**PROPOSED RULE MAKING**

**Agency:** Office of the Insurance Commissioner

- Preproposal Statement of Inquiry was filed as WSR 16-13-103
- Original Notice
- Expedited Rule Making--Proposed notice was filed as WSR __________; or
- Supplemental Notice to WSR __________
- Proposal is exempt under RCW 34.05.310(4) or 34.05.330(1).
- Continuance of WSR __________

**Title of rule and other identifying information:** Prior authorization processes and transparency

Insurance Commissioner Matter No. R 2016-19

**Hearing location(s):**
Office of the Insurance Commissioner
5000 Capitol Blvd
Tumwater, WA 98504

Date: January 4, 2017 Time: 11:00 a.m.

**Submit written comments to:**
Name: Jim Freeburg
Address: PO Box 40260
Olympia, WA 98504
e-mail rulescoordinator@oic.wa.gov
Fax: 360-586-3109 by (date) Jan. 4, 2017

**Date of intended adoption:** January 5, 2017
(Note: This is NOT the effective date)

**Assistance for persons with disabilities:**
Contact: Lorie Villaflores by Dec. 29, 2016
TTY (360) 586-0241 or (360) 725-7087

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

In an effort to facilitate access to covered services, the Commissioner wishes to standardize the process of prior authorization when such a program is in effect. These rules are intended to streamline the prior authorization process and to ensure it is more transparent for consumers and providers. The rules require issuers to have online systems to process prior authorizations in a reasonable timeframe. The rules also provide other requirements for issuers to follow related to prior authorization.

**Reasons supporting proposal:**
Rules are necessary to ensure that prior authorization processes are consistent and streamlined for both consumers and providers. The rules proposed are reasonable approaches to ensure that the process is fair and predictable.

**Statutory authority for adoption:**
RCW 48.02.060, 48.43.515, 48.43.520, 48.43.525, 48.43.530, RCW 48.165.0301

**Statute being implemented:**
RCW 48.43.520, RCW 48.43.525, RCW 48.165.0301

**Is rule necessary because of a:**
- Federal Law?
  - Yes
  - No
- Federal Court Decision?
  - Yes
  - No
- State Court Decision?
  - Yes
  - No

**, If yes, CITATION:**

Date:

Has a small business economic impact statement been prepared under chapter 19.85 RCW or has a school district fiscal impact statement been prepared under section 1, chapter 210, Laws of 2012?

☐ Yes. Attach copy of small business economic impact statement or school district fiscal impact statement.

☐ No. Explain why no statement was prepared.

A) The companies affected are not small businesses as defined in Chapter 19.85 RCW.

The smallest domestic insurer affected by these rules is a wholly owned subsidiary of an out of state firm and therefore does not meet the definition of a small business under RCW 19.85. None of the other domestic insurers meets the definition of a small business under RCW 19.85—all either have more than 50 employees or are subsidiary members of a larger corporate family.

A) Washington state’s seventeen domestic insurers (from 13 corporate “families”), with cumulative 2015 revenues of approximately $13.7 billion in premiums, would need to cumulatively spend at least $41 million for their prior authorization systems to exceed minor costs definition under RCW 19.85.020 (or an average of over $3 million). The highest estimate per corporate family that OIC received from the industry was “over $1 million” for developing such a system.

Is a cost-benefit analysis required under RCW 34.05.328?

☒ Yes A preliminary cost-benefit analysis may be obtained by contacting:

Name: Jim Freeburg
Address: PO Box 40255, Olympia WA 98504

phone (360) 725-7170 e-mail jimf@oic.wa.gov

☐ No: Please explain:
WAC 284-43-0160 Definitions. Except as defined in other subchapters and unless the context requires otherwise, the following definitions shall apply throughout this chapter.

