Overview of the Transfer Process

Summary

Network Access and the Office of the Insurance Commissioner (OIC) Information Technology team revised and automated the process of transferring Provider Network Form A files to the OIC effective March 2017. This was necessary to ensure data reliability and security.

The transfer method uses the Secure File Transfer Protocol (SFTP), and the Secure File Transfer Server (SFTS) that is administered through Washington Technology Solutions (WaTech). This document details the transfer and file specifications.

Setting Up a Secure File Server Account

The technology used by WaTech is the Axway Secure Transport Server. This is the state standard for secure file transfer. Secure file transfer supports a number of clients and security profiles including SFTP, and HTTPS. The OIC will work with WaTech to set up the health carrier accounts. Account and authentication information will be sent separately.

The server supports many SFTP clients including Axway's client, which can be controlled through its command line interface and file transfers can be executed from a batch file. Axway clients are available for Windows and UNIX operating systems. We use Eldos' SecureBlackbox (<https://www.eldos.com/sbb/desc-sftp.php>) but any good SFTP client should work.

For more information see WaTech's website on secure file transfer services:

<http://watech.wa.gov/solutions/it-services/secure-file-transfer>

Folder Organization

Initially your SFTS account gives you access to a single folder: **ToOIC**. Health carriers will SFTP files directly to this location. Files will only remain in this folder for a short time before they are moved into another location for processing. Instructions on specifying the folder will be included with your account and authentication information.

Loading Secure File Transfer Data

Health carriers can send data using SFTP, or manually using the web interface, at <https://sft.wa.gov>. If manually using the web interface, do not use Internet Explorer as your browser. Our load process is run as a regularly scheduled job. Data files are validated, bulk-copied to work tables, and then loaded into the Network Access database. Validation assures the files correctness and each successful load is recorded.

If a file was previously loaded for the current month and year, the data is replaced by the newly loaded file – existing data is removed and the new data is inserted.

Data Load Exception Procedure

Where possible, errors detected by the load and validation are written to a log.

If errors exist, the file is bypassed and not loaded, an email detailing the problem is sent to the health carrier, and the load process continues to process the next file.

If the file is successful, an email confirmation is also sent to the health carrier.

Network Access Contact – Health carrier Designee

Each health carrier is required to designate a Network Form A Submission contact. The Network Form A Submission contact is issued user credentials to access the SFT site to upload the monthly Provider Network Form A. To register or change your organization's Network Form A Submission contact, please send an email to: OICNetworkAccess@oic.wa.gov. Your email must include the following information:

- a. Carrier Name
- b. WAOIC#
- c. Contact name
- d. Organization street address
- e. City
- f. State
- g. Zip code
- h. Phone #
- i. Email
- j. Alternate Phone # (optional)
- k. Fax # (optional)

If you receive a notification to reset your password, please do so as soon as possible. If your password expires or you forget it, email OICNetworkAccess@oic.wa.gov and include the carrier name and WAOIC# with your request. It can take several business days to receive a new password.

Adding, deleting, or changing a network name

Health carriers are required to register each network name it uses [record type 3.2] to provide access to the covered services in a health plan with the OIC. The network name must match the network name stated in the product filing and in the individual and small group market must match the nomenclature reported on the SERFF Binder Network Template. For more information about how to report networks, see [How to report networks in Form A](#).

To add, delete, change or verify networks send an email to: OICNetworkAccess@oic.wa.gov. Your email must include the following information:

- Network:
 - SERFF Tracker ID(s) for the provider/leasing agreements:
- Carrier Name:
- WAOIC:
- Provider Network Type (single or tiered):
- Market Network Type (Exchange, Outside, or Both):
- Network Line of Business (Medical, Medical and Vision, Dental, or Vision):
- Start Date:
- Sub-networks (if any):
 - SERFF Tracker ID(s) for the provider/leasing agreements:

File Name Specification

The file name was picked to uniquely identify a file even when multiple files from various health carriers are stored in the same directory.

