As part of the Balance Billing Protection Act, passed in 2019, our office will assemble a list of arbitrators and arbitration service entities to be used during balance billing dispute resolutions. Arbitrators and organizations that provide arbitration services are encouraged to apply to be included in the list of approved balance billing arbitrators. Relevant experience in health care or medical issues is strongly preferred. If you or your organization are interested in applying, please complete and submit this secure form. The OIC will review your application and contact you within ten business days if you or your organization will be included on the list of approved balance billing arbitrators.