1) "Adverse determination" has the same meaning as the definition of adverse benefit determination in RCW 48.43.005, and includes:
   a) The determination includes any decision by a health carrier's designee utilization review organization that a request for a benefit under the health carrier's health benefit plan does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and the requested benefit is therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part for the benefit;
   b) The denial, reduction, termination, or failure to provide or make payment, in whole or in part, for a benefit based on a determination by a health carrier or its designee utilization review organization of a covered person's eligibility to participate in the health carrier's health benefit plan;
   c) Any prospective review or retrospective review determination that denies, reduces, or terminates or fails to provide or make payment in whole or in part for a benefit;
   d) A rescission of coverage determination; or
   e) A carrier's denial of an application for coverage.

2) "Authorization" or "certification" means a determination by the carrier that an admission, extension of stay, or other health care service has been reviewed and, based on the information provided, meets the clinical requirements for medical necessity, appropriateness, level of care, or effectiveness in relation to the applicable health plan.

3) "Clinical review criteria" means the written screens, decision rules, medical protocols, or guidelines used by the carrier as an element in the evaluation of medical necessity and appropriateness of requested admissions, procedures, and services under the auspices of the applicable ((health)) plan.

4) "Covered health condition" means any disease, illness, injury or condition of health risk covered according to the terms of any health plan.

5) "Covered person" or "enrollee" means an individual covered by a health plan including a subscriber, policyholder, or beneficiary of a group plan.

6) "Emergency fill" means a limited dispensed amount of medication that allows time for the processing of a preauthorization request. Emergency fill only applies to those circumstances where a patient presents at a contracted pharmacy with an immediate therapeutic need for a prescribed medication that requires a prior authorization.

7) "Emergency medical condition" means the emergent and acute onset of a symptom or symptoms, including severe pain, that would lead a prudent layperson acting reasonably to believe that a health condition exists that requires immediate medical attention, if failure to provide medical attention would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's health in serious jeopardy.
"Emergency services" has the meaning set forth in RCW 48.43.005.

"Enrollee point-of-service cost-sharing" or "cost-sharing" means amounts paid to health carriers directly providing services, health care providers, or health care facilities by enrollees and may include copayments, coinsurance, or deductibles.

"Expedited prior authorization request" means any request by a provider or facility for approval of a service where the passage of time could seriously jeopardize the life or health of the enrollee, seriously jeopardize the enrollee's ability to regain maximum function, or, in the opinion of a provider or facility with knowledge of the enrollee's medical condition, would subject the enrollee to severe pain that cannot be adequately managed without the service that is the subject of the request.

"Facility" means an institution providing health care services including, but not limited to, hospitals and other licensed inpatient centers, ambulatory surgical or treatment centers, skilled nursing centers, residential treatment centers, diagnostic, laboratory, and imaging centers, and rehabilitation and other therapeutic settings, and as defined in RCW 48.43.005.

"Formulary" means a listing of drugs used within a health plan.

"Grievance" has the meaning set forth in RCW 48.43.005.

"Health care provider" or "provider" means:
(a) A person regulated under Title 18 RCW or chapter 70.127 RCW, to practice health or health-related services or otherwise practicing health care services in this state consistent with state law; or
(b) An employee or agent of a person described in (a) of this subsection, acting in the course and scope of his or her employment.

"Health care service" or "health service" means that service offered or provided by health care facilities and health care providers relating to the prevention, cure, or treatment of illness, injury, or disease.

"Health carrier" or "carrier" means a disability insurance company regulated under chapter 48.20 or 48.21 RCW, a health care service contractor as defined in RCW 48.44.010, and a health maintenance organization as defined in RCW 48.46.020, and includes "issuers" as that term is used in the Patient Protection and Affordable Care Act (P.L. 111-148, as amended (2010)).