The file name must have the following format: 'WANA' + WAOIC + '-' + YYYYMM.TXT

Where	WANA	Stands for <u>W</u> ashington <u>N</u> etwork <u>A</u> ccess
	WAOIC	Washington OIC number assigned to the Health carrier.
	"-"	A hyphen, required to indicate the end of the WAOIC number.
	YYYY	Four digit Reporting year of file data.
	MM	Two digit Reporting month of file data. (Leading digits are required)

Example: WANA2342-201512.TXT

If the name does not match the correct file naming structure, our system will not process it and it will be automatically deleted after 14 days.

Validation Email

The *Network Access* contact and *Network Form A Submission* contact will receive a success or failure email after the file is processed.

We process files at 3:40 pm Monday – Saturday and files are picked up 10 minutes before they're processed. For example, if you upload your Form A at 3:35 pm on Monday, it will be processed on Tuesday.

File Rejection Criteria

When loaded, the files are validated against the criteria listed below. Most fields are required. Some fields are conditional and will only be required when applicable. As an example, if a contract has been terminated, then the *ContractTerminationDate* is required, but should not be included otherwise. Some data will require the word "None" where not providing data leads to ambiguity.

The file will be rejected if the information contained within them are not correct. The system will send an email both on validation success and failure. If the file fails the validation process, the email will include the first 20 errors that occurred.

The file will be rejected in the following situations:

1. An invalid filename.
 - a. If the name does not match the correct file naming structure, our system will not process it and it will be automatically deleted after 14 days. You will *not* receive a failure email.
2. An invalid network. An invalid network is a network name not found in OIC's database.

3. An invalid National Provider Identifier (NPI). An invalid individual NPI (*INPI*) number or organization NPI (*ONPI*) number is encountered. This data will be checked against the monthly NPPES NPI download.
4. A date is in an invalid format. Example: Not in MM-DD-YYYY format.
5. A value is outside of a required list. Examples include *ProviderTier*, *PCPSpecialistBoth*, *County*, *State*, *LanguagesSpoken*, *InstitutionalAffiliations*.
6. A pattern is not followed. Examples: *PrimaryLicenseNumbers* for WA must be WA + 8 chars, *Zip Codes* 99999, *Latitude* 99.9999 and *Longitude* -999.9999.
7. Values that are required do not have a value. If none apply, make sure to include the word "None" where appropriate. See *InstitutionalAffiliations*, *AccessibilityRestrictions*, and *PracticeLimitations*; *LanguagesSpoken* must have at least one language.

If you have a question about the error email you received, send an email to:

OICNetworkAccess@oic.wa.gov.

File Organization

The file is organized by its record (row) type and may contain multiple record types. The record types indicate the type of data to be found within the line preceded by the record type and ending with a \r\n (CRLF) line ending. Every valid line must be preceded with a record type indicating the purpose for the data within the line. The file may have no blank rows and ends with an end-of-line (\r\n) (CRLF) and a valid end of file marker. The first two record types list all practitioners and all organizations the health carrier has within all of its networks. The following three record types are repeated for each network the health carrier operates.

Note: The file must include all active networks that the health carrier has on file with OIC. Do not include deactivated networks.

The file is organized as follows:

Record Structure within a File

	Record Type	Row Type	Description
List for all networks.	1	Individual Practitioner Data Records	One or more rows containing the record type and a tab followed by 9 fields related to the Individual Practitioner with each field separated by a tab. Each row must be uniquely determined by the NPI number. Duplicate or invalid INPI numbers will cause the file to be rejected.
	2	Organization Data Records	One or more rows containing the record type and a tab followed by 12 fields related to the organization with each field separated by a tab. Each row must be uniquely determined by the NPI number. Duplicate or invalid ONPI numbers will cause the file to be rejected.
Repeat for each network	3	Network Data Record	A single row containing the record type and a tab followed by 3 fields related to the reported network delimited by tabs.
	4	Individual Practitioner Contract Data Records	One or more rows containing the record type and a tab followed by 20 fields related to the contract with the Individual Practitioner separated by tabs. Each row must be uniquely determined by the INPI and ONPI combination for the given network.
	5	Organization Contract Data Records	One or more rows containing the record type and a tab followed by 11 fields related to the contract with the organization separated by tabs. Each row is uniquely determined by the ONPI for the given network.

