  - You must have Part A and Part B
  - Helps pay some health care costs that Original Medicare doesn’t cover
  - Medicare will pay its share of the Medicare-approved amounts for covered health care costs
    - Then your Medigap policy pays its share
  - **A Medigap policy covers one person**

- You pay a monthly premium for the Medigap policy
- You pay your Medicare Part B premium

*Plan F is also offered as a high-deductible plan by some insurance companies in some states. If you choose this option, this means you must pay for Medicare-covered costs (coinsurance, copayments, deductibles) up to the deductible amount of $2,240 in 2018 before your policy pays anything.

**For Plans K and L, after you meet your out-of-pocket yearly limit and your yearly Part B deductible ($183 in 2018), the Medigap plan pays 100% of covered services for the rest of the calendar year.

***Plan N pays 100% of the Part B coinsurance, except for a copayment of up to $20 for some office visits and up to a $50 copayment for emergency room visits that don’t result in an inpatient admission.

Lesson 3—Buying a Medigap Policy

- Medigap costs
- The best time to buy a Medigap policy
- Switching Medigap policies
- Steps to buy a Medigap policy
Medigap Costs

Cost (Monthly Premium) Varies Due To:

- Are you in your Medigap OEP?
- Where do you live (ZIP, Rural, Urban, etc.)?
- Which company is providing the policy/plan?
- Is medical underwriting used?
- Is it a Medicare SELECT policy?
- Your age, in some states, age-rated or under 65

| No-age-rated (community-rated) | ▪ Everyone pays same regardless of age if 65 or older- *All Washington state plans by state law*  
▪ Generally least expensive over lifetime |
| Issue-age-rated                | ▪ Based on age when purchased  
▪ Doesn’t go up automatically as you get older                                  |
| Attained-age-rated             | ▪ Premium based on current age  
▪ Costs less when you’re 65  
▪ Cost goes up each year as you get older                                    |

Premiums may go up due to inflation and other factors. Not all states allow all 3 types of ratings.
The Best Time to Buy a Medigap Policy

- Your one 6-month Open Enrollment Period (OEP) begins when you’re 65 or older and enrolled in Part B (some states have more generous rules)
- May buy a Medigap policy any time an insurance company will sell you one

March 2018

Medicare Supplement Insurance (Medigap) Policies
Delayed Medigap Open Enrollment Period (OEP)

- If you delay enrolling in Medicare Part B
  - Because you or your spouse is currently actively working, and
  - You have group health coverage
- Medigap OEP is delayed
  - Until you’re 65 and enrolled in Part B
  - No late enrollment penalty
- Notify Social Security to delay Part B

  - Treated or diagnosed 6 months before coverage start date

- Pre-existing Condition Waiting Period
  - Insurance companies can refuse to cover out-of-pocket costs for excluded condition for up to 6 months ("look-back period") (By state law in Washington – limited to 90 days/3 months)
    - Without 6 months of prior creditable coverage and no break in coverage more than 63 days (By state law in Washington, 6 months is reduced to 90 days/3 months)

- People with a disability or ESRD may not be able to buy a policy until they turn 65
- Companies may voluntarily sell Medigap policies
  - May cost more than policies sold to people over 65
  - Can use medical underwriting
- Get a Medigap OEP at 65
Steps to Buy a Medigap Policy

STEP 1: Decide which benefits you want, then decide which of the standardized Medigap policies meet your needs.

STEP 2: Find out which insurance companies sell Medigap policies in your state.

STEP 3: Call the insurance companies that sell the Medigap policies you’re interested in and compare costs.

STEP 4: Apply for and buy the Medigap policy.
Why Switch Medigap Policies?

- You might switch policies if you
  - Are paying for benefits you don’t need
  - Need more benefits now
  - Want to change your insurance company
  - Find a cheaper policy

- If not in your Medigap OEP
  - You may pay more for the new policy
  - There might be medical underwriting
  - You could have a delay in coverage for a pre-existing condition
When Can You Switch Medigap Policies?