"Health plan" or "plan" means any individual or group policy, contract, or agreement offered by a health carrier to provide, arrange, reimburse, or pay for health care service except the following:
(a) Long-term care insurance governed by chapter 48.84 RCW;
(b) Medicare supplemental health insurance governed by chapter 48.66 RCW;
(c) Limited health care service offered by limited health care service contractors in accordance with RCW 48.44.035;
(d) Disability income;
(e) Coverage incidental to a property/casualty liability insurance policy such as automobile personal injury protection coverage and homeowner guest medical;
(f) Workers' compensation coverage;
(g) Accident only coverage;
(h) Specified disease and hospital confinement indemnity when marketed solely as a supplement to a health plan;
Employer-sponsored self-funded health plans; 
(d) Plans deemed by the insurance commissioner to have a short-term limited purpose or duration, or to be a student-only plan that is guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

"Immediate therapeutic needs" means those needs where passage of time without treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

"Indian health care provider" means:
(a) The Indian Health Service, an agency operated by the U.S. Department of Health and Human Services established by the Indian Health Care Improvement Act, Section 601, 25 U.S.C. §1661;
(b) An Indian tribe, as defined in the Indian Health Care Improvement Act, Section 4(14), 25 U.S.C. §1603(14), that operates a health program under a contract or compact to carry out programs of the Indian Health Service pursuant to the Indian Self-Determination and Education Assistance Act (ISDEAA), 25 U.S.C. §450 et seq.;
(c) A tribal organization, as defined in the Indian Health Care Improvement Act, Section 4(26), 25 U.S.C. §1603(26), that operates a health program under a contract or compact to carry out programs of the Indian Health Service pursuant to the ISDEAA, 25 U.S.C. §450 et seq.;
(d) An Indian tribe, as defined in the Indian Health Care Improvement Act, Section 4(14), 25 U.S.C. §1603(14), or tribal organization, as defined in the Indian Health Care Improvement Act, Section 4(26), 25 U.S.C. §1603(26), that operates a health program with funding provided in whole or part pursuant to 25 U.S.C. §47 (commonly known as the Buy Indian Act); or
(e) An urban Indian organization that operates a health program with funds in whole or part provided by Indian Health Service under a grant or contract awarded pursuant to Title V of the Indian Health Care Improvement Act, Section 4(29), 25 U.S.C. §1603(29).

"Managed care plan" means a health plan that coordinates the provision of covered health care services to a covered person through the use of a primary care provider and a network.

"Medically necessary" or "medical necessity" in regard to mental health services and pharmacy services is a carrier determination as to whether a health service is a covered benefit because the service is consistent with generally recognized standards within a relevant health profession.

"Mental health provider" means a health care provider or a health care facility authorized by state law to provide mental health services.

"Mental health services" means in-patient or out-patient treatment, partial hospitalization or out-patient treatment to manage or ameliorate the effects of a mental disorder listed in the Diagnostic and Statistical Manual (DSM) IV published by the American Psychiatric Association, excluding diagnoses and treatments for substance abuse, 291.0 through 292.9 and 303.0 through 305.9.

"Network" means the group of participating providers and facilities providing health care services to a particular health plan or line of business (individual, small, or large group).
health plan network for issuers offering more than one health plan may be smaller in number than the total number of participating providers and facilities for all plans offered by the carrier.

(24) "Out-patient therapeutic visit" or "out-patient visit" means a clinical treatment session with a mental health provider of a duration consistent with relevant professional standards used by the carrier to determine medical necessity for the particular service being rendered, as defined in Physicians Current Procedural Terminology, published by the American Medical Association.

(25) "Participating provider" and "participating facility" means a facility or provider who, under a contract with the health carrier or with the carrier's contractor or subcontractor, has agreed to provide health care services to covered persons with an expectation of receiving payment, other than coinsurance, copayments, or deductibles, from the health carrier rather than from the covered person.

(26) "Person" means an individual, a corporation, a partnership, an association, a joint venture, a joint stock company, a trust, an unincorporated organization, any similar entity, or any combination of the foregoing.

(27) "Pharmacy services" means the practice of pharmacy as defined in chapter 18.64 RCW and includes any drugs or devices as defined in chapter 18.64 RCW.

(28) "Predetermination request" means a voluntary request from an enrollee or provider or facility for a carrier or its designated or contracted representative to determine if a service is a benefit, in relation to the applicable plan.