The highlighted section is repeated for each Network

Termination date does not apply. Two tabs next to each other.

Field Descriptions by Record Type

Individual Practitioner Data Records

Record Type	Ordinal Field Number	Field Name	Type	Max Length	Description	Validation
1	1	INPI	Number	10 digits	Enter the Individual's National Provider Identifier (NPI) as registered with NPPES.	Required <ul style="list-style-type: none"> • Must be a valid NPI • NPI must be an Individual • NPI is Active • NPI cannot be duplicated in Record Type 1
1	2	LastName	Text	35	Enter the individual's full legal last name.	Required Do not include suffix.
1	3	FirstName	Text	25	Enter the individual's full legal first name.	Required
1	4	MiddleName	Text	25	Enter the individual's middle name. Leave field empty if the individual does not have a middle name.	
1	5	PrimaryLicenseNumber	Text	20	Enter the professional license number in the format issued by the State of Washington, Oregon, or Idaho.	Required Washington License: <ul style="list-style-type: none"> • Valid 2 char prefix where PrimaryLicenseNumberIssuingState is Washington followed by 8 digits • 2 char prefix is value in list. • Maximum 10 characters. Non-Washington License: <ul style="list-style-type: none"> • Maximum 20 characters. Validation Source: License Number Prefix .
1	6	PrimaryLicenseNumberIssuingState	Text	2	Enter the state issuing the professional license. Use only the two character abbreviations: WA, OR, or ID.	Required <ul style="list-style-type: none"> • Value in (WA, OR, ID). Validation Source: States
1	7	Professional Designations	Text	200	Enter the individual's professional title as listed on their licenses (e.g. MD, DO, ARNP, PA, LM, CNM etc.)	Required <ul style="list-style-type: none"> • One or more sets of alpha characters only (A-Z, a-z) separated by commas. • No numbers or special characters • Each designation must be 10 characters or less.

1	8	LanguagesSpoken	Text	200	Enter language(s) the individual speaks using the abbreviations listed on the attached table. Include English if applicable.	<p>Required</p> <ul style="list-style-type: none"> Multiple comma separated acronyms. Must be as specified in the supplied list. Must have at least one entry, like EN for English. <p>Validation Source: Languages</p>
1	9	AccessibilityRestrictions	Text	1000	Enter information about the individual that restricts an enrollee's access to medically necessary services. For example, the individual does not perform all women's health care services [ACA 1557]. If there are no accessibility restrictions, enter "None".	<p>Required</p> <p>Free text – no tabs allowed. Enter “None” if none apply.</p>

Organization Data Records

Record Type	Ordinal Field Number	Field Name	Type	Max Length	Description	Validation
2	1	ONPI	Number	10 digits	Enter the organization's National Provider Identifier (NPI) as registered with NPPES. Enter the individual's National Provider Identifier (NPI) if registered with NPPES as a sole proprietor.	Required <ul style="list-style-type: none"> • Must be a valid NPI • NPI must be an Organization or NPI is an Individual and is identified as a Sole Proprietor. • NPI is Active • NPI cannot be duplicated in Record Type 2
2	2	OrganizationName	Text	300	Enter the organization name as listed on the NPI Registry.	Required
2	3	StreetAddress	Text	200	Enter the "Provider First Line Business Practice Location Address" of the organization. DO NOT enter Post Office Box numbers or separate billing addresses	Required
2	4	StreetAddress2	Text	200	Enter the "Provider Second Line Business Practice Location Address" of the organization. DO NOT enter Post Office Box numbers or separate billing addresses	
2	5	City	Text	50	Enter the "Provider Business Practice Location Address City Name". No abbreviations are accepted.	Required
2	6	State	Text	2	Enter the "Provider Business Practice Location Address State Name". Use only the abbreviations	Required <ul style="list-style-type: none"> • Valid state abbreviation. Validation Source: States
2	7	Zip	Number	5	Enter the "Provider Business Practice Location Address Postal Code". This includes the five digit zip code.	Required <ul style="list-style-type: none"> • 99999
2	8	County	Text	40	Enter the full name of the County in which the organization is physically located.	Required if State in (WA, OR, ID) <ul style="list-style-type: none"> • Valid county name if State in (WA, OR, ID) Validation Source: County