- A right under federal law to switch only
  - During your Medigap OEP
  - If you have a guaranteed issue right
- If your state has more generous requirements

- When you buy a new Medigap policy
  - You’ll have a 30-day “free-look period”
    - You’ll need to pay both Medigap policy premiums
Coverage for a pre-existing condition can only be excluded in a Medigap policy if the condition was treated or diagnosed within 6 months before the date the coverage starts under the Medigap policy.

a. True

b. False
If you’re 65 or older, your Medigap _____ begins when you enroll in Part B and it can’t be changed or repeated.

a. Initial Enrollment Period (IEP)

b. General Enrollment Period (GEP)

c. Open Enrollment Period (OEP)
Lesson 4—Medigap Rights and Protections

- Medigap guaranteed issue rights
- Guaranteed renewable plans
- Right to suspend a Medigap policy
Medigap Guaranteed Issue Rights

- Federal protections in certain situations
  - Companies must sell you a Medigap policy
  - All pre-existing conditions must be covered
  - Can’t be charged more
  - Must apply within 63 days of date other coverage ends

- See Appendix for all situations

- See the OIC job aid: Switching Medicare Supplement (Medigap) plans
Examples of Guaranteed Issue Rights

John is in an **MA Plan**. He’ll have a Medigap guaranteed issue right if...

- He joined when first eligible for Part A at 65, and in the first year wants to change to Original Medicare (Trial Right)
- His plan stops giving care in his area
- His plan leaves Medicare
- He moves out of the plan’s service area
Examples of Guaranteed Issue Rights (continued)

Mary has **Original Medicare**. She’ll have a Medigap guaranteed issue right if...

- Her employer group health plan or union coverage that pays after Medicare pays is ending

- She has a Medicare SELECT policy and moves out of her Medicare SELECT policy’s service area

March 2018  Medicare Supplement Insurance (Medigap) Policies  35
Guaranteed Renewable Policies

- Medigap policies purchased after 1992 are guaranteed renewable
- Your insurance company can’t drop you unless one of the following happens:
  - You stop paying your premium
  - You weren’t truthful on the Medigap policy application
  - The insurance company goes bankrupt or insolvent
Right to Suspend Medigap for People With Medicaid

- If you have both Medicare and Medicaid
  - You generally can’t buy a Medigap policy
- You can suspend your Medigap policy
  - Within 90 days of getting Medicaid
    - For up to 2 years
- You can start it up again
  - No new medical underwriting or waiting periods
Right to Suspend Medigap

- If you suspend your Medigap policy
  - You don't pay Medigap premiums
  - The Medigap policy won’t pay benefits
- You may not want to suspend your policy
  - To see doctors who don’t accept Medicaid
- Call your state Medicaid office or State Health Insurance Assistance Program (SHIP) for help
Right to Suspend Medigap for People Under 65

- Can suspend Medigap policy if under 65
  - While enrolled in your or your spouse’s employer group health plan
- Get your Medigap policy back at any time
  - Must notify insurer within 90 days of losing employer plan
  - No waiting period
Check-Your-Knowledge—Question 7

Medigap policies issued after ____ are guaranteed renewable.

a. 2002  
b. 1982  
c. 1992
Review Scenario 1

- Ted is 64 and has had Medicare for 4 years due to a disability.
- He lives in a state that requires insurance companies to offer a Medigap policy to people with Medicare who are under 65. He currently has a Medigap policy.
- What might change when Ted turns 65 next year?
**Review Scenario 1 Considerations**

- Ted will get a Medigap OEP when he turns 65
  - He’ll probably have a wider choice of Medigap policies and get a lower Medigap premium
- If he signs up during his Medigap OEP, insurance companies can’t
  - Refuse to sell him any Medigap policy due to his disability, or
  - Charge him a higher premium than they charge other people of the same age
- He may avoid the pre-existing condition waiting period since he had coverage for more than 6 months before he turned 65
Review Scenario 2

- Sophie is 67 and healthy. She retired last month and ended her employer-sponsored health coverage. She enrolled in Original Medicare (Part A and Part B). She’s interested in buying a Medigap policy to help her with her out-of-pocket costs.

- What does Sophie need to consider?
Review Scenario 2 Considerations

- Sophie should consider when she’ll buy a Medigap policy
  - The best time is during her Open Enrollment Period (OEP), which lasts 6 months
    - Begins with her Medicare Part B effective date

- She’ll have guaranteed issue rights if she enrolls during her Medigap OEP. If she has guaranteed issue rights:
  - Insurance companies must sell her a Medigap policy
  - All pre-existing conditions must be covered
  - Insurance companies can’t charge her more

- If she doesn’t enroll during her Medigap OEP, companies may use medical underwriting or refuse to sell her a policy
Key Points

- You must have both Medicare Part A and Part B to get a Medigap policy
- You still pay the Medicare Part B premium
- You pay a monthly premium for Medigap
- Medigap policies cover one person
- Benefits are standardized in most states
- Costs vary by plan and by company
- In general, Medigap policies can only cover costs associated with services covered by Original Medicare
- Medigap policies don’t work with MA Plans