(29) "Preservice requirement" means any requirement that a carrier places on a provider or facility that may limit their ability to deliver a service that requires prior authorization. Examples include limits on the type of provider or facility delivering the service, a service that must be provided before a specific service will be authorized, site of care/place of service, and whether a provider administered medication needs to be obtained from a specialty pharmacy.

(30) "Primary care provider" means a participating provider who supervises, coordinates, or provides initial care or continuing care to a covered person, and who may be required by the health carrier to initiate a referral for specialty care and maintain supervision of health care services rendered to the covered person.

(31) "Preexisting condition" means any medical condition, illness, or injury that existed any time prior to the effective date of coverage.

(32) "Premium" means all sums charged, received, or deposited by a health carrier as consideration for a health plan or the continuance of a health plan. Any assessment or any "membership," "policy," "contract," "service," or similar fee or charge made by a health carrier in consideration for a health plan is deemed part of the premium. "Premium" shall not include amounts paid as enrollee point-of-service cost-sharing.

(33) "Prior authorization" means a mandatory process that a carrier or its designated or contracted representative requires a provider or facility to follow to determine if a service is a benefit and meets the clinical requirements for medical necessity, appropriateness, level of care, and effectiveness in relation to the applicable plan. Prior authorization occurs before the service is delivered. For purposes of WAC 284-43-2050 and 284-43-2060, any term used by a carrier or its designated or contracted representative to describe this process is prior authorization. For example, prior author-
(35) "Service area" means the geographic area or areas where a specific product is issued, accepts members or enrollees, and covers provided services. A service area must be defined by the county or counties included unless, for good cause, the commissioner permits limitation of a service area by zip code. Good cause includes geographic barriers within a service area, or other conditions that make offering coverage throughout an entire county unreasonable.

((42))) (36) "Small group plan" means a health plan issued to a small employer as defined under RCW 48.43.005(33) comprising from one to fifty eligible employees.

((43))) (37) "Standard prior authorization request" means any request by a provider or facility for approval of a service where the request is made in advance of the enrollee obtaining a service.

(38) "Substitute drug" means a therapeutically equivalent substance as defined in chapter 69.41 RCW.

((44))) (39) "Supplementary pharmacy services" or "other pharmacy services" means pharmacy services involving the provision of drug therapy management and other services not required under state and federal law but that may be rendered in connection with dispensing, or that may be used in disease prevention or disease management.

---

**SUBCHAPTER D**

**PRIOR AUTHORIZATION AND UTILIZATION REVIEW**

**AMENDATORY SECTION**  (Amending WSR 16-11-074, filed 5/16/16, effective 1/1/17)

**WAC 284-43-2000  Health care services utilization review—Generally.**  (1) These definitions apply to this section:

(a) "Concurrent care review request" means any request for an extension of a previously authorized inpatient stay or a previously authorized ongoing outpatient service, e.g., physical therapy, home health, etc.

(b) (()"Immediate review request" means any request for approval of an intervention, care or treatment where passage of time without treatment would, in the judgment of the provider, result in an imminent emergency room visit or hospital admission and deterioration of the patient's health status. Examples of situations that do not qualify under an immediate review request include, but are not limited to, situations where:

(i) The requested service was prescheduled, was not an emergency when scheduled, and there has been no change in the patient's condition;

(ii) The requested service is experimental or in a clinical trial;
(iii) The request is for the convenience of the patient's schedule or physician's schedule; and

(iv) The results of the requested service are not likely to lead to an immediate change in the patient's treatment.

(c) "Nonurgent preservice review request" means any request for approval of care or treatment where the request is made in advance of the patient obtaining medical care or services and is not an urgent care request.

(d) "Postservice review request" means any request for approval of care or treatment that has already been received by the patient.

(e) "Urgent care review request" means any request for approval of care or treatment where the passage of time could seriously jeopardize the life or health of the patient, seriously jeopardize the patient's ability to regain maximum function, or, in the opinion of a physician with knowledge of the patient's medical condition, would subject the patient to severe pain that cannot be adequately managed without the care or treatment that is the subject of the request.