2	9	Latitude	Number	(9,6)	<p>Enter the angular distance north to south. Latitude is presumed a positive sign for north of the equator. Data must be reported at a minimum to the fourth decimal degree. For example "XX.XXXX" (Harborview Medical Center "47.6040")</p> <p>Latitude range for the 48 contiguous states is: +48.9873 is the northern most latitude +18.0056 is the southern most latitude</p>	<p>Required</p> <ul style="list-style-type: none"> • Must be a number • Minimum accuracy of four decimals • Latitude is greater than 18 and less than 49.1000.
2	10	Longitude	Number	(9,6)	<p>Enter the angular distance east or west. Longitude is preceded by a minus sign if it is west of the prime meridian. Data must be reported at a minimum to the fourth decimal degree. For example: "-XXX.XXXX" (Harborview Medical Center "-122.3239")</p> <p>Longitude range for the 48 contiguous states is: -124.6260 is the western most longitude -62.3610 is an eastern most longitude</p>	<p>Required</p> <ul style="list-style-type: none"> • Must be a number • Minimum accuracy of four decimals. • Longitude is greater than -125 and less than -62
2	11	DaytimePhoneNumber	Text	10	Enter the "Provider Business Practice Location Address Telephone Number" for the organizations physical location.	<p>Required</p> <ul style="list-style-type: none"> • 9999999999
2	12	AccessibilityRestrictions	Text	1000	Enter information about the organization that restricts an enrollee's access to medically necessary services. For example, the organization is not wheelchair accessible [ACA 1557]. If there are no accessibility restrictions enter "None".	Free text – no tabs allowed. Enter "None" if none apply.

Network Data Record

Record Type	Ordinal Field Number	Field Name	Type	Max Length	Description	Validation
3	1	NetworkNumber	Number	10	Enter a unique sequential number that will be used to link the network to the associated Individual and Organization contracts in record types 4 and 5. E.g. If this is the first network in sequential order enter 1, the next network enter 2 and continue increasing the number for remaining networks.	Required
3	2	NetworkName	Text	200	Enter the specific name used by the health carrier to identify the network.	Required Validated against agency records.
3	3	WAOIC	Number	10	Enter the WAOIC # assigned to the health carrier.	Required Validated against agency records.

Individual Practitioner Contract Data Records

Note: INPI and ONPI combination can only exist once per network.

Record Type	Ordinal Field Number	Field Name	Type	Max Length	Description	Validation
4	1	NetworkNumber	Number	10	Enter the Network Number from the corresponding record type 3.	Required <ul style="list-style-type: none"> Must match the NetworkNumber in record type 3.
4	2	INPI	Number	10	Enter the Individual's National Provider Identifier (NPI).	Required <ul style="list-style-type: none"> Must match a value supplied in record type 1.
4	3	ONPI	Number	10	Enter the organization's National Provider Identifier (NPI) or the individual's (NPI) that is identified as a Sole Proprietor.	Required <ul style="list-style-type: none"> Must match a value supplied in Record Type 2.
4	4	IndividualProviderContractNumber	Text	200	Enter the approved provider contract number listed in the lower left hand corner of the contract and issued to the individual.	Required
4	5	ContractStartDate	Date	10	Enter the individual provider contract start date.	Required <ul style="list-style-type: none"> MM-DD-YYYY
4	6	ContractEndDate	Date	10	Enter the individual provider contract end date.	Required <ul style="list-style-type: none"> MM-DD-YYYY
4	7	IndividualTerminatedFromNetworkDate	Date	10	Enter the date the individual is terminated from the network for "with or without cause" justification. Report this date the month prior to the termination date. E.g. Party has 180 day notice requirement. If notified 1/1 of termination effective 7/1, report termination date (07-01-2017) in June report.	Required if applies <ul style="list-style-type: none"> MM-DD-YYYY, else do not include an entry.
4	8	Capacity	Number	Integer	Enter either the maximum number of enrollee lives the individual will be assigned or the individuals imposed practice limitation number for accepting new patients.	Required <ul style="list-style-type: none"> Valid integer

