To Whom It May Concern,

I am a local chiropractor and own two clinics in Bellevue and Issaquah. Insurance is tough enough to deal with, but with the new changes it is making it harder and harder for small businesses to stay in Business. Auto insurance companies require us to pay premiums for coverage but are limiting provider payments without cause/justification. This leaves clinic owners like me with the burden of making up the difference between what we should be paid and what they are reducing the payments to.

Please help make the insurance companies pay for what they said they will do and not put more burden on the local clinic owners.

Thanks for your time and consideration,

Dr. Josh Oncken
Clinic Director
South Bellevue Chiropractic & Massage