(2) Each issuer must maintain a documented utilization review program description and written clinical review criteria based on reasonable medical evidence. The program must include a method for reviewing and updating criteria. Issuers must make clinical review criteria available upon request to participating providers and facilities. An issuer need not use medical evidence or standards in its utilization review of religious nonmedical treatment or religious nonmedical nursing care.

(3) The utilization review program must meet accepted national certification standards such as those used by the National Committee for Quality Assurance except as otherwise required by this chapter and must have staff who are properly qualified, trained, supervised, and supported by explicit written clinical review criteria and review procedures.

(4) Each issuer when conducting utilization review must:

(a) Accept information from any reasonably reliable source that will assist in the certification process;

(b) Collect only the information necessary to certify the admission, procedure or treatment, length of stay, or frequency or duration of services;

(c) Not routinely require providers or facilities to numerically code diagnoses or procedures to be considered for certification, but may request such codes, if available;

(d) Not routinely request copies of medical records on all patients reviewed;

(e) Require only the section(s) of the medical record during prospective review or concurrent review necessary in that specific case to certify medical necessity or appropriateness of the admission or extension of stay, frequency or duration of service;

(f) For prospective and concurrent review, base review determinations solely on the medical information obtained by the issuer at the time of the review determination;

(g) For retrospective review, base review determinations solely on the medical information available to the attending physician or facility at the time the health service was provided;

(h) Not retrospectively deny coverage for emergency and nonemergency care that had prior authorization under the plan's written policies at the time the care was rendered unless the prior authorization
was based upon a material misrepresentation by the provider or facility;

(i) Not retrospectively deny coverage or payment for care based upon standards or protocols not communicated to the provider or facility within a sufficient time period for the provider or facility to modify care in accordance with such standard or protocol; and

(j) Reverse its certification determination only when information provided to the issuer is materially different from that which was reasonably available at the time of the original determination.

(5) Each issuer must reimburse reasonable costs of medical record duplication for reviews.

(6) Each issuer must have written procedures to assure that reviews and second opinions are conducted in a timely manner.

(a) Review time frames must be appropriate to the severity of the (patient) enrollee condition and the urgency of the need for treatment, as documented in the review request.

(b) If the review request from the provider or facility is not accompanied by all necessary information, the issuer must tell the provider or facility what additional information is needed and the deadline for its submission. Upon the sooner of the receipt of all necessary information or the expiration of the deadline for providing information, the time frames for issuer review determination and notification must be no less favorable than federal Department of Labor standards, as follows: ((i) For immediate request situations, within one business day when the lack of treatment may result in an emergency visit or emergency admission;

(ii) For concurrent review requests that are also urgent care review requests, as soon as possible, taking into account the medical exigencies, and no later than twenty-four hours, provided that the request is made at least twenty-four hours prior to the expiration of previously approved period of time or number of treatments;

(iii) For urgent care review requests:

(A) The issuer must approve the request within forty-eight hours if the information provided is sufficient to approve the claim;

(B) The issuer must deny the request within forty-eight hours if the requested service is not medically necessary and the information provided is sufficient to deny the claim; or

(C) Within twenty-four hours, if the information provided is not sufficient to approve or deny the claim, the issuer must request that the provider submits additional information to make the prior authorization determination:

(I) The issuer must give the provider forty-eight hours to submit the requested information;

(II) The issuer must then approve or deny the request within forty-eight hours of the receipt of the requested additional information.

(iv) For nonurgent preservice review requests, including nonurgent concurrent review requests:

(A) The issuer must approve the request within five calendar days if the information is sufficient to approve the claim;

(B) The issuer must deny the request within five calendar days if the requested service is not medically necessary and the information provided is sufficient to deny the claim; or

(C) Within five calendar days, if the information provided is not sufficient to approve or deny the claim, the issuer must request that the provider submits additional information to make the prior authorization determination;
(I) The issuer must give the provider five calendar days to submit the requested additional information;

(II) The issuer must then approve or deny the request within four calendar days of the receipt of the additional information.

