Dear Office of the Insurance Commissioner:

I support the new proposed changes to WAC 284-30-300 through 400 and believe that they will benefit consumers. I work with insurance companies daily on behalf of their clients and I know that these changes will make real and marked changes to the lives of consumers. Please make these changes for the benefit of us all.

Sincerely,

CORY BOEHLJE  
*Paralegal*
