

January 2018 Approved Medicare Supplement (Medigap) plans

By federal law, the high-deductible plan F has a \$2,240 deductible for the year 2018

The best time to enroll in a Medigap plan is during the first six months you have both Medicare Parts A and B.

People enrolled in Original Medicare who have:

- A Medigap plan B through N can join any Medigap plan – except Plan A.
- Medigap Plan A can join any Medigap Plan A.
- More comprehensive health coverage than the Medigap plan they’re buying, can join any comprehensive Medigap plan – except Plan A.

There’s no yearly open enrollment period for Medicare Supplement (Medigap) plans. If you’re already enrolled in a Medigap plan, you may apply to buy or switch plans at any time. However, if you’re not currently enrolled in a Medigap but want to buy one, rules vary whether insurers may require you to pass a written health screening questionnaire. Not sure if you’ll need to take a health screening? Call our Insurance Consumer Hotline at: 1-800-562-6900 and ask for a health compliance analyst.

Footnotes Explained:

1 = PreX (pre-existing condition) is a health problem you had within the three months before the effective date of your new plan. For this condition, a company cannot exclude benefits for that condition for more than three months after the coverage effective date. If you replace your policy and your previous policy was in effect for at least three months, you have no waiting period for any pre-existing conditions.

2 = No health screen means the insurance company will not ask you any health questions to decide if they will enroll you in its plan.

3 = You must be a member of an association to buy these plans.

* Medicare Select policies may require you to use specific hospitals, doctors, or other health care providers to get full coverage. Network restrictions must be disclosed to you.

NOTE: The appearance of a company on this list does not constitute an endorsement of a company or its policies by the Washington State Office of the Insurance Commissioner, SHIBA, or its volunteers.

How to read the chart:

- ✓ = policy covers 100% of benefit
- % = policy covers that percentage
- Blank = policy doesn't cover that benefit

Note: The Medicare Supplement policy covers coinsurance only after you've paid the Medicare deductible (unless the policy also covers the deductible).

*Plan F offers a high-deductible plan. You pay for Medicare-covered costs up to the deductible amount (\$2,240 in 2018) before your plan pays anything.

**After you meet your out-of-pocket yearly limit and Part B deductible, the plan pays 100% of covered services for the rest of the calendar year.

***Plan N pays 100% of the Part B coinsurance except up to \$20 copays for some office visits and up to \$50 copays for emergency room visits (if the hospital admits you, the plan waives your emergency room copays).