(IV) For postservice review requests, within thirty calendar days.

(c) Notification of the determination must be provided as follows:

(i) Information about whether a request was approved or denied must be made available to the ([attending physician, ordering]) provider([ ]) or facility, and ([covered person]) enrollee. Issuers must at a minimum make the information available on their web site or from their call center.

(ii) Whenever there is an adverse determination the issuer must notify the ([ordering]) provider or facility and the ([covered person]) enrollee. The issuer must inform the parties in advance whether it will provide notification by phone, mail, fax, or other means. ([For an adverse determination involving an urgent care review request, the issuer may initially provide notice by phone, provided that a written or electronic notification meeting United States Department of Labor standards is furnished within seventy-two hours of the oral notification.])

(d) As appropriate to the type of request, notification must include the number of extended days, the next anticipated review point, the new total number of days or services approved, and the date of admission or onset of services.

(e) The frequency of reviews for the extension of initial determinations must be based on the severity or complexity of the ([patient's]) enrollee's condition or on necessary treatment and discharge planning activity.

(7) No issuer may penalize or threaten a provider or facility with a reduction in future payment or termination of participating provider or participating facility status because the provider or facility disputes the issuer's determination with respect to coverage or payment for health care service.

NEW SECTION

WAC 284-43-2050 Prior authorization processes. (1) This section applies to health benefit plans as defined in RCW 48.43.005, contracts for limited health care services as defined in RCW 48.44.035, and stand-alone dental and stand-alone vision plans. This section applies to plans issued or renewed on or after January 1, 2018.

(2) A carrier or its designated or contracted representative must maintain a documented prior authorization program description and use medically acceptable clinical review criteria. A carrier or its designated or contracted representative must make determinations in accordance with the carrier's current clinical review criteria. The prior authorization program must include a method for reviewing and updating clinical review criteria. A carrier or its designated or contracted representative must not use medical evidence or standards in its prior authorization of religious nonmedical treatment or religious nonmedical nursing care.
The prior authorization program must meet accreditation standards by a national accreditation organization including, but not limited to, National Committee for Quality Assurance (NCQA), Joint Commission, URAC, and AAAHC in addition to the requirements of this chapter. The prior authorization program must have staff who are properly qualified, trained, supervised, and supported by explicit written, current clinical review criteria and review procedures.

A carrier or its designated or contracted representative must have a current and accurate online prior authorization system. The online system must be accessible to a participating provider and facility so that, prior to delivering a service, a provider and facility will have enough information to determine if a service is a benefit under the enrollee's plan and the information necessary to submit a complete prior authorization request. The online system must include sufficient information for a provider or facility to determine for an enrollee's plan:

(a) If a service is a benefit;
(b) If a prior authorization request is necessary;
(c) If any preservice requirements apply; and
(d) If a prior authorization request is necessary, the following information:
   (i) The clinical review criteria used to evaluate the request; and
   (ii) Any required documentation.

In addition to other methods to process prior authorization requests, a carrier or its designated or contracted representative that requires prior authorization for services must have an electronic process that is browser-based for a participating provider or facility to upload documentation and complete a prior authorization request.

(a) When a provider or facility makes a request for the prior authorization, the response from the carrier or its designated or contracted representative must be clear and explain if it is approved or denied and the justification and basis for the decision including the clinical review criteria for the denial. The response must give the true and actual reason in clear and simple language so that the enrollee and the provider or facility will not need to resort to additional research to understand the real reason for the action. Written notice of the decision must be communicated to the provider or facility, and the enrollee. A decision may be provided orally, but subsequent written notice must also be provided. The denial must include the department and credentials of the individual who has the authorizing authority to approve or deny the request. A denial must also include a phone number to contact the authorizing authority and a notice regarding the enrollee's appeal rights and process.

(b) A prior authorization approval notification for all services except prescription drugs must include sufficient information for the requesting provider or facility, and the enrollee, to know whether the prior authorization is for a specific provider or facility. The notification must also state if the authorized service may be delivered by an out-of-network provider or facility and if so, disclose to the enrollee the financial implications for receiving services from an out-of-network provider or facility.

