To whom it may concern,

I write to express my support for the new proposed changes to WAC 284-30-300 through 400, pursuant to the attached.

I have worked as an attorney representing insurance claimants for 20+ years in Washington State. This type of clarity in the WACs is much needed and long-overdue. The changes proposed are fair and reasonable and will help alleviate a lot of cost, confusion and delay for consumers who find themselves up against carriers and claims handlers who routinely play the ambiguities to the insurers' favor.

Sincerely,

Liz Quick