4	9	ProviderTier	Number	1	Enter "1" if this individual is classified as a tier 1 provider in this tiered network. Enter "2" if this individual is not classified as a tier 1 provider in this tiered network. Do not enter a value if network is not tiered.	Required if the provider network is tiered, else do not include an entry. <ul style="list-style-type: none"> Values in (1, 2, no entry). Tier 1=1, Tier 2=2, else do not include an entry. Validation Source: Network Tiers
4	10	PCPSpecialistBoth	Char	1	Enter P = Primary Care Provider, S = Specialist, or B = Both	Required <ul style="list-style-type: none"> Single value in (P, S, B) Validation Source: Practitioner Types
4	11	Taxonomy	Text	200	Enter the valid taxonomy code(s) from the "Health Care Provider Taxonomy Codes Set" issued by the National Uniform Claim Committee.	Required <ul style="list-style-type: none"> Valid list of Taxonomy values separated by commas.
4	12	Telemedicine	Boolean	1	Enter 1 if this individual is available through a telemedicine service. Otherwise, enter 0.	Required <ul style="list-style-type: none"> Values in (1, 0) 1=true, 0 = false
4	13	ProvidesObstetricsCare	Boolean	1	Enter 1 if the individual offers obstetric services, including birthing. Enter 0 if they do not offer these services.	Required <ul style="list-style-type: none"> Values in (1, 0) 1=true, 0 = false
4	14	ProvidesPediatricCare	Boolean	1	Enter 1 if the individual offers pediatric services. Enter 0 if they do not offer these services.	Required <ul style="list-style-type: none"> Values in (1, 0) 1=true, 0 = false
4	15	ProvidesBehavioralHealthServices	Boolean	1	Enter 1 if the individual offers behavioral health services. Enter 0 if they do not offer these services.	Required <ul style="list-style-type: none"> Values in (1, 0) 1=true, 0 = false
4	16	ProvidesWomenHealthCareServices	Boolean	1	Enter 1 if the individual offers women healthcare services. Enter 0 if they do not offer these services.	Required <ul style="list-style-type: none"> Values in (1, 0) 1=true, 0 = false
4	17	EssentialCommunityProvider	Boolean	1	If network is in the Exchange, enter 1 if the individual is an ECP per WAC 284-170-300, enter 0 if they are not an ECP. Do not enter a value if the network is not in the Exchange.	Required on and after reporting period starting January 1, 2018 if the network is in the Exchange, else do not include an entry. <ul style="list-style-type: none"> Values in (1, 0, no value). Yes =1, No =0.
4	18	IndianHealthCareProvider	Boolean	1	If ECP= Yes, enter 1 if the individual is an IHCP per WAC 284-43-0160(16), otherwise	Required on and after reporting period starting January 1, 2018 if Essential Community Provider is Yes, else do not include an entry.