(6) The carrier or its designated or contracted representative must have a method that allows an out-of-network provider or facility to request a prior authorization if prior authorization is required for an out-of-network provider or facility.
The carrier or its designated or contracted representative must have a method that allows an enrollee, provider or facility to request a predetermination when provided for by the plan.

A carrier or its designated or contracted representative is responsible for maintaining a system of documenting information and supporting evidence submitted by a provider or facility while requesting prior authorization. This information must be kept until the claim has been paid or the appeals process has been exhausted.

(a) Upon request of the provider or facility, a carrier or its designated or contracted representative must remit to the provider or facility written acknowledgment of receipt of each document submitted by a provider or facility during the processing of a prior authorization request.

(b) When information is transmitted telephonically, a carrier or its designated or contracted representative must provide written acknowledgment of the information communicated by the provider or facility.

A carrier or its designated or contracted representative that requires prior authorization for any service must allow a provider or facility to submit a request for a prior authorization at all times, including outside normal business hours.

A carrier or its designated or contracted representative must have written policies and procedures to assure that prior authorization determinations for a participating provider or facility are made within the appropriate time frames.

(a) Time frames must be appropriate to the severity of the enrollee condition and the urgency of the need for treatment, as documented in the prior authorization request.

(b) If the request from the participating provider or facility is not accompanied by all necessary information, the carrier or its designated or contracted representative must inform the provider or facility what additional information is needed and the deadline for its submission as set forth in this section.

The time frames for carrier prior authorization determination and notification to a participating provider or facility are as follows:

(a) For standard prior authorization requests:

(i) If sufficient information has been provided to a carrier or its designated or contracted representative to make a decision, the carrier or its designated or contracted representative has five calendar days once the information has been received to make a determination and provide notification.

(ii) If insufficient information has been provided to a carrier or its designated or contracted representative to make a decision, the carrier or its designated or contracted representative has five calendar days to request additional information from the provider or facility.

(A) The carrier or its designated or contracted representative must give a provider or facility five calendar days to give the necessary information to the carrier or its designated or contracted representative.

(B) The carrier or its designated or contracted representative must then make a decision and give notification within four calendar days of the receipt of the information or the deadline for receiving information, whichever is sooner.

(b) For expedited prior authorization requests:
(i) If sufficient information has been provided to a carrier or its designated or contracted representative to make a decision, the carrier has two calendar days once the information has been received to make a determination and provide notification.

(ii) If insufficient information has been provided to a carrier or its designated or contracted representative to make a decision, the carrier or its designated or contracted representative has one calendar day to request additional information from the provider or facility.

(A) The carrier or its designated or contracted representative must give a provider or facility two calendar days to give the necessary information to the carrier or its designated or contracted representative.

(B) The carrier or its designated or contracted representative must then make a decision and give notification within two calendar days of the receipt of the information or the deadline for receiving information, whichever is sooner.

(iii) If the time frames for the approval of an expedited prior authorization are insufficient for a provider or facility to receive approval prior to the preferred delivery of the service, the prior authorization should be considered an extenuating circumstance as defined in WAC 284-43-2060.

(12) A carrier or its designated or contracted representative when conducting prior authorization must:

(a) Accept any evidence-based information from a provider or facility that will assist in the authorization process;

(b) Collect only the information necessary to authorize the service and maintain a process for the provider or facility to submit such records;

(c) If medical records are requested, require only the section(s) of the medical record necessary in that specific case to determine medical necessity or appropriateness of the service to be delivered, to include admission or extension of stay, frequency or duration of service;

(d) Base review determinations on the medical information in the enrollee's records and obtained by the carrier up to the time of the review determination; and

(e) Use the medical necessity definition stated in the enrollee's plan.

(13) A prior authorization denial is an adverse benefit determination and is subject to the appeal process.

(14) Prior authorization determinations shall expire no sooner than forty-five days from date of approval. This requirement does not supersede RCW 48.43.039.

