patients or their families.

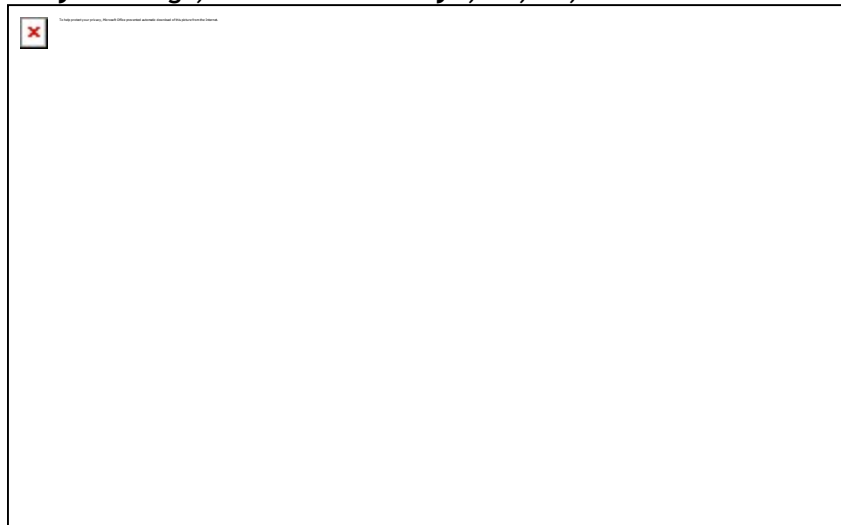

Unfortunately with recent cuts in reimbursement due to Fair Market Benchmark Pricing, the reimbursement for the care I give my patients has decreased dramatically and affects me financially to run my practice locally.

Please reconsider and NOT allow this Fair Market Benchmark Pricing pass so not only I but my colleagues can better serve our communities.

Thanks for your time, Dr. G