					enter 0. Do not enter a value if ECP=No or no value.	<ul style="list-style-type: none"> Values in (1, 0, no value). Yes =1, No =0.
4	19	InstitutionalAffiliations	Text	400	Enter the ONPI for any in-network affiliations the individual has admitting privileges with or medical group with which the individual is a member separated by a comma. If the individual has no affiliations enter "None".	<p>Required</p> <ul style="list-style-type: none"> Valid NPI numbers from Record Type 2 separated by commas, or 'None' if it doesn't apply.
4	20	PracticeLimitations	Text	None	Enter the practice limitations the individual places on his/her services (e.g. age 0-19, treats only adults, open 2 days a week). If no limits, state "None".	<p>Required</p> <p>Free text – no tabs allowed. Enter “None” if none apply.</p>

Organization Contract Data Records

Record Type	Ordinal Field Number	Field Name	Type	Max Length	Description	Validation
5	1	NetworkNumber	Number	10	Enter the Network Number from the corresponding record type 3.	<p>Required</p> <ul style="list-style-type: none"> Must match the NetworkNumber in record type 3.
5	2	ONPI	Number	10	Enter the organization's National Provider Identifier (NPI) or the individual's (NPI) that is identified as a Sole Proprietor.	<p>Required</p> <ul style="list-style-type: none"> Must match a value supplied in Record Type 2.
5	3	ProviderContract Number	Text	200	Enter the approved provider agreement number listed in the lower left hand corner of the contract and issued to the organization.	<p>Required</p>
5	4	ContractStartDate	Date	10	Enter the organization's provider contract start date.	<p>Required</p> <ul style="list-style-type: none"> MM-DD-YYYY
5	5	ContractEndDate	Date	10	Enter the organization's provider contract end date.	<p>Required</p> <ul style="list-style-type: none"> MM-DD-YYYY

5	6	OrganizationTerminatedFromNetworkDate	Date	10	Enter the date the organization is terminated from the network for "with or without cause" justification. Report this date the month prior to the termination date. E.g. Party has 180 day notice requirement. If notified 1/1 of termination effective 7/1, report termination date (07-01-2017) in June report.	Required if applies, else do not include an entry. <ul style="list-style-type: none"> MM-DD-YYYY,
5	7	Capacity	Number	Integer	Enter either the maximum number of enrollee lives the organization will be assigned or the organizations bed supply per capita.	Required <ul style="list-style-type: none"> Valid integer
5	8	Taxonomy	Text	200	Enter the valid taxonomy code(s) from the "Health Care Provider Taxonomy Codes Set" issued by the National Uniform Claim Committee.	Required <ul style="list-style-type: none"> Valid list of Taxonomy values separated by commas.
5	9	ProviderTier	Number	1	Enter "1" if this organization is classified as a tier 1 provider in this tiered network. Enter "2" if this organization is not classified as a tier 1 provider in this tiered network. Do not enter a value if network is not tiered.	Required if the provider network is tiered, else do not include an entry. <ul style="list-style-type: none"> Values in (1, 2, no entry). Tier 1=1, Tier 2=2. Validation Source: Network Tiers
5	10	EssentialCommunityProvider	Boolean	1	Enter 1 if the organization is an ECP per WAC 284-170-300, otherwise enter 0. Do not enter a value if the network is not in the Exchange. Network Tiers

Field: ProviderTier

Provider Tier Code	Provider Tier Description
1	Tier 1 Provider
2	Tier 2 Provider
No data (null)	Part of a Single Network

How to report networks in Form A

- The Form A is intended to give us information about your network as it is marketed.
- Your network(s) must have an approved or deemed provider contract filed with us and it must be added to your OIC carrier profile before you can report it in your Form A.
- A network name can only be used by one issuer.
- The network name is also what must be listed in your product filing(s) and the individual/small group network templates (if applicable). It is the same network name that the enrollee will use to find in-network providers in your provider directory.
- You cannot use the same network name for different network structures. For example, if *ABC Network* uses a tiered pharmacy structure in one product filing but not in another, those would be two different networks and must be filed as such. Another example is if *XYZ Network* includes *Sub-network A* in one product but not in another, those would also be two different networks.

Examples:

Ready to add a network to your carrier profile? Please see: [Adding, deleting, or changing a network name.](#)