(15) A carrier must reimburse reasonable costs of medical record duplication for reviews.

(16) A carrier is obligated to ensure compliance with prior authorization requirements, even if they use a third-party contractor. The carrier is not exempt from these requirements because it relied upon a third-party vendor or subcontracting arrangement for its prior authorization program.

(17) In limited circumstances when an enrollee has to change plans due to a carrier's market withdrawal as defined in RCW 48.43.035 (4)(d) and 48.43.038 (3)(d), the subsequent carrier or its designated or contracted representative must recognize the prior authorization of the previous carrier until the new carrier's prior authorization process has been completed and its authorized treatment plan has been ini-
tiated. The subsequent carrier or its designated or contracted representative must ensure that the enrollee receives the initial service that was previously authorized as an in-network service. Enrollees must present proof of the prior authorization.

(a) For medical services, a carrier or its designated or contracted representative must recognize a prior authorization for at least thirty days or the expiration date of the original prior authorization, whichever is greater.

(b) For pharmacy services, a carrier or its designated or contracted representative must recognize a prior authorization for the initial fill, or until the prior authorization process of the new carrier or its designated or contracted representative has been completed.

(18) Predetermination notices must clearly disclose to the enrollee and requesting provider or facility, that the determination is not a prior authorization and does not guarantee services will be covered. The notice must state "A predetermination notice is not a prior authorization and does not guarantee services will be covered." Predetermination notices must be delivered within five calendar days of receipt of the request. Predetermination notices will disclose to a provider or facility for an enrollee's plan:

(a) If a service is a benefit;
(b) If a prior authorization request is necessary;
(c) If any preservice requirements apply; and
(d) If a prior authorization request is necessary or if a medical necessity review will be performed after the service has been delivered, the following information:
   (i) The clinical review criteria used to evaluate the request; and
   (ii) Any required documentation.

(19) Any carrier changes to a prior authorization procedure constitute a change to a provider or facility contract as the term is used in chapter 284-170 WAC and must be made as an amendment.

(20) Prior authorization for a facility-to-facility transport that requires prior authorization can be performed after the service is delivered. Authorization can only be based on information available to the carrier or its designated or contracted representative at the time of the prior authorization request.

(21) Carriers or its designated or contracted representative must have a prior authorization process that allows specialists the ability to request a prior authorization for a diagnostic or laboratory service based upon a review of medical records in advance of seeing the enrollee.

NEW SECTION

WAC 284-43-2060 Extenuating circumstances. (1) This section applies to health benefit plans as defined in RCW 48.43.005, contracts for limited health care services as defined in RCW 48.44.035, and stand-alone dental and stand-alone vision plans. This section applies to plans issued or renewed on or after January 1, 2018.

(2) A carrier or its designated or contracted representative must allow the retrospective review of services when an extenuating circumstance prevents a participating provider or facility from obtaining a
required prior authorization before a service is delivered. For purposes of this section, an extenuating circumstance means a situation where a carrier must not deny a provider or facility's claim for lack of prior authorization if the services are otherwise eligible for reimbursement. A carrier's or its designated or contracted representative's extenuating circumstances policy must address, but is not limited to situations where:

(a) A provider or facility is unable to expect the need for the outpatient service in question prior to performing the service;

(b) The provider or facility is unable to identify from which carrier or its designated or contracted representative to request a prior authorization;

(c) The provider or facility does not have enough time to request a prior authorization before or while performing a service; and

(d) The enrollee is discharged from a facility and insufficient time exists for institutional or home health care services to receive approval prior to delivery of the service.

(3) A carrier or its designated or contracted representative may require a participating provider or facility to follow certain procedures in order for services to qualify as an extenuating circumstance, such as requirements for documentation or a time frame for claims submission. Claims related to an extenuating circumstance may still be reviewed for medical necessity.

(4) Requirements of WAC 284-43-2000 apply to a retrospective review that occurs because the review occurs after the service has been delivered.

(5) This section does not apply to prescription drugs services.
